College Catalog Usage Rules

Agricultural Sciences & Natural Resources

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted to the University of Nebraska-Lincoln or when they were first admitted to a Joint Academic Transfer Program. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at the

University of Nebraska-Lincoln in the College of Agricultural Sciences and Natural Resources. Students must complete all degree requirements from a single catalog year. The catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Architecture

Students will be required to complete course work for their degree within a ten year period from the time they are admitted into the professional program in the second year.

Arts & Sciences

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted to and enrolled as a degree-seeking student at the University of Nebraska-Lincoln. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at the University of Nebraska-Lincoln in the College of Arts and Sciences. Students must complete all degree requirements from a single catalog year. Beginning in 1990-1991 the catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Business

Students (including transfer students) must follow the Undergraduate Catalog in effect when they **enroll** in the College of Business. Students who leave the college and return or those applying for 'readmission' to the College are subject to requirements in place at the time of their **re-enrollment** in the College.

Education & Human Sciences

Students are responsible for following the rules, policies and requirements found in the University of Nebraska-Lincoln Undergraduate Catalog for the academic year in which they were last admitted to a program in the College of Education and Human Sciences. Students must complete all program requirements from a single catalog year. In consultation with their advisor, a student may choose to move to and follow a subsequent catalog if it is in their best interest.

Engineering

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted at the University of Nebraska-Lincoln. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at the University of Nebraska-Lincoln in the College of Engineering. Students must complete all degree requirements from a single catalog year. The catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Fine & Performing Arts

Students who first enroll at Nebraska under the 2017-2018 Undergraduate Catalog must fulfill the requirements stated in this catalog or in any other catalog which is published while they are enrolled in the College provided the catalog they follow is no more than ten years old at the time of graduation. A student must, however, meet the requirements from one catalog only rather than choosing a portion from one catalog and the remainder from another.

Exception: Students pursuing any degree in the Glenn Korff School of Music who fail to take at least one course that will fulfill their degree

requirements during a 12-month period must apply for re-admission. They are then required to move to the new catalog and fulfill the requirements in effect at the time of readmission.

Journalism & Mass Communications

Students who left the university in good standing may be readmitted to the College of Journalism and Mass Communications and they may choose the catalog under which they wish to graduate according to the following guidelines:

1. Students must fulfill the requirements stated in the Undergraduate Catalog for the year they enter the College of Journalism and Mass Communications or in any subsequent catalog published while they are enrolled in the college.
2. A student must meet the requirements from one catalog only rather than choosing a portion from one catalog and the remainder from another.
3. No returning student may use a catalog that is 10 years old or older. In addition, any student seeking graduation credit for a College of Journalism and Mass Communications course taken more than 10 years prior to graduation must demonstrate mastery of the material currently included in that course at the proficiency level satisfactory to the relevant associate dean and one or more faculty members qualified to teach the course in question. Students unable to demonstrate satisfactory mastery of the course material will be required to repeat the original course or a corresponding contemporary course designated by the college's advisory committee, if the original course is no longer offered.

Public Affairs & Community Service

A student registering in the College of Public Affairs and Community Service (CPACS) for the first time may, except for limitations described below, complete work for the degree according to the requirements of

1. the catalog in effect the year the student enters CPACS, or
2. the catalog current at the time the student applies for the degree.

Students entering the College for the first time in the summer will be subject to the catalog for the academic year immediately following.

Students formerly in a CPACS program who drop out of the College for one year must complete requirements of the catalog current at the time of readmission.

Failure to complete the requirements for the degree within seven years after the date the student first enters the College will subject the student to graduation under the requirements of a later catalog to be approved by the Dean.

The College reserves the right to institute and make effective, after due notice, during the course of a student's work toward a degree, any new ruling which may be necessary for the general good of the College and to substitute courses currently offered for those no longer offered.
