ANIMAL SCIENCE

Description

General Information
The field of animal science encompasses the sciences related to animals and their contributions and interactions with humans. This program is designed particularly for students who are interested in pursuing careers associated with the livestock, poultry, meat and companion animal industries. The core curriculum gives students a balanced education in animal science, biological sciences, physical sciences, mathematics, communications, and humanities and social sciences.

Options
Each animal science student studies a core curriculum that provides a comprehensive look at animal biological systems, use of animal products, and current issues and careers in the animal industries. In addition to the core, there are seven different options from which students can choose an area of focus which meets their own individual interests and career objectives. These options include: Animal Biology & Biotechnology; Food Animal Production & Management; Business & Communications; Companion Animal Science; Equine Science; Meat Science; and Veterinary Animal Science.

Midwest Poultry Consortium
Students interested in any aspect of poultry science or avian biology may earn up to 24 credits through the Midwest Poultry Consortium's Undergraduate Center of Excellence in Madison, WI. The credits may be applied toward an animal science degree from the University of Nebraska. Further details are available from the Department of Animal Science.

3+2 year Veterinary Medicine/Animal Science B.S. Degree
Students pursuing a DVM degree at an accredited college of veterinary medicine may obtain a BS degree in animal science, granted by the University of Nebraska, upon successful completion of the first two years of the curriculum in veterinary medicine. To be eligible, students must have completed at least 90 credit hours of pre-professional courses, completed all Achievement-Centered Education course requirements and 20 credit hours in animal science courses at the University of Nebraska. Students who successfully complete the 3+2 Program must complete the "Application for Degree" form and provide transcripts to the Credentials Clerk, Office of the University Registrar, 107 Canfield Administration Building, UNL. Students should discuss the program with their academic advisor.

College Requirements

College Admission
Requirements for admission into the College of Agricultural Sciences and Natural Resources (CASNR) are consistent with general University admission requirements (one unit equals one high school year): 4 units of English, 4 units of mathematics, 3 units of natural sciences, 3 units of social studies, and 2 units of foreign language. Students must also meet performance requirements (ACT composite of 20 or higher OR combined SAT score of 950 or higher OR rank in the top one-half of graduating class; transfer students must have a 2.0 (on a 4.0 scale) cumulative grade point average and 2.0 on the most recent term of attendance. For students entering the PGA Golf Management degree program, a certified golf handicap of 12 or better (e.g., USGA handicap card) or written ability (MS Word file) equivalent to a 12 or better handicap by a PGA professional or high school golf coach is required. For more information, please visit: http://pgm.unl.edu/requirements.

Admission Deficiencies/Removal of Deficiencies
Students who are admitted to CASNR with core course deficiencies must remove these deficiencies within the first 30 credit hours at the University of Nebraska—Lincoln, or within the first calendar year at Nebraska, whichever takes longer, excluding foreign languages. Students have up to 60 credit hours to remove foreign language deficiencies. College-level course work taken to remove deficiencies may be used to meet degree requirements in CASNR.

Deficiencies in the required entrance subjects can be removed by completion of specified courses in the University or by correspondence.

The Office of Admissions, Alexander Building (south entrance), City Campus, provides information to new students on how deficiencies can be removed.

College Degree Requirements

Curriculum Requirements
The curriculum requirements of the College consist of three areas: ACE (Achievement-Centered Education); College of Agricultural Sciences and Natural Resources Core; and Degree Program requirements and electives. All three areas of the College Curriculum Requirements are incorporated within the description of the Major/Degree Program sections of the catalog. The individual major/degree program listings of classes insures that a student will meet the minimum curriculum requirements of the College.

Foreign Languages/Language Requirement
Two units of a foreign language are required. This requirement is usually met with two years of high school language.

Minimum Hours Required for Graduation
The College grants the bachelor's degree in programs associated with agricultural sciences, natural resources and related programs. Students working toward a degree must earn at least 120 semester hours of credit. A minimum cumulative grade point average of C (2.0 on a 4.0 scale) must be maintained throughout the course of studies and is required for graduation. Some degree programs have a higher cumulative grade point average required for graduation. Please check the degree program on its graduation cumulative grade point average.

Grade Rules

Removal of C-, D and F Grades
Only the most recent letter grade received in a given course will be used in computing a student's cumulative grade point average if the student has completed the course more than once and previously received a grade or grades below C in that course.

The previous grade (or grades) will not be used in the computation of the cumulative grade point average, but it will remain a part of the academic record and will appear on any transcript.

A student can remove from his/her cumulative average a course grade of C, D+, D, D- or F if the student repeats the same course at the University of Nebraska and receives a grade other than P (pass), I (incomplete), N (no pass), W (withdraw), or NR (no report). If a course is no longer being offered, it is not eligible for the revised grade point average computation process.
For complete procedures and regulations, see the Office of the University Registrar website at http://www.unl.edu/regec/course-repeats.

**Pass/No Pass**

Students in CASNR may take any course offered on a Pass/No Pass basis within the 24-hour limitation established by the Faculty Senate. However, a department may specify that the Pass/No Pass status of its courses be limited to non-majors or may choose to offer some courses for letter grades only.

**GPA Requirements**

A minimum cumulative grade point average of C (2.0 on a 4.0 scale) must be maintained throughout the course of studies and is required for graduation. Some degree programs have a higher cumulative grade point average required for graduation. Please check the degree program on its graduation cumulative grade point average.

**Transfer Credit Rules**

To be considered for admission, a transfer student, Nebraska resident or nonresident, must have an accumulated average of C (2.0 on a 4.0 scale) and a minimum C average in the last semester of attendance at another college. Transfer students who have completed less than 12 credit hours of college study must submit either ACT or SAT scores.

Ordinarily, credits earned at an accredited college are accepted by the University. The College, however, will evaluate all hours submitted on an application for transfer and reserves the right to accept or reject any of them. Sixty (60) is the maximum number of hours the University will accept on transfer from a two-year college. Ninety (90) is the maximum number of hours the University will accept from a four-year college. Transfer credit in the degree program must be approved by the degree program advisor on a Request for Substitution Form to meet specific course requirements, group requirements, or course level requirements in the major. At least 9 hours in the major field, including the capstone course, must be completed at the University of Nebraska–Lincoln regardless of the number of hours transferred.

The College will accept no more than 10 semester hours of C, D+, D and D- grades from other schools. The C, D+, D and D- grades can only be applied to free electives. This policy does not apply to the transfer of grades from UNO or UNK to the University of Nebraska–Lincoln.

**Joint Academic Transfer Programs**

The College of Agricultural Sciences and Natural Resources has agreements with many institutions to support joint academic programs. The transfer programs include dual degree programs and cooperative degree programs. Dual degree programs offer students the opportunity to receive a degree from a participating institution and also to complete requirements for a bachelor of science degree in CASNR. Cooperative programs result in a single degree from either the University of Nebraska–Lincoln or the cooperating institution.

**Dual Degree Programs**

**A to B Programs**

The A to B Program, a joint academic program offered by the CASNR and participating community colleges, allows students to complete the first two years of a degree program at the participating community college and continue their education and study in a degree program leading toward a bachelor of science degree.

