ANIMAL SCIENCE (ASI)

ASI 1001 SUCCESS IN ANIMAL SCIENCE
Description: This course will provide students the opportunity to develop their "intercultural knowledge and competence" and "information literacy" skills and abilities. It will help them as the transition to college and understand the components of being successful not only during this time, but within the industry. They will formulate life and career goals, skills for academic success, skills for life success, and learn more about NCTA. The impact of their success on the industry will also be at the forefront of discussion points within this course.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASI 1011 INTRO TO ANIMAL SCI
Description: A course that deals with current issues facing the livestock industry, production trends, terminology, animal growth, structure & selection, breeds, and development.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC
Prerequisite for: VTS 1521

ASI 1024 FUND OF ANIMAL BIO
Description: Fundamentals of animal biology as it applies to the science of livestock production. Biological principles governing production and consumption of animal products are emphasized in both lecture and laboratory sessions.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC

ASI 1031 RODEO SEMINAR
Description: A course for first year students designed to help the student practice all of the men's and women's National Intercollegiate Rodeo Association (NIRA) events. This course will be taught through actual practice, video review and guest lectures.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 6
Format: LEC

ASI 1201 SHOOTING SPORTS
Description: The purpose of this class is to offer a variety of trap shooting programs, encompassing leisure recreation and competitive shooting, including leagues and/or collegiate competition while providing a social network for knowledge and training in the shooting sports. Students will learn firearm safety. Students will become familiar with different firearms, their purpose and mode of action. This class may provide opportunity to earn Nebraska hunter safety card.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: FLD

ASI 1202 FEEDLOT PRACTICUM I
Description: Feedlot Practicum I will be in coordination with the Feedlot Systems class. Students will assist with the responsibilities of taking are of the NCTA feedlot. Duties will include feeding the cattle, conducting dry matters on feed ingredients, performing feedlot pen maintenance, monitoring animal health, and maintaining the general appearance of the feed yard and working facilities. Students will work 5-10 hours a week depending upon the number of students signed up for the course.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: FLD

ASI 1203 FEEDLOT SYSTEMS
Description: The main emphasis will be to discuss current trends, problems, or issues related to the feedlot industry. Each profit center of a feedlot will be studied through an internship with a local feedlot. The lab portion will include practical application of common health and processing procedures found in the feedlot industry. It will incorporate low-stress cattle handling, as well as safety procedures. (Pre req: ASI 1253 & ASI 1303)
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LLB

ASI 1213 LIVESTK & CARC EVAL
Description: This course is a comprehensive study of the evaluation of livestock, including beef, lamb, pork, and poultry, and their carcasses and products. This will include study of animal growth and development, measures of animal performance, and use of performance records for selection. Measures of carcass traits and monetary value as well as federal and industry product standards will be reviewed. The relationship to production economics will be considered for all selection processes.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 1222 ADV LVSTK EVAL/JUDG
Description: An advanced course in livestock evaluation and judging designed to apply principles learned in ASI 1213. This course will teach and develop written and oral communication skills that enable the student to convey in a brief, concise presentation the results of their decisions. Logical and systematic decision making will be taught. This class will involve extensive field trips to livestock producers and travel to national livestock exhibitions. The livestock judging team will be selected from this class to represent NCTA at intercollegiate competitions. (Pre req: ASI 1213 or instructor permission)
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC
ASI 1241 RANCH HORSE I
Description: A course for first-year students designed to help the student and their horse learn and practice the skills necessary to be successful in the Collegiate Division of the American Stock Horse Association (ASHA) which includes four events: Stock Horse Pleasure, Trail, Reining, and Working Cow Horse. NCTA was one of the founding institutions of the ASHA Collegiate Stock Horse Versatility Education Program which organizes many of the competitions for the year. Collegiate ASHA has three different rider skill levels which provide each student the opportunity to compete against others at the same skill level whether you are a beginning rider or an accomplished rider. NCTA has a limited number of school horses available by instructor approval. This course will be taught through actual practice, video review, and guest lecture/clinicians.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASI 1253 NUTRITION
Description: A study of water, carbohydrates, fat, protein, vitamins and minerals as they apply to animal utilization. Lab will include problems involving water, protein, and TDN in rations.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 1263 BASIC EQUITATION
Description: (Pre req: ASI 1161 and ASI 1501) This course is a study and application of basic equitation principles for the novice rider. Basic horse handling practices, safety issues, and adapting dressage maneuvers towards Western and English performance is emphasized.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 1302 FEEDLOT PRACTICUM II
Description: Feedlot Practicum II will be a course offered during the spring semester so as to keep the feed yard maintained and operating effectively. Students will assist with the responsibilities of taking care of the NCTA feedlot. Duties will include feeding the cattle, conducting dry matters on feed ingredients, performing feedlot pen maintenance, monitoring animal health, and maintaining the general appearance of the feed yard and working facilities. Students will work 5-10 hours a week depending upon the number of students signed up for the course.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: FLB

ASI 1303 ANIMAL MANAGEMENT
Description: Animal Management is a course that deals with current issues facing the livestock industry, production trends, terminology, animal growth, structure, selection breeds, and development. Principles of managing animals in typical production systems through their life cycle for economic and efficient production will also be suited.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 1312 LIVESTOCK JUDGING I
Description: A continuation of ASI 1213. (Pre req: ASI 1213 and ASI 1222)
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASI 1341 RANCH HORSE II
Description: A course for second-year students designed to help the student and their horse practice and refine the skills necessary to be successful in the Collegiate Division of the American Stock Horse Association (ASHA) which includes four events: Stock Horse Pleasure, Trail, Reining, and Working Cow Horse. NCTA was one of the founding institutions of the ASHA Collegiate Stock Horse Versatility Education Program which organizes many of the competitions for the year. Collegiate ASHA has three different rider skill levels which provide each student the opportunity to compete against others at the same skill level whether you are a beginning rider or an accomplished rider. NCTA has a limited number of school horses available by instructor approval. This course will be taught through actual practice, video review, and guest lecture/clinicians.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LAB

