AECN 801 Advanced Farm Management and Linear Programming
Crosslisted with: AECN 401
Prerequisites: AECN 201.
Description: The role of budgeting and linear programming in analyzing farm organization problems, theory of linear programming, linear program design, and analysis of linear programmed solutions to farm organization problems. Includes goal programming, multiple objective programming, risk programming, and financial modeling.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option

AECN 804 Agricultural Law
Description: Legal problems and issues of unique importance to lawyers serving the agricultural sector. Representative topics include economic and environmental regulation of agriculture; organizing the farm business; financing agricultural production; marketing agricultural products; and managing agricultural risk.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option

AECN 812 Organization and Performance of Agricultural Markets
Description: Economic theory of industrial organization and performance applied to agricultural input, raw product, and processed product markets. Buyer market power at first-handler level, spatial markets, vertical integration and contract coordination, and organizational forms unique to agriculture.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option
Prerequisite for: AECN 901B

AECN 814 Agricultural Price Analysis
Description: Economic relationships among the forces that determine the demand, supply and prices for agricultural commodities, products, and factors of production within and across markets. Theoretical foundations reviewed covering individual consumer demand, commodity and factor markets and price determination. Empirical methods applied in analyzing demand, supply and prices, and the factors affecting them. Multiple projects, including interpreting the results, to reinforce understanding of economic behavior.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option

AECN 815 Analytical Methods in Economics and Business
Crosslisted with: ECON 815
Prerequisites: MATH 104 or 106
Credit Hours: 1-4
Min credits per semester: 1
Max credits per semester: 4
Max credits per degree: 4
Grading Option: Grade Pass/No Pass Option

AECN 818 Behavioral and Experimental Economics
Prerequisites: AECN 873
Description: Provides exposure to the related fields of behavioral and experimental economics through lectures and lab-based instruction.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Grading Option: Grade Pass/No Pass Option
Offered: SPRING

AECN 821 Orientation to Research
Description: Introduction to approaches to agricultural economics research. Critical evaluation of agricultural economics literature. Identify an area of research interest and present a review of current literature in the area.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Grading Option: Grade Pass/No Pass Option

AECN 827A Static Optimization with Mathematical Programming
Description: Optimization methods in economics, organized into modules, each of which introduces the fundamental methods used in the analysis of a particular class of economic problems. Each module is taught within the framework of consumer, firm, or social welfare optimization problems.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Grading Option: Grade Pass/No Pass Option

AECN 832 Economics of Agricultural Production
Prerequisites: AECN 201, ECON 373, MATH 104
Description: Static economic analysis of multi-variant agriculture response functions. Resource and enterprise choice, cost functions, resource evaluation, and size and scale economies.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option

<td>AECN 840</td>
<td>Applied Welfare Economics and Public Policy</td>
<td>AECN/ECON 873</td>
<td>Principles of welfare economics applied to policy issues in agriculture and natural resources. Review of measures of household welfare, willingness to pay, and notions of Pareto optimality, aggregate welfare and market failure. Practical methods of comparative statics analysis of the effect of public policies on consumer and firm behavior, and on market equilibrium. Theory of externalities and welfare implications of market versus non-market allocation of public goods examined. Applications include evaluation of such policies as taxes, price supports, quotas, pollution controls, environmental damage liability, and intellectual property rights.</td>

AECN 893 Law and Economics
Description: Introduction to economic tools and their application to the law. Overview of the principles of microeconomics and their application to various areas of private law (e.g., torts, contracts, property) and public law (e.g., environmental, constitutional, and criminal law & procedure).
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option

AECN 896 Special Topics in Agricultural Economics
Prerequisites: 12 hrs agricultural economics or closely related areas and permission
Description: Focused agricultural economics topics through research, narrowly targeted literature review, or extension of course work.
Credit Hours: 1-6
Min credits per semester: 1
Max credits per semester: 6
Max credits per degree: 6
Grading Option: Grade Pass/No Pass Option

AECN 899 Masters Thesis
Prerequisites: Admission to masters degree program and permission of major adviser
Credit Hours: 1-10
Min credits per semester: 1
Max credits per semester: 10
Max credits per degree: 99
Grading Option: Pass No-Pass

AECN 901 Directed Study of Advanced Topics in Agricultural Economics
Description: Significant literature in selected fields of agricultural and resource economics to provide a broad background for conducting research in these fields.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option
Prerequisite for: AECN 902

AECN 901A Production Economics
Prerequisites: ECON 912A and 911A
Description: Significant literature in selected fields of agricultural and resource economics to provide a broad background for conducting research in these fields.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option
Prerequisite for: AECN 902; AECN 902A

AECN 901B Agricultural Industrial Organization
Prerequisites: AECN 812
Description: Significant literature in selected fields of agricultural and resource economics to provide a broad background for conducting research in these fields.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option
Prerequisite for: AECN 902; AECN 902B

AECN 901D International Agricultural Trade
Prerequisites: ECON 821
Description: Significant literature in selected fields of agricultural and resource economics to provide a broad background for conducting research in these fields.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option
Prerequisite for: AECN 902; AECN 902E

AECN 901E Agricultural Development
Prerequisites: ECON 912A and 911A
Description: Significant literature in selected fields of agricultural and resource economics to provide a broad background for conducting research in these fields.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option
Prerequisite for: AECN 902

AECN 901J Natural Resource Economics
Description: Significant literature in selected fields of agricultural and resource economics to provide a broad background for conducting research in these fields.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option
Prerequisite for: AECN 902; AECN 902J

AECN 902 Research in Agricultural Economics
Prerequisites: Appropriate section of AECN 901
Description: Investigation of a research issue in a field of agricultural economics. Identification of an issue, discovery and interpretation of relevant research, rigorous development of an additional contribution to the resolution of the issue.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 15
Grading Option: Grade Pass/No Pass Option

AECN 902A Production Economics
Prerequisites: AECN 901A
Description: Investigation of a research issue in a field of agricultural economics. Identification of an issue, discovery and interpretation of relevant research, rigorous development of an additional contribution to the resolution of the issue.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option

AECN 902B Agricultural Industrial Organization
Prerequisites: AECN 901B
Description: Investigation of a research issue in a field of agricultural economics. Identification of an issue, discovery and interpretation of relevant research, rigorous development of an additional contribution to the resolution of the issue.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Grade Pass/No Pass Option
AECN 902D International Agricultural Trade
**Prerequisites:** AECN 901C.
**Description:** Investigation of a research issue in a field of agricultural economics. Identification of an issue, discovery and interpretation of relevant research, rigorous development of an additional contribution to the resolution of the issue.
**Credit Hours:** 3
**Max credits per semester:** 3
**Max credits per degree:** 3
**Grading Option:** Grade Pass/No Pass Option

AECN 902E Agricultural Development
**Prerequisites:** AECN 901D.
**Description:** Investigation of a research issue in a field of agricultural economics. Identification of an issue, discovery and interpretation of relevant research, rigorous development of an additional contribution to the resolution of the issue.
**Credit Hours:** 3
**Max credits per semester:** 3
**Max credits per degree:** 3
**Grading Option:** Grade Pass/No Pass Option

AECN 902J Natural Resource Economics
**Prerequisites:** AECN 901J
**Description:** Investigation of a research issue in a field of agricultural economics. Identification of an issue, discovery and interpretation of relevant research, rigorous development of an additional contribution to the resolution of the issue.
**Credit Hours:** 3
**Max credits per semester:** 3
**Max credits per degree:** 3
**Offered:** SPRING

AECN 921 Seminar in International Trade and Finance
**Crosslisted with:** ECON 921
**Credit Hours:** 3
**Max credits per semester:** 3
**Max credits per degree:** 3
**Grading Option:** Grade Pass/No Pass Option

AECN 999 Doctoral Dissertation
**Prerequisites:** Admission to doctoral degree program and permission of supervisory committee chair
**Credit Hours:** 1-24
**Min credits per semester:** 1
**Max credits per semester:** 24
**Max credits per degree:** 99
**Grading Option:** Pass No-Pass