The A to B Program provides a basic knowledge plus specialized coursework. Students transfer into CASNR with junior standing.

Depending on the community college, students enrolled in the A to B Program may complete the requirements for an associate of science at the community college, transfer to the University of Nebraska–Lincoln, and work toward a bachelor of science degree.

**Participating community colleges include:**

- Central Community College
- Metropolitan Community College
- Mid-Plains Community College
- Nebraska College of Technical Agriculture
- Northeast Community College
- Southeast Community College
- Western Nebraska Community College

**3+2 Programs**

Two specialized degree programs in animal science and veterinary science are offered jointly with an accredited college or school of veterinary medicine. These two programs permit CASNR animal science or veterinary science students to receive a bachelor of science degree from the University of Nebraska–Lincoln with a degree in animal science or veterinary science after successfully completing two years of the professional curriculum in veterinary medicine at an accredited veterinary school. Students who successfully complete the 3+2 Program, must complete the “Application for Degree” form and provide transcripts to the Credentials Clerk, Office of the University Registrar, 107 Canfield Administration Building. Students should discuss these degree programs with their academic advisor.

**Cooperative Degree Programs**

Academic credit from the University and a cooperating institution is applied towards a four-year degree from either the University of Nebraska–Lincoln (University degree-granting program) or the cooperating institution (non University degree-granting program). All have approved programs of study.

**UNL Degree-Granting Programs**

A University of Nebraska–Lincoln degree-granting program is designed to provide students the opportunity to complete a two-year program of study at one of the four-year institutions listed below, transfer to CASNR and complete the requirements for a bachelor of science degree.

**Chadron State College.** Chadron State College offers a 2+2 program leading to a grassland ecology and management degree program and a transfer program leading to a Bachelor of Science in Agricultural Education in the teaching option.

**Wayne State College.** Wayne State College offers a 3+1 program leading to a Bachelor of Science in Plant Biology in the ecology and management option.

**University of Nebraska at Kearney.** Transfer programs are available for students pursuing degree programs leading to a bachelor of science degree.

**University of Nebraska at Omaha.** The University of Nebraska at Omaha (UNO) cooperates with CASNR in providing four-semester pre-agricultural sciences, pre-natural resources, pre-food science and technology, pre-horticulture and pre-turfgrass and landscape management transfer programs.

A student enrolled in these programs may transfer all satisfactorily completed academic credits identified in the suggested program of study, and enter CASNR to study toward a degree program leading to a bachelor
of science degree. The total program would require a minimum of four years or eight semesters (16 credit hours/semester or 120 credit hours).

Nebraska CASNR faculty teach horticulture and food science and technology courses at UNO to assist an urban population in better understanding the food processing, horticulture, and landscape horticulture industries.

For more information, contact the CASNR Dean's Office, 800-472-8800, ext. 2541.

Non University of Nebraska–Lincoln Degree-Granting Programs
The CASNR cooperates with other institutions to provide course work that is applied towards a degree at the cooperating institution. Pre-professional programs offered by CASNR allow students to complete the first two or three years of a degree program at the University prior to transferring and completing a degree at the cooperating institution.

Chadron State College—Range Science. The 3+1 Program in range science allows Chadron State College students to pursue a range science degree through Chadron State College. Students complete three years of course work at Chadron State College and one year of specialized range science course work (32 credit hours) at CASNR.

Dordt College (Iowa) – Agricultural Education: Teaching Option. This program allows students to pursue an Agricultural Education Teaching Option degree leading toward a bachelor of science in agricultural education. Students at Dordt College will complete 90 credit hours in the Agricultural Education: Teaching Option Transfer Program.

Residency
Students must complete at least 30 of the total hours for their degree using University of Nebraska–Lincoln credits. At least 18 of the 30 credit hours must be in courses offered through CASNR(>299) including the appropriate ACE 10 degree requirement or an approved ACE 10 substitution offered through another Nebraska college and excluding independent study regardless of the number of hours transferred. Credit earned during education abroad may be used toward the residency requirement if students register through UNL and participate in prior-approved education abroad programs. University of Nebraska–Lincoln open enrollment and summer independent study courses count toward residence.

1 Includes courses taught by CASNR faculty through interdisciplinary prefixes (e.g., LIFE, MBIO, ENVR, SCIL, EAEP, HRTM, ENSC) and CASNR crosslisted courses taught by non-CASNR faculty.

Online and Distance Education
There are many opportunities to earn college credit online through the University of Nebraska–Lincoln. Some of these credits may be applicable not only as elective credits, but also toward the fulfillment of the College’s education requirements. Credits earned online may count toward residency. However, certain offerings may not be counted toward scholarship requirements or academic recognition criteria.

For further information, contact:
Office of Online and Distance Education
University of Nebraska–Lincoln
305 Brace Labs
Lincoln, NE 68588-0109
402-472-4681
http://online.unl.edu/

Independent Study Rules
Students wishing to take part in independent studies must obtain permission; complete and sign a contract form; and furnish copies of the contract to the instructor, advisor, departmental office, and the Dean’s Office. The contract should be completed before registration. Forms are available in 103 Agricultural Hall or online at the CASNR website.

Independent study projects include research, literature review or extension of course work under supervision and evaluation of a departmental faculty member.

Students may only count 12 hours of independent study toward their degrees and no more than 6 hours can be counted during their last 36 hours earned, excluding senior thesis, internships, and courses taught under an independent study number.

Other College Degree Requirements
Capstone Course Requirement
A capstone course is required for each CASNR degree program. A capstone course is defined as a course in which students are required to integrate diverse bodies of knowledge to solve a problem or formulate a policy of societal importance.

ACE Requirements
All students must fulfill the Achievement Centered Education (ACE) requirements. Information about the ACE program may be viewed at www.ace.unl.

The minimum requirements of CASNR reflect the common core of courses that apply to students pursuing degrees in the college. Students should work with an advisor to satisfy ACE outcomes 1, 2, 3, 4, 6 and 10 with the college requirements.

Catalog Rule
Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted to the University of Nebraska–Lincoln or when they were first admitted to a Joint Academic Transfer Program. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at Nebraska in the College of Agricultural Sciences and Natural Resources. Students must complete all degree requirements from a single catalog year. The catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Learning Outcomes
Majors in animal science will be able to:

1. Understand the biology and chemistry of the life sciences and apply the principles to animal nutrition, growth, reproduction, genetics and management of animals and their products.
2. Develop animal nutrition, growth, reproduction, genetics and management recommendations related to the specific animal or animal product in the career paths related to their selected option.
3. Propose solutions to problems in the production and/or management of animals or the animal products specific to their option.
4. Produce professional oral and written communications needed in the careers related to their specific option.
Major Requirements

Major Core Requirements

The following basic courses are required for majors in animal science. In addition, students must select and meet the requirements of one of the animal science options, depending on their own individual interests and career objectives.