ASI 1351 ART INSEM BEEF CATTLE
Description: This course trains individuals in the techniques of artificial insemination of cattle.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASI 1412 MEAT EVALUATION I
Description: Meats Evaluation I will be an introductory course where students will learn the basics of meats evaluation so as to compete in the collegiate competition starting in January 2019. Students will meet 2-3 times a week in the classroom as well as for field trips to harvest facilities. Meats evaluation, yield and quality grade determination, and the writing of reasons to back up evaluation decisions will all be aspects of this introductory class.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LLB

ASI 1432 EQUINE CARE
Description: A study of the working horse, emphasizing utilization in the feedlot. Health, nutrition, and proper care of equipment will be covered. Animal safety as well as safety of personnel in the feedlot, will be evaluated. Common lameness problems and hoof trimming will be covered.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC
ASI 1442 EQUINE PRACTICUM I
Description: This course will introduce first year Equine Industry Management students to hands-on equine activities of care, feeding, grooming, and barn management. Students enrolled in this course will work at the horse barn with the NCTA horses.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASI 1501 EQUINE SAFETY
Description: This horsemanship safety class will help develop safe habits for horse and rider when on the ground and in the saddle. A format of lectures and actual hands-on handling of horses both on the ground and in the saddle will be used.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASI 1752 RAISING POULTRY FOR PROFIT: SMALL-SCALE PRODUCTION
Description: An overview of small-scale poultry production for meat and eggs. Topics include species, breeds, management of young and mature birds, housing, pasturing, feeding, breeding, harvesting, food safety, basic health care, and marketing.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASI 1991 INDEPENDENT STUDY
Description: Individual or group projects in research, literature review, or extension of course work under the supervision and evaluation of a Major faculty member who is willing and available to contract with the student. (Pre req: Approval of project by Instructor, Division Chair, and Advisor)
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: IND

ASI 2031 RODEO SEMINAR
Description: A course for second year students designed to help the student practice all of the men's and women's National Intercollegiate Rodeo Association (NIRA) events. This course will involve actual practice and video tape review.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 6
Format: LEC

ASI 2203 FEEDS & FEEDING
Description: The study of feedstuffs, feed processing, and feed additives. Lab will include feed evaluation, moisture determination and conversion, feed tag interpretation, ration evaluation, and balancing. (Pre req: ASI 1253 recommended)
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 2262 EQUINE NUTRITION
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASI 2303 RANGE MANAGEMENT
Description: A study of pasture and range management as it applies to the production system. This class includes the identification of common range plants, and range sites along with determination of range condition from a plant survey. Balanced forage systems are studied including native range, introduced grass pastures, irrigated grass pastures, and the use of annual grasses and crop residues in livestock forage systems.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 2312 LIVESTOCK JUDGING II
Description: A continuation of ASI 1312. (Pre req: ASI 1312)
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASI 2313 RATION FORMULATION
Description: A continuation of Feeds and Feeding with an emphasis on ration balancing for specific classes of cattle and swine. Computer ration balancing will be used. (Pre req: ASI 1253, ASI 2203, AIT 1053 or permission)
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 232 LIVESTOCK JUDGING III
Description: A continuation of ASI 2312. (Pre req: ASI 2312)
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASI 2332 LIVESTOCK BREEDING
Description: A course in the principles of genetics and hereditary characteristics applied to livestock production, including production records, selection, and design of mating systems.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 2362 ADVANCED EQUITATION
Description: This class addresses the study and application of equine and rider maneuvers basic to performance excellence. Students will be expected to show satisfactory progress toward standards of excellence in Western and English disciplines. (Pre req: ASI 1263 or permission, limited enrollment)
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASI 2363 INTERMEDIATE TRAINING
Description: Students will acquire skills in intermediate horsemanship (including equitation and training techniques) and green-breaking. Students, with the aid of the instructor, will set and achieve individual objectives.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LLB
ASI 2453 SEEDSTOCK PREPARATION AND MARKETING
Description: This course is designed for students to develop the skills of marketing seedstock such as cattle, sheep, and swine. Students will learn various methods of preparing seedstock for live/video auctions. The student will have hands on experience of preparing livestock for sale.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASI 2462 COLT STARTING
Description: This course is an application in basic colt starting principles for the advanced rider. Basic young horse handling practices and safety issues will be studied and applied. (By Permission)
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LAB

ASI 2463 ADVANCED PERFORMANCE TRAINING
Description: Students will acquire skills in the correction of bad habits and advanced training techniques leading toward an area of specialization. Students, with the aid of the instructor, will set and achieve individual objectives.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LLB

ASI 2412 EQUINE MARKETING TECHNIQUES
Description: This class is designed to give students the experience of creating a sale from start to finish. It includes working with horses to creating the sale catalog.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASI 2514 MEAT PROCESSING
Description: Meat processing is designed to show students how to properly process livestock carcasses. Understanding of HAACP, BQA, PQA, and management of the various species will be stressed. This is a career applied course which could lead to working in the processing industry or owning their own business.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC
