

FUNDING

Graduate Studies

Funding for graduate study is primarily in the form of assistantships (<https://catalog.unl.edu/graduate-professional/graduate/funding/assistantships>) and fellowships (<https://catalog.unl.edu/graduate-professional/graduate/funding/fellowships>). Additionally, the Office of Scholarships and Financial Aid maintains information on other forms of financial support such as loans and need-based funding (<https://catalog.unl.edu/graduate-professional/graduate/funding/aid>).