College Integrative Course (ACE 8)

### Animal Biology and Biotechnology Option

This option is designed for students considering careers that deal with basic biological principles of animals and birds. Through careful use of electives, students can develop an emphasis in genetics, growth and muscle biology, nutrition, or physiology as they establish a basic background in biological principles and develop molecular and biotechnology laboratory skills. Completion of this option provides excellent preparation for graduate study, other professional programs including medical or dental school, and many other research-based careers.

- ASCI 432: Genome Analysis

---

1. BIOS 206 requires both LIFE 120 & LIFE 120L and LIFE 121 & LIFE 121L as prerequisites.
2. Students enrolled in the Biology or Veterinary Option are required to take LIFE 120 and LIFE 120L.
3. Proficiency at the college algebra level must be demonstrated either by a placement exam or through college course work. If MATH 103 is taken instead of MATH 102, only 2 hours can be counted toward this requirement.
4. Students in the Veterinary Animal Sciences Option must take PHYS 141 as a required course for admittance to the ISU CVM.
5. Pre-veterinary students should check that the selected course will fulfill their college of veterinary medicine admissions requirements.
6. Any courses from the above listings not used to fulfill the ACE 1 or ACE 2 requirements.
7. Students completing the Business and Communications Option are required to take ALEC 202 or MNGT 311.
8. Four (4) hours of experiential learning are required for each of the Animal Science Options. Students may select the 4 hours from any combination of courses in the following list.
9. A pre-experience learning plan must be completed and approved before the experience begins and an oral or poster presentation is required.
10. Part of the Nebraska Beef Industry Scholars Minor.
11. By permission or invitation only; these are intercollegiate competitive teams.
12. With enrollment in ASCI 496.

- **Credit Hours Subtotal:** 7

**Total Credit Hours:** 120

1. Students planning to apply for post-graduate or professional programs should consult their academic advisor for specific program requirements.

## Business and Communications Option

This option is designed for students considering careers with companies, financial institutions, government agencies, and other business entities that support the livestock production and processing industries. Through careful use of electives, students may receive minors in other business-related programs and develop specific expertise for positions in management, marketing, and public relations. Completion of this option provides students with a solid background in both animal science and business.

### Departmental Requirements

Credit Hours Subtotal: 6

### Total ASCI Core Requirements

Complete requirements 57-62

Credit Hours Subtotal: 62

### Option Requirements
Complete requirements 46-51
Credit Hours Subtotal: 0

**Free Electives**
Select 7-17 hours 4
Credit Hours Subtotal: 12
Total Credit Hours 120-125

1. *Enrollment in these Swine Science online courses requires completion of ASCI 254.*
2. *Chemistry Series I does not provide adequate preparation for advanced chemistry or graduate school within the life sciences. If you desire this advanced training, Series II is recommended.*
3. *Must meet Business Qualified prerequisites.*
4. *Students are encouraged to consult the Undergraduate Catalog for details regarding agribusiness and agricultural economics minors.*

### Companion Animal Science Option

**Designed for students with a specific interest in companion animals.**

For students interested in pursuing a career in the companion animal industry, this option provides an overview of the general animal sciences in combination with concentrated study of animal behavior and human interactions along with companion animal breeding and genetics, nutrition, reproduction, care and management.

**Departmental Requirements**

1 Chemistry Series I does not provide adequate preparation for advanced chemistry or graduate school within the life sciences. If you desire this advanced training, Series II is recommended.

2 Only one allowed for credit here.

3 If student completes CHEM Series I: Select two courses from the "Business Courses" category listed in the Animal Science Business Option (6 hr).

If student completes CHEM Series II: Select one course from the "Business Courses" category listed in the Animal Science Business Option (3 hr).

NOTE: Experiential learning courses suggested from the following: ASCI 300A, ASCI 300D, ASCI 311B, ASCI 395A (meat section), ASCI 400A, ASCI 419

Food Animal Production and Management Option  
This option is designed for students interested in careers related to the production and management of beef cattle, dairy cattle, horses, poultry, and swine. Although students may emphasize a particular industry or production system, the option provides a balanced study of animal nutrition, meat animal products, reproductive physiology, breeding and genetics, and business management of animal production systems. Completion of this option provides excellent preparation for those wishing to be involved in production agriculture and the abundance of allied industries that support animal agriculture.

Departmental Requirements  
ASCI 200 Animal and Carcass Evaluation  

ASCI 210 Animal Products  

or ASCI 315 Animal Growth and Development  

ASCI 240 Anatomy and Physiology of Domestic Animals  

or ASCI 340 Animal Physiological Systems  

ASCI 250 Animal Management  

or ASCI 252 Introduction to the Horse Industry and Management  

ASCI 341 Physiology and Management of Reproduction  

Select a minimum of 4 hours of ASCI Management courses of the following:

ASCI 254 Basic Swine Science  

ASCI 354A Swine Breeding & Gestation  

ASCI 354B Swine Farrowing Management  

ASCI 354D Swine Nursery Management  

ASCI 354E Employee Management for Swine Industry  

ASCI 354F Swine Environment Management  

ASCI 450 Horse Management  

ASCI 451 Livestock Management on Range and Pasture  

ASCI 453 Dairy Management  

ASCI 455 Beef Cow-Calf Management  

ASCI 457 Beef Feedlot Management  

Select two supporting courses of the following: 6-7

ASCI 310 Fresh Meats  

ASCI 370 Animal Welfare  

ASCI 410 Processed Meats  

ASCI 411 HACCP and Food Safety Systems for the Food Industry  

ASCI 422 Advanced Feeding and Feed Formulation  

ASCI 432 Genome Analysis  

ASCI 441 New Techniques in Reproductive Biology  

ASCI 442 Endocrinology  

ASCI 443 Physiology of Animal Cells and Tissues  

MSYM 342 Animal Housing Systems  

MSYM 475 Water Quality Strategy  

AGRO 153 / HORT 153 / SOIL 153 Soil Resources  

AGRO 240 / RNGE 240 Forage Crop and Pasture Management  

AGRO 245 Introduction to Grassland Ecology and Management  

AGRO 340 / RNGE 340 Range Management and Improvement  

AGRO 440 / NRES 440 / RNGE 440 Great Plains Ecosystem  

Credit Hours Subtotal: 27

Natural Sciences

Chemistry  
Select from either of the following two chemistry series:  

Series I:  
CHEM 105 Chemistry in Context I  

or CHEM 109 General Chemistry I  

CHEM 106 Chemistry in Context II  

Series II:  
CHEM 109 General Chemistry I  

& CHEM 110 and General Chemistry II  

CHEM 251 Organic Chemistry I  

& CHEM 253 and Organic Chemistry I Laboratory  

Select one of the following: 3-4

BIOS 312 Microbiology  

VBMS 303 Principles and Prevention of Livestock Diseases
BIOS 111  The Biology of Microorganisms  
Credit Hours Subtotal: 11-12

Business Courses
AECN 201  Farm and Ranch Management  4
AECN 235  Introduction to Commodity Marketing  3
Select one additional business course of the following:  3
AECN 256  Legal Aspects in Agriculture  
AECN 265 / NREE 265  Resource and Environmental Economics I
AECN 301  Farm Accounting, Analysis, and Tax Management  
AECN 325 / MRKT 325  Marketing of Agricultural Commodities
AECN 336  Grain Merchandising  
AECN 345  Policy Issues in Agriculture and Natural Resources
AECN 357  Natural Resource and Environmental Law
AECN 435  Advanced Agricultural Marketing Management  
Credit Hours Subtotal: 10

Total ASCI Core Requirements
Complete requirements  57-62
Credit Hours Subtotal: 62

Option Requirements
Complete requirements  48-54
Credit Hours Subtotal: 0

Free Electives
Select 4-15 hours  4-15
Credit Hours Subtotal: 10
Total Credit Hours 120-121

1  Chemistry Series I does not provide adequate preparation for advanced chemistry or graduate school within the life sciences. If you desire this advanced training, Series II is recommended.

