DOCTORAL DEGREES

Graduate Studies

Doctoral Overview

Doctoral Programs Offered

UNL Graduate Studies oversees four doctoral degrees:

- Doctor of Philosophy (PhD)
- Doctor of Education (EdD)
- Doctor of Musical Arts (DMA)
- Doctor of Audiology (AuD) — As of October 1, 2016, the AuD is administered by Graduate Studies. Revisions to this catalog to include the AuD are not yet complete.

See Programs Offered (http://www.unl.edu/gradstudies/prospective/programs/colleges) for a current list of degrees and majors, Enrollment Options (https://catalog.unl.edu/graduate-professional/graduate/degrees/enrollment-options) for related policy, and the Graduate School Glossary (http://www.unl.edu/gradstudies/glossary/#degrees) for a better understanding of the different degrees.

UNL also offers additional professional doctoral programs — e.g., JD, DPH, DVM — which are not overseen by Graduate Studies or covered by Graduate Studies policy.

Core Doctoral Requirements

To qualify for a doctoral degree, it is the student’s responsibility to meet the following requirements as part of the Doctoral Degree Milestones (http://www.unl.edu/gradstudies/current/degrees/doctoral):

1. Establish a Supervisory Committee (p. 1) prior to completion of one half of the doctoral coursework.
2. Complete a Program of Studies (p. 2), approved by the Supervisory Committee and filed in Graduate Studies prior to completion of one half of the doctoral coursework.
3. Achieve academic residency (p. 2).
4. Pass a comprehensive examination (p. 2) — in the major and minor fields of study.
5. Achieve candidacy (p. 3) and satisfy requirements for registration during candidacy.
6. Prepare a dissertation (for PhD or EdD) or doctoral document (for AuD or DMA), pass a final examination (p. 3) (defense), and submit the approved final version to the University.
7. Complete all work for the doctoral degree within eight years of filing the Program of Studies in Graduate Studies.

Research Responsibility

All research involving human or animal subjects must receive approval from the Institutional Review Board (IRB) and/or the Institutional Animal Care and Use Committee (IACUC). The IRB New Protocol Submission form is completed online via NUgrant (http://nugrant.unl.edu); the Application to Use Animals is available from the Office of Research Responsibility (http://research.unl.edu/researchresponsibility/forms).

Approval must be secured prior to the initiation of the research; the IRB and IACUC will not review projects already in progress. Evidence of IRB/IACUC approval must be submitted at the time the final dissertation is filed.

Supervisory Committee

The Supervisory Committee shall approve the student’s Program of Studies; monitor the student’s academic progress; approve the dissertation subject; prepare, give and evaluate the comprehensive examination; approve the final dissertation; and prepare, give and evaluate the final examination. (SOURCE: Graduate College Policy Handbook, 2018)

A Supervisory Committee is established before a doctoral student has accumulated 45 credit hours, including any transfer hours, but excluding research or language tools. Prior to the approval of the student’s Program of Studies, the Supervisory Committee is appointed by the Dean for Graduate Studies based on a recommendation of the departmental or interdepartmental Graduate Committee in the student’s major.

The Supervisory Committee consists of at least four members of the Graduate Faculty (https://catalog.unl.edu/graduate-professional/graduate/faculty) or non-Graduate Faculty approved to perform specified Graduate Faculty duties. At least one Graduate Faculty member external to the academic department or program, but within the University of Nebraska Graduate College, must be included on the committee to serve as the Outside Representative. If the student is pursuing a minor, the committee member from the minor department may serve as the Outside Representative.

Graduate Faculty with emeritus status may co-chair the supervisory committees of doctoral students with a resident Graduate Faculty member.

Member Roles

- **Chair or Co-chair:** The Chair or Co-chair of a doctoral student’s committee serves as the advisor and mentor of the student. The Chair or Co-chair may not serve as the Outside Representative or as a designated Reader.
- **Reader:** Two members of the committee are designated as Readers. They and the Chair read the draft(s) of the dissertation to determine whether the student is ready to defend. Special Members and Outside Representatives may serve as Readers.
- **Outside Representative:** The role of the Outside Representative is to broaden the scholarly representation of the student’s committee and to provide an impartial perspective. If the student is seeking a minor, the faculty member representing the student’s minor may serve as the Outside Representative.
- **Special Member:** A faculty member from another institution external to the University of Nebraska system may serve as an “extra” committee member. Only one Special Member may serve on a supervisory committee. Special Members have voting rights on the committee. A Special Member may serve as a Reader, but may not serve as the Outside Representative.

Changes to the Committee

Changes may be made to a Supervisory Committee any time prior to the submission of the Application for Final Oral Exam using a change request form as described in the Doctoral Milestones (http://www.unl.edu/gradstudies/current/degrees/doctoral).