Veterinary Animal Sciences Option
This option is designed for students planning a career in veterinary medicine, and provides for completion of the pre-veterinary course requirements for application to the joint University of Nebraska/Iowa State University program for the doctorate of veterinary medicine (DVM) degree. However, it can easily be adapted to meet specific requirements for other colleges of veterinary medicine. Courses in animal management, nutrition, physiology and related areas complement the foundational science courses and provide a comprehensive background for careers in veterinary medicine. Completion of the option also provides excellent preparation for graduate study or other professional programs in the biological sciences. Students admitted to veterinary college after three years of undergraduate study may earn a bachelor of science degree through a 3+2 program (three years of undergraduate study plus two years of veterinary school).

Departmental Requirements
ASCI 210  Animal Products  3
or ASCI 315  Animal Growth and Development
ASCI 340  Animal Physiological Systems  4
ASCI 341  Physiology and Management of Reproduction  4
Select one of the following:  3
ASCI 250  Animal Management
ASCI 251  Introduction to Companion Animals
ASCI 252  Introduction to the Horse Industry and Management
ASCI 254  Basic Swine Science  
& ASCI 354A  Swine Breeding & Gestation
or ASCI 354B  Swine Farrowing Management
or ASCI 354C  Swine Nursery Management
or ASCI 354D  Employee Management for Swine Industry
or ASCI 354E  Swine Environment Management
Select 3 hours of additional ASCI or VBMS 400-level courses  3
Credit Hours Subtotal: 17

Natural Sciences
CHEM 109  General Chemistry I  4
CHEM 110  General Chemistry II  4
CHEM 251  Organic Chemistry I  4
& CHEM 253  and Organic Chemistry I Laboratory
CHEM 252  Organic Chemistry II  3
Select one of the following:  3
BIOC 321  Elements of Biochemistry
BIOC 431 / BIOS 431 / CHEM 431  Structure and Metabolism
Organismic Biology
LIFE 121  Fundamentals of Biology II  4
& LIFE 121L  and Fundamentals of Biology II Laboratory
BIOS 312  Microbiology  4
& BIOS 314  and Microbiology Laboratory
PHYS 141  Elementary General Physics I  5
Credit Hours Subtotal: 26

Business Courses
Select one course from the "Business Courses" category listed in the Animal Science Business Option.
NOTE: Two writing courses (6 hr) and one oral communications course (3 hr) are required. Communications elective must be a writing course. Select appropriate course from listing given under "Core Requirements."
Credit Hours Subtotal: 3

Total ASCI Core Requirements
Complete requirements  62
Credit Hours Subtotal: 62

Option Requirements
Complete requirements  46
Credit Hours Subtotal: 0

Free Electives
Select 12 hours  12
Credit Hours Subtotal: 12
Total Credit Hours 120

1  Excluding ASCI 496 and VBMS 496.
Additional Major Requirements
Animal science requirements are the same as outlined for the College of Agricultural Sciences and Natural Resources.

Credit Hours Subtotal: 18

Total Credit Hours: 18

1 Available online courses for those wishing to complete the minor online.

2 Independent study courses, ASCI 399 and ASCI 496 are excluded.

Animal Science Minor (12 credits)

12 credits of ASCI courses above 300 level—excluding ASCI 399

Independent Study in Animal Science and ASCI 496 Independent Study in Animal Science

Nebraska Beef Industry Scholars (NBIS) Minor (19-21 credits)

The Nebraska Beef Industry Scholars minor is designed to develop graduates to become future leaders of the beef industry as they will:

- Understand issues that affect beef production and have the ability to develop solutions to beef industry problems.
- Understand interactions of the animal, plant, and social sciences affecting beef production and management.
- Develop a unique network with leaders of the beef industry.
- Have exceptional oral and written communication skills.
- Have exceptional leadership skills.
- Have outstanding technical knowledge in at least one area of expertise (beef production economics, beef feedlot engineering, live beef animal and carcass evaluation, beef nutrition, beef animal physiology, meat science, genetic improvement of beef cattle, beef products, pre-veterinary animal science, range and forage science, etc.).

The NBIS minor is inherently multidisciplinary and actively engages faculty from Animal Science, Agricultural Economics, and Agricultural Leadership, Education, and Communication (ALEC).

NBIS Minor Requirements

A minimum cumulative GPA of 3.0 for all minor related course work must be obtained in order to complete the minor.

ASC 150 Animal Production Skills
Description: Introductory course in skills related to proper care and management of production animals. Laboratory sessions develop fundamental skills of animal husbandry.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASC 151 Introductory Companion Animal Biology
Description: Domestication, anatomy, care, nutrition, reproduction and welfare of dogs, cats, rabbits, and other companion animals.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
ASCI 213 Meat Specifications and Procurement
Crosslisted with: NUTR 213
Notes: ASCI/NUTR 213 is for those students who have an interest in a career in Culinary Science, Meat Science, and/or Dietetics.
Description: Selecting and purchasing meat for the hotel, restaurant, institutional industry, and the retail markets.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Prerequisite for: ASCI 343, NUTR 343

ASCI 240 Anatomy and Physiology of Domestic Animals
Prerequisites: BIOS 101 or LIFE 120 or equivalent; and CHEM 105 or CHEM 109 or equivalent.
Description: Fundamentals of the anatomy and physiology of domestic animals.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC
Prerequisite for: ASCI 315; ASCI 320; ASCI 341; ASCI 342; ASCI 486; VBMS 303; VBMS 410

ASCI 250 Animal Management
Prerequisites: Sophomore standing.
Description: Principles of managing animals in typical production systems. Basics of managing beef, dairy, horses, poultry, sheep, and swine through the life cycle for economic and efficient production.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Prerequisite for: AGRO 445, AGRO 845, ASCI 451, ASCI 851, RNGE 445; ASCI 250; ASCI 453, ASCI 453H

ASCI 251 Introduction to Companion Animals
Prerequisites: ASCI 100 or 2 hrs biological sciences.
Description: Overview of pets, their care, nutrition, reproduction behavior, and health issues; exploration of other ways in which these animals can be used (e.g., in therapy, teaching).
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Prerequisite for: ASCI 271

ASCI 252 Introduction to the Horse Industry and Management
Description: Provides an introduction to the equine industry including history and basic biology of the horse, proper care and acceptable management procedures, and current issues. An overview of basic equine anatomy and physiology will be discussed as it relates to managerial principles associated with proper hoof care, disease prevention, breeding and genetics, nutritional management, reproduction, and animal welfare.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 254 Basic Swine Science
Description: Basic disciplines and concepts involved in swine production including: industry structure, trends and statistics; production phases and building; genetic improvement; reproduction; nutrition; health and bio-security; nutrient management; marketing and meat quality; and career opportunities in the swine industry. This course is taught by Iowa State University as part of the GPIDEA/Ag*IDEA course offerings, Registration with permission from your adviser and CASNR Online Education Office.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASCI 260 Basic Equitation
Prerequisites: Sophomore standing
Description: Study and application of basic equitation principles for the novice rider. Review of fundamental horse safety and horsemanship to include handling, grooming, equipping, riding western or English, and the relationship of riding to physical and mental well-being. Development of balanced seat, hands and posture at all the natural gaits of the horse. Emphasis will be on control of the horse through the use of the primary and secondary aids. Welfare and communication considerations in order to have effective horse-human relationships.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC
Prerequisite for: ASCI 360

ASCI 271 Companion Animal Behavior
Prerequisites: ASCI 100 or 251 or course into introductory biology.
Description: Companion animal behavior. Application of behavior principles to describe normal and problem behaviors of common companion animals.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 281 Beef Industry Scholars - Issues
Prerequisites: ASCI 181
Notes: Letter grade only
Description: Nebraska beef industry and supporting organizations (the Nebraska Cattlemen and the Nebraska Beef Council). Tours, attending meetings, and discussion of issues by invited beef industry leaders.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASCI 300A Principles of Meat Evaluation, Grading and Judging
Description: Comparative evaluation of meat characteristics of beef carcasses, beef primal cuts, pork carcasses, pork primal cuts, and lamb carcasses. Federal grade standards for beef carcass and application of USDA Institutional Meat Purchase Specifications.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC
Offered: SPRING
Prerequisite for: ASCI 400A
ASCI 300B Principles of Livestock Evaluation and Judging  
**Prerequisites:** Junior standing. ASCI 200 recommended.  
**Notes:** Opportunity to become members of the University of Nebraska Livestock Judging Team.  
**Description:** Principles of livestock judging and presentation of oral reasons. Evaluation of body structure and composition differences in breeding and market livestock as related to their use in meat production. Live animal, performance records, genetic evaluations, and breeding livestock scenarios evaluated. Presentation of oral reasons to defend selection decisions.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** LEC  
**Prerequisite for:** ASCI 300D; ASCI 400B

ASCI 300D Principles of Meat Animal Evaluation  
**Prerequisites:** ASCI 300B.  
**Notes:** The University of Nebraska Meat Animal Evaluation Team will be selected from students in this course.  
**Description:** Further expertise in breeding animal, market animal, and carcass evaluation. Live animal and carcass grading and pricing.  
**Credit Hours:** 1  
**Max credits per semester:** 1  
**Max credits per degree:** 1  
**Format:** LAB

ASCI 300E Principles of Horse Evaluation and Judging  
**Prerequisites:** Junior standing recommended.  
**Notes:** A student enrolled in ASCI 300E will have an opportunity to become a member of the University of Nebraska Horse Judging Team.  
**Description:** Conformation associated with equine structural form and performance standards. Evaluation of performance classes as governed by breed association standards and industry regulations. Presentation of oral reasons to defend selection decisions.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** LAB

ASCI 310 Fresh Meats  
**Prerequisites:** ASCI 210.  
**Description:** Fresh meat from beef, pork, lamb, and poultry. Characteristics of muscle, meat technology, preservation, merchandising concepts, and markets.  
**Credit Hours:** 3  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** LEC  
**Prerequisite for:** ASCI 343, NUTR 343

ASCI 311A Equine Industry Study Tour  
**Description:** Study tour of livestock and/or meat/food processors. Provide an understanding of the industry’s operations and problems.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** LEC

ASCI 311B Meat Industry Study Tour  
**Description:** Study tour of livestock and/or meat/food processors. Provide an understanding of the industry’s operations and problems.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** LEC

ASCI 311D Pork Industry Study Tour  
**Description:** Study tour of livestock and/or meat/food processors. Provide an understanding of the industry’s operations and problems.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** LEC

ASCI 311E Beef Industry Study Tour  
**Prerequisites:** ASCI 281  
**Notes:** Supplements to the class include invited speakers. A summer tour is required. Letter grade only  
**Description:** Identify beef cattle related enterprises that represent the breadth of the cattle industry. Prioritize these enterprises as candidates for inclusion in the summer tour.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** LEC

ASCI 311E Beef Industry Study Tour  
**Prerequisites:** ASCI 281  
**Notes:** Supplements to the class include invited speakers. A summer tour is required. Letter grade only  
**Description:** Identify beef cattle related enterprises that represent the breadth of the cattle industry. Prioritize these enterprises as candidates for inclusion in the summer tour.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** LEC  
**Prerequisite for:** ASCI 381

ASCI 315 Animal Growth and Development  
**Prerequisites:** ASCI 240 or 340  
**Description:** Provide insight into the growth and development of the structural tissues in animals. The physiological, genetic, nutritional, and environmental factors that can affect growth and development of animals will be discussed in terms of both livestock and domestic animals.  
**Credit Hours:** 3  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** LEC

ASCI 320 Animal Nutrition and Feeding  
**Prerequisites:** ASCI 240 or 340 or equivalent, CHEM 106 or 251 or equivalent.  
**Description:** Fundamentals of nutrition and feeding of domestic livestock, nutrients and nutrient requirements, characteristics of feedstuffs, methods of feeding, and the feed industry.  
**Credit Hours:** 3  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** LEC  
**Prerequisite for:** ASCI 321; ASCI 450; ASCI 455; ASCI 457; ASCI 486

ASCI 321 Companion Animal Nutrition  
**Prerequisites:** ASCI 320 or equivalent.  
**Description:** Digestive anatomy and physiology of companion animals including dogs, cats, small mammals, and exotic species. Unique nutrient requirements, pet food formulation, and regulations.  
**Credit Hours:** 3  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** LEC
ASCI 322 Equine Nutrition
Notes: Offered in odd numbered calendar years. ASCI 320 recommended.
Description: Equine nutrition including digestive anatomy and physiology. Nutritional requirements of horses as related to growth, reproduction, and performance. The relationship of nutrition to disease and environment. Management practices and application of current equine nutritional research.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASCI 330 Animal Breeding and Genetics
Prerequisites: ASCI 341 Physiology and Management of Reproduction, ASCI 315; ASCI 320; ASCI 341; ASCI 486; VBMS 303; VBMS 403; VBMS 410
Description: Principles of animal genetics and genomics, and their application to improvement of livestock and companion animals. Topics include: characterization of allelic and genetic variation associated with animal performance, principles of selection, inbreeding and crossbreeding, advances in molecular genetics, and their applications to the development of breeding programs to enhance animal productivity and well-being.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC
Offered: FALL
Prerequisite for: ASCI 455

ASCI 340 Animal Physiological Systems
Prerequisites: ASCI 315; ASCI 320; ASCI 341; ASCI 486; VBMS 303; VBMS 403; VBMS 410
Description: A comprehensive look at the major physiological systems that comprise the mammalian body. Anatomical organization and functionality of the nervous system, muscle, cardiovascular system, respiratory system, digestive system, urinary system, reproductive system, endocrine system, and immune system. Labs offer hands-on learning experiences through dissections, clinical demonstrations, and interactive multimedia.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC
Offered: FALL
Prerequisite for: ASCI 455

ASCI 341 Physiology and Management of Reproduction
Prerequisites: ASCI 240 or 340
Description: Comparative anatomy and physiology of reproduction in domestic animals. Endocrine regulation of reproductive function, patterns of reproduction, economic consequences of sub-optimal reproductive performance, environmental influences on reproductive efficiency, application of selected techniques for controlling reproduction. Laboratory provides application of techniques used in reproductive management.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC
Offered: FALL
Prerequisite for: ASCI 450; ASCI 455

ASCI 342 Equine Reproduction
Prerequisites: ASCI 240 or equivalent. ASCI 341 recommended.
Description: Anatomy and physiology of stallion and mare reproductive systems. Estrous detection systems, artificial and natural breeding techniques, infertility, semen collection and processing, reproductive management, and record keeping.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASCI 343 Meat CulinologyTMIII: Foodservice Applications
Crosslisted with: NUTR 343
Prerequisites: ASCI/NUTR 210 or ASCI/NUTR 213 or ASCI/NUTR 310.
Description: Cookery principles and methods role in maintaining meat yield and quality characteristics. Cookery techniques to maximize guest satisfaction and insure foodservice and/or restaurant financial integrity. Flavor enhancement and cookery technology application in center of the plate concept development.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 344A Swine Breeding & Gestation
Prerequisites: ASCI 240 or equivalent. ASCI 341 recommended.
Description: Concepts related to: reproductive physiology and endocrinology of boars and sows; genetic selection programs; development programs for future replacement gilts and boars; semen collection, evaluation, and preparation; detection of estrus and artificial insemination; pregnancy diagnosis; feeding and house programs for gestating sows; environmental management; records; diseases; and development of quality assurance programs for identifying and solving reproductive problems. This course is taught by North Carolina State University and is part of the GPIDEA/AgIDEA courses offerings. Registration with permission from your advisor and CASNR Online Education.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASCI 344B Swine Farrowing Management
Description: Advanced integration and application of reproductive management concepts during farrowing and lactation. Identification of production trends; formulation of strategies to improve productivity; and parturition and neonatal management. This course is taught by the University of Missouri and is part of the GPIDEA/AgIDEA course offerings. Registration with permission from your advisor and CASNR Online Education Office.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC
ASCI 354D Swine Nursery Management
Description: Overview of the critical management, housing, and financial considerations relevant to the successful operation of a swine nursery, grow-finish, or wean to finish enterprise, including: nutrient requirements; building and facility management; and marketing. This course is taught by Penn State as part of the GPIDEA/Ag*IDEA course offerings. Registration with permission from your advisor and CASNR Online Education Office.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASCI 354E Employee Management for Swine Industry
Description: Effective employee management in swine production units. Assist students in understanding the principles, policies, and practices related to procurement, development, maintenance, and utilization of employees. This course is taught by Virginia Tech University and is part of the GPIDEA/AgIDEA consortium. Registration is with permission from your advisor and CASNR Online Education Office.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASCI 354F Swine Environment Management
Description: Response of swine to thermal environment, ventilation system design and analysis, heating and cooling systems and examples of various designs for all phases of production. Trouble shooting ventilation systems and energy analysis of production units. This course is taught by Iowa State University as part of the GPIDEA/AgIDEA consortium. Registration with permission from your adviser and CASNR Online Education Office.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASCI 370 Animal Welfare
Prerequisites: Junior standing or permission.
Description: In-depth exploration of the issues involved in animal use. The historical, biological, ethical, and social aspects of human/animal interactions in Western culture.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 381 Beef Industry Scholars - Practicum
Prerequisites: ASCI 311E, ALEC 350
Notes: ASCI 381 is ‘Letter grade only’.
Description: Financial risk management, beef processing, animal health, and related emerging issues.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC
Offered: SPRING
Prerequisite for: ASCI 481

ASCI 395A Experiential Learning for Career Development in Animal Sciences - Industry Experiences
Description: Extension and application of the animal science curriculum within the context of industry (e.g., internship), extension and service, research, or teaching experience.
Credit Hours: 1-6
Min credits per semester: 1
Max credits per semester: 6
Max credits per degree: 6
Format: FLD
Prerequisite for: ASCI 482, AECN 482

ASCI 395B Extension and Service Experiences
Description: Extension and application of the animal science curriculum within the context of industry (e.g., internship), extension and service, research, or teaching experience. A faculty adviser for the area of interest must be identified prior to registering for the course.
Credit Hours: 1-6
Min credits per semester: 1
Max credits per semester: 6
Max credits per degree: 6
Format: FLD
Prerequisite for: ASCI 482, AECN 482

ASCI 395D Research Experiences
Description: Extension and application of the animal science curriculum within the context of industry (e.g., internship), extension and service, research, or teaching experience. A faculty adviser for the area of interest must be identified prior to registering for the course.
Credit Hours: 1-6
Min credits per semester: 1
Max credits per semester: 6
Max credits per degree: 6
Format: IND
ASCI 395E Experiential Learning for Career Development in Animal Sciences - Undergraduate Teaching Experience
Description: Extension and application of the animal science curriculum within the context of industry (e.g., internship), extension and service, research, or teaching experience.
Credit Hours: 1-6
Min credits per semester: 1
Max credits per semester: 6
Max credits per degree: 6
Format: IND

ASCI 399 Independent Study in Animal Science
Prerequisites: Permission.
Description: Individual or group projects in research, literature review, or extension of course work under supervision and evaluation of a departmental faculty member.
Credit Hours: 1-5
Min credits per semester: 1
Max credits per semester: 5
Max credits per degree: 12
Format: IND

ASCI 400A Advanced Meat Grading and Evaluation
Prerequisites: ASCI 300A.
Description: Comparative evaluation of the meat characteristics of beef, pork, and lamb that affect product merit and the scientific basis of the factors that influence the relative value. Federal meat grades and their application, industry grading system and their application, and application of Institutional Meat Purchase Specifications. Application of the above topics, as well as critical decision making and written justification of meat product merit, practiced in-depth.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASCI 400B Advanced Livestock Evaluation and Judging
Prerequisites: ASCI 300B or equivalent experience.
Notes: The University of Nebraska Senior Livestock Judging Team will be selected from students in this course.
Description: Livestock judging and evaluation applying principles learned in ASCI 300B. Field trips to commercial and purebred livestock operations and exhibitions. Network with producers to learn varied livestock production philosophies. Develop a proficiency in brief, concise oral presentation of reasons for making a decision.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASCI 400E Advanced Horse Evaluation and Judging
Prerequisites: ASCI 300E or equivalent, recommended.
Notes: The University Horse Judging Team is selected from students enrolled in ASCI 400E. Field trips are a major component of the course.
Description: Advanced horse judging and analysis. Evaluate conformation and score multiple performance events. The development and presentation of concise oral reasons to defend placing decisions.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LAB