If the Supervisory Committee Chair leaves the employ of the University, or retires or is otherwise unable to serve on the Committee, Graduate Studies must be notified immediately and a change in the Committee made as follows:
All required language or research tools requirements for the student’s program should be listed on the Program of Studies by the Supervisory Committee and be satisfied prior to filing the Application for Admission to Candidacy, which is due at least seven months before the scheduled final oral examination.

**Academic Residency**

Academic residency requires the doctoral student to enroll in a specified number of hours related to the degree within a specific timeframe. This ensures that each doctoral program is reasonably compact, continuous, and cohesive, and that a substantial portion is done under close supervision by the University. No additional hours over and above those for the required program of studies will be needed to fulfill academic residency.

For a student beginning a doctoral program:

- With a bachelor’s degree: The requirement is 27 hours of graduate work within a consecutive 18-month period, and 15 of these 27 hours must be taken after receiving a master’s along the way or completing 30 hours.
- With a master’s degree: The requirement is 27 hours of graduate work within a consecutive 18-month period.
- As University staff or a person employed full-time in their major field: The requirement is 24 credit hours of graduate work within a consecutive two-year period, and 12 of these 24 hours must be taken after receiving a master’s along the way or completing 30 hours. For registration restrictions, refer to University Staff Exemption (http://nebraska.edu/faculty-and-staff/benefits/employee-and-dependent-scholarships.html).

The academic residency requirement must be met prior to the scheduling of the final oral exam.

In exceptional circumstances, where it is clear that the purpose of residency will be fulfilled although the above formal conditions are not met, the student’s Supervisory Committee may, with the approval of the Dean for Graduate Studies, designate an alternative procedure for satisfying the residency requirements.

**Comprehensive Examination**

When a student has substantially completed studies in the doctoral program, the student must pass a written comprehensive examination in the major and minor fields of study. At the discretion of the supervisory committee, an oral comprehensive examination may also be required.

**Requirement and Scheduling**

The Supervisory Committee arranges for comprehensive examinations at least seven months prior to the final oral examination (defense).

- The written comprehensive examination is an investigation of the student’s breadth of understanding of the field of knowledge of which his/her special subject is a part. It is not a repetition of course examinations.
- An oral comprehensive examination may be required at the discretion of the Supervisory Committee. The oral exam may include the minor or related fields in addition to the major field of study. If an oral exam is required, it is part of the comprehensive exam requirements to be met before candidacy.
Examination Results
Upon successful completion of comprehensive exams, an Application for Candidacy should be filed as described in Doctoral Milestones (http://www.unl.edu/gradstudies/current/degrees/doctoral/#candidacy).

Otherwise, if the Supervisory Committee determines that the student has failed the comprehensive examination:

1. A letter is submitted by the chair of the Supervisory Committee to the Dean for Graduate Studies stating the conditions under which the student may attempt another examination.
2. Only one attempt may be made per academic term. Only two attempts overall are permitted, unless additional attempts are approved by the Supervisory Committee.

Candidacy
The Supervisory Committee files the Application for Admission to Candidacy as described in Doctoral Milestones (http://www.unl.edu/gradstudies/current/degrees/doctoral) once the student has:

- Met any provisional admission requirements
- Satisfied language and research tool requirements
- Passed the comprehensive examination(s)

This form must be filed in Graduate Studies at least seven months prior to the final oral examination (defense).

Continuous Registration
Once candidacy is achieved, the student must register for at least one credit hour each fall and spring until they graduate, even after meeting the total dissertation hours on their Program.

- Failure to register will result in termination of candidacy and program.
- Academic Leave (https://catalog.unl.edu/graduate-professional/graduate/registration/leave) can, for eligible students, provide an exception to the continuous registration requirement.
- Candidates do not need to register for summer unless required by their department during an assistantship, for a student visa, to defer student loans, or for Health Center access.

Credit Hours
Doctoral candidates may need to register for additional hours due to the following factors.

- To be exempted from withholding for FICA (Social Security) and Medicare, candidates being paid as graduate assistants must either have full-time status or register for 4 cr each term.
- Campus Services/Facilities: Graduate students registered for at least 1 cr per term are able to access the University Health Center (http://health.unl.edu), University Libraries (http://libraries.unl.edu), and Campus Recreation Center (http://crec.unl.edu). Additional charges may be incurred based on use.
- Health Insurance (http://www.unl.edu/gradstudies/current/health): All UNL students enrolled in at least 6 cr or full-time certified are eligible to purchase this plan. Graduate assistants and international students are automatically enrolled in health insurance.
- Eligibility for financial aid (http://financialaid.unl.edu/eligibility.shtml) typically requires enrollment of 4 cr per fall or spring. It also involves the fraction of attempted credit hours completed successfully (http://financialaid.unl.edu/sap.shtml) and whether the student has exceeded a maximum number of credit hours allowed for a degree objective.

Full-Time Status
Full-time status normally requires 9 cr each fall and spring. However, Candidates enrolling in at least 1 credit hour per term can be classified as full-time if they request and are approved for Certification of Full-Time Status (http://research.unl.edu/gradstudies/fulltime) before each term.

Doctoral students may use full-time certification for a maximum of two consecutive years. To maintain full-time status beyond that, a candidate must again register for at least 9 cr each fall/spring.

Tuition and Fees
Retaining Resident Rate: Candidates who were classified as Nebraska residents for tuition purposes and relocate out of the state while maintaining continuous enrollment remain eligible for resident tuition.

All But Dissertation (ABD): Students who have completed all courses on the Program and who are registering for dissertation (999) hours in excess of the requirements of the Program to maintain continuous registration are eligible for a waiver of the non-resident portion of tuition. To qualify for this benefit, students must (1) have grades for all courses on the Program of Studies except for dissertation (999) hours and (2) send email to the Doctoral Specialist (http://www.unl.edu/gradstudies/current/degrees/doctoral) requesting this benefit. Once approved, this status remains in effect until the student graduates.

Dissertation and Final Oral Exam
Dissertation Requirements
The dissertation is of no fixed length. Students work with their advisor and/or Supervisory Committee to determine the subject of the dissertation.

The dissertation abstract may not exceed 350 words in length.

See Preparing a Dissertation (http://www.unl.edu/gradstudies/current/degrees/guidelines) for formatting required by Graduate Studies. Style guidelines are determined by the student's specific discipline.

Reading Committee
Following approval by the major advisor, the dissertation and abstract should be presented to the Reading Committee for review at least four weeks prior to the oral examination. The Reading Committee consists of two members from the Supervisory Committee, excluding the Chair or Co-chair.

An Application for Final Oral Exam (http://www.unl.edu/gradstudies/current/degrees/doctoral/#examform) is due in Graduate Studies at least two weeks prior to the scheduled defense, indicating that the committee chair(s) and the readers have read the dissertation, find it suitable for a defense, and grant permission for the defense to be held. All committee members should be given sufficient time to read the dissertation prior to the defense.

If only one member of the Reading Committee dissents, the dissertation defense or oral exam may proceed upon written recommendation by the supervisory committee, accompanying the Application for Final Oral Exam.
Final Oral Examination

Approval of the dissertation is solely the responsibility of the Supervisory Committee. The academic expectations and standards of acceptability for dissertations, as established by each departmental Graduate Committee, shall be the benchmark by which dissertations are judged. No individual or organization other than the University of Nebraska graduate faculty (or non-graduate faculty members granted permission to serve on Supervisory Committees) may participate in judging the acceptability of a dissertation, including (but not limited to) journal editors, peer reviewers, and adjudicators.

Submission of manuscripts or other works for publication shall not be a requirement for the graduate degree. This does not preclude departmental Graduate Committees from stating in their graduate handbooks the expectation that a dissertation should yield publication-quality research or juried works; nor does it prevent graduate students from submitting manuscripts and publishing articles prior to defending their dissertation.

The final oral examination must be scheduled for a date when a majority of the Supervisory Committee, including the Chair(s), are available for the examination. Exceptions may be made only by permission of the Dean for Graduate Studies.

The final examination for the doctoral degree is oral and open to the University community and the public.

- The Supervisory Committee determines the defense’s character and length. The examination may be devoted to the special field of the dissertation or to the Candidate’s general knowledge, or it may be designed to test judgment and critical powers.
- All persons may be present during the dissertation presentation and general questioning. However, this is followed by a closed questioning portion of the examination for which all persons except the Candidate, Supervisory Committee, and invited faculty must be excused.
- The final oral examination over the dissertation may be waived only with the consent of the Dean for Graduate Studies.

The Supervisory Committee reports the results of the final oral examination to Graduate Studies.

1. If the committee agrees unanimously that the student has passed: A Report of Completion (http://www.unl.edu/gradstudies/current/degrees/doctoral/#oralexam) is signed by all committee members present for the defense.
2. If only one member dissents: The dissenting member files a letter of explanation in Graduate Studies, but the student is approved for the degree and a Report of Completion is signed accordingly.
3. If more than one member dissents: The student fails to pass the final oral exam. The committee files a report on the failure in Graduate Studies, indicating what the student must do before attempting another examination. A student may attempt a final oral exam only once per term.

Depositing

Following the successful completion of the oral examination, the student should complete the remaining Doctoral Milestones (http://www.unl.edu/gradstudies/current/degrees/doctoral/#oralexam).

Only abstracts and dissertations that meet all published requirements can be approved and stamped for depositing.

Depositing also involves payment of a processing fee and, if applicable, a fee to register a copyright.