ASCI 410 Processed Meats
Crosslisted with: ASCI 810
Prerequisites: ASCI 210 or equivalent. Junior standing.
Notes: 3 cr II classroom. 3 cr I, II, III web.
Description: ASCI 485 is for majors in the College of Agricultural Sciences and Natural Resources with an interest in careers in livestock production units, the meat industry, or related agribusiness.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 411 HACCP and Food Safety Systems for the Food Industry
Prerequisites: An understanding of food production and processing operations. Recommended: ASCI 310, 410, and FDST 205; or NUTR 343.
Description: Principles, implementation, sanitation, and standard operating procedures that function to support the Hazard Analysis and Critical Control Point (HACCP) System. Food safety hazards and their relationship to food borne illness in the meat and food industry.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 419 Meat Investigations
Crosslisted with: ASCI 819, FDST 419, FDST 819
Prerequisites: ASCI 210.
Description: Conduct independent research and study meat industry problems in processing, production, storage, and preparation of meat and meat products.
Credit Hours: 1-3
Min credits per semester: 1
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 421 Advanced Animal Nutrition
Crosslisted with: ASCI 821
Prerequisites: ASCI 320.
Description: Advanced course dealing with the nutrition of domestic animals. In-depth coverage of nutrients, nutrient metabolism, and nutrient requirements. Biochemical and physiological functions of nutrients in life processes.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Prerequisite for: ASCI 925, NUTR 925; ASCI 926, NUTR 926; ASCI 927, NUTR 927

ASCI 422 Advanced Feeding and Feed Formulation
Crosslisted with: ASCI 822
Prerequisites: ASCI 320 or equivalent.
Description: Feeding practices for domestic animals. Applied animal nutrition and feed formulation.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
ASCI 431 Advanced Animal Breeding
Crosslisted with: ASCI 831
Prerequisites: ASCI 330.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 432 Genome Analysis
Crosslisted with: ASCI 832
Prerequisites: AGRO 215 and BIOC 321 or equivalent
Description: Theoretical and practical aspects of: structure and function of eukaryotic genomes; genome sequencing and assembling, polymorphism and isoform detection and genotyping; gene and genome annotation; strategies used to identify genetic variants responsible for phenotypic differences; and personalized genomics, social and ethical aspects associated with genomic information.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Offered: SPRING

ASCI 441 New Techniques in Reproductive Biology
Crosslisted with: ASCI 841
Prerequisites: ASCI 341 or equivalent.
Description: Mammalian early embryonic development. Basic aspects of embryology and development biology. Modern technologies in animal reproductive biology, in vitro maturation and fertilization, embryo transfer, cloning, assisted reproductive technologies, transgenic animals, and embryonic stem cells.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 442 Endocrinology
Crosslisted with: ASCI 842, BIOS 442, BIOS 842, VBMS 842
Prerequisites: A course in vertebrate physiology and/or biochemistry.
Description: Mammalian endocrine glands from the standpoint of their structure, their physiological function in relation to the organism, the chemical nature and mechanisms of action of their secretory products, and the nature of anomalies manifested with their dysfunction.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ACE: ACE 10 Integrated Product

ASCI 443 Physiology of Animal Cells and Tissues
Crosslisted with: ASCI 843
Prerequisites: LIFE 121; ASCI 240 or ASCI 340 or BIOS 213; BIOS 321 or BIOS 431
Description: Molecular, cellular, and tissue dependent functions of neurons, skeletal and smooth muscle, vasculature, and immune cells. Cellular regulation of important physiological processes including blood flow, gas exchange, inorganic solute homeostasis, acid-base balance, water balance, appetite control, and thermal regulation will also be studied. Understand cellular and molecular processes that ensure homeostasis and promote integration of physiological systems.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 450 Horse Management
Prerequisites: Senior standing or permission; ASCI 320; ASCI 341
Notes: ASCI 330 recommended
Description: Light horse production. Nutrition, reproduction, management, housing, and principle usage of light horses.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Offered: FALL

ASCI 451 Livestock Management on Range and Pasture
Crosslisted with: AGRO 445, AGRO 845, ASCI 851, RNGE 445
Prerequisites: ASCI 250 and AGRO 240 or 340; AECN 201 recommended.
Notes: Capstone course. All students required to participate in a one-week field trip in central or western Nebraska prior to beginning of fall semester. Therefore, students must notify instructor at time of early registration (Dates are given in class schedule.)
Description: Analyzing the plant and animal resources and economic aspects of pasturage. Management of pasture and range for continued high production emphasized.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 453 Dairy Management
Crosslisted with: ASCI 453H
Prerequisites: Senior standing and ASCI 250, or permission. ASCI 240, 320 and 330 recommended.
Description: Management of a dairy enterprise for efficient production of a quality product. Emphasis on specific problems in breeding, feeding, reproduction, facilities, herd health, and in harvesting and marketing of milk and related economic considerations.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
ASCI 453H Dairy Management
Crosslisted with: ASCI 453
Prerequisites: Senior standing and ASCI 250, or permission. ASCI 240, 320 and 330 recommended.
Description: Management of a dairy enterprise for efficient production of a quality product. Emphasis on specific problems in breeding, feeding, reproduction, facilities, herd health, and in harvesting and marketing of milk and related economic considerations.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

ASCI 455 Beef Cow-Calf Management
Prerequisites: Senior standing or permission; ASCI 320; ASCI 330 or 341
Description: Integrated management specific to the beef cow-calf enterprise necessary to achieve biologic and economic efficiency.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASCI 456 Beef Cattle Merchandising
Prerequisites: Senior standing. ASCI 300B and 330 recommended.
Notes: Students enrolled in ASCI 456 are responsible for planning and conducting the annual UNL bull sale.
Description: Develop skills to merchandise breeding cattle including advertising, genetic and phenotype selection, data collection, and conducting a bull sale.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASCI 457 Beef Feedlot Management
Prerequisites: Senior standing or permission; ASCI 320
Description: Advanced preparation in the feeding of cattle for slaughter. Emphasis on the nutrition and management of feedlot cattle and related health and economic considerations. Covers the beef enterprise from weaning to market and relates closely to beef cow-calf production.
Credit Hours: 2
Max credits per semester: 2
Max credits per degree: 2
Format: LEC

ASCI 481 Beef Industry Scholars - Beef Summit
Prerequisites: ASCI 381
Notes: ASCI 481 requires working with the Nebraska Cattlemen and the instructor to develop the summit. Letter grade only
Description: Identification of a major issue confronting the Nebraska beef industry. Organize a Nebraska summit meeting to discuss and bring the identified issue to resolution.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC
Offered: FALL
Prerequisite for: ASCI 482, AECN 482

ASCI 482 Beef Industry Scholars - National Beef Industry Policy
Crosslisted with: AECN 482
Prerequisites: ASCI 481; ASCI 395A or ASCI 395B or GRAS 490 or AECN 495C
Notes: ASCI 482 requires attending the National Cattlemen's Beef Association (NCBA) annual convention and then, communicating the new policy and issues to local organizations and undergraduate student groups. Letter grade only.
Description: Discuss and dissect issues from the NCBA convention researching the pros and cons of current and proposed policy.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC
Offered: SPRING

ASCI 485 Animal Systems Analysis
Prerequisites: Junior or Senior standing or permission
Notes: ASCI 485 is for majors in the College of Agricultural Sciences and Natural Resources with an interest in careers in livestock production units, the meat industry, or related agribusiness.
Description: Goal setting, information gathering, and application of problem solving methods in animal science. Develops ability to analyze and solve problems in all segments of animal science by integration of information from all pertinent disciplines and sources.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Offered: FALL/SPR
ACE: ACE 10 Integrated Product

ASCI 486 Animal Biological Systems
Prerequisites: Junior or Senior standing; ASCI 240 or 340; ASCI 320; AGRO 215 or BIOS 206
Notes: Capstone course. ASCI 486 is for seniors with an interest in careers involving animal science disciplines, animal biology, and related fields.
Description: How to integrate information from the animal science disciplines to understanding animals as biological systems. The processes of growth, adaptation, and lactation. Analyzing the interrelationship of each discipline within animal production. Using case studies, scenarios, and problem solving assignments to examine how alterations in nutrition and metabolism, genetic makeup, endocrine profile and/or the environment impact or effect the animal as a whole.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Offered: FALL
ACE: ACE 10 Integrated Product

ASCI 490A Animal Science Internship - Beef Feedlot Management
Prerequisites: Acceptance into the Beef Feedlot Management Program.
Description: Management internship in a beef feedlot. Organizational and financial structure of the beef feedlot and experience in making decisions related to: animal production, marketing, business management, and personnel management.
Credit Hours: 1-3
Min credits per semester: 1
Max credits per semester: 3
Max credits per degree: 3
Format: FLD
ASCI 491 Animal Science Seminar
Prerequisites: Senior standing.
Description: Student-led discussion of selected current topics significant to the livestock, poultry, and meat industry. Concerns and issues of society as they relate to local, national, and international animal agriculture.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC

ASCI 496 Independent Study in Animal Science
Crosslisted with: ASCI 896
Prerequisites: 12 hrs animal science or closely related areas and permission.
Description: Individual or group projects in research, literature review, or extension of course work under the supervision and evaluation of a departmental faculty member.
Credit Hours: 1-5
Min credits per semester: 1
Max credits per semester: 5
Max credits per degree: 12
Format: IND

ASCI 499H Honors Thesis
Prerequisites: Admission to the University Honors Program and permission; AGRI 299H recommended.
Description: Conduct a scholarly research project and write a University Honors Program or undergraduate thesis.
Credit Hours: 3-6
Min credits per semester: 3
Max credits per semester: 6
Max credits per degree: 6
Format: IND

PLEASE NOTE
This document represents a sample 4-year plan for degree completion with this major. Actual course selection and sequence may vary and should be discussed individually with your college or department academic advisor. Advisors also can help you plan other experiences to enrich your undergraduate education such as internships, education abroad, undergraduate research, learning communities, and service learning and community-based learning.

Animal Science - Animal Biology & Biotechnology
Icon Legend: Critical

14 HR TERM 1
ACE 4 Life Science
complete LIFE 120, LIFE 120L

Animal Science Core
complete ASCI 100, ASCI 100L

15 HR TERM 2
ACE 2 Oral Comm
complete 1 from ALEC 102, COMM 101, COMM 209, COMM 215, COMM 283, COMM 286, JGEN 300, MRKT 257, TMFD 121, COMM 109

ACE 1 Written
complete 1 from ENGL 150, ENGL 151, ENGL 254, JGEN 120, JGEN 200, JGEN 300

ACE 7 Arts
complete 1 from ACE7

15 HR TERM 3
Chemistry/Microbiology
complete LIFE 121, LIFE 121L

College Algebra Reqt
complete MATH 102

12 HR TERM 4

Please note that the course selection and sequence may vary based on individual needs and interests. It is recommended to consult with an academic advisor to plan other educational experiences such as internships, education abroad, research projects, learning communities, and service learning and community-based learning.
Animal Science Core
complete ASCI 340, ASCI 210

Chemistry/Microbiology
complete CHEM 109

Chemistry/Microbiology becomes critical to your success in the major if not completed by the fourth term of enrollment.

ACE 8 Ethical Principles
complete 1 from ACE8

Complete an ACE 5, 7, or 8 requirement this term.

15 HR TERM 4

Genetics
complete AGRO 215

Chemistry/Microbiology
complete CHEM 110

ACE 6 Economics
complete 1 from AECN 141, ECON 211, ECON 212

Professional Development
complete ASCI 201

ASCI 201 becomes critical to your success in the major if not completed by the fifth term of enrollment.

Electives
complete Any Course

17 HR TERM 5

Animal Science Core
complete ASCI 341

Animal Science Core
complete ASCI 330

Chemistry/Microbiology
complete CHEM 251, CHEM 253

Animal/Meat Eval Exp
complete 1 from AGRI 388, AGRI 389, ASCI 496, ASCI 300A, ASCI 300B, ASCI 300D, ASCI 300E, ASCI 400A, ASCI 400B, ASCI 400E, ASCI 361, ASCI 456, ASCI 481, ASCI 482

Recommended to take an Experiential Learning course this term.

Comm/Interpersonal Skills
complete 1 from ALEC 102, ALEC 202, ALEC 207, ALEC 302, ALEC 305, ALEC 350, ALEC 480, COMM 101, COMM 209, COMM 212, COMM 215, COMM 283, COMM 325, ENGL 150, ENGL 151, ENGL 154, JGEN 103, JGEN 120, JGEN 200, JGEN 220H, JGEN 300, MNGT 311, MNGT 365, TMFD 121

15 HR TERM 6

Animal Science Core
complete ASCI 320

Intern/Ext/Research/Teach

Recommended to take an Experiential Learning course this term.

Chemistry/Microbiology
complete BIOS 312, BIOS 314, CHEM 252

Electives
complete Any Course
16 HR TERM 7

College Course/ACE 10

complete ASCI 486

Adv Animal Science

complete 1 from ASCI 421, ASCI 431, ASCI 432, ASCI 441, ASCI 442, ASCI 443, BIOC 432, BIOC 433, BIOC 437, BIOC 442, BIOS 420, BIOS 440, BIOS 443

ASCI/VBMS 400 Level

complete Any Animal Science Course at the 400 Level, Any Veterinary Science Course at the 400 Level

Supporting Business

complete 1 from ACCT 200, ACCT 201, ACCT 202, AECN 201, AECN 225, AECN 235, AECN 256, AECN 265, AECN 301, AECN 316, AECN 325, AECN 336, AECN 345, AECN 357, AECN 401, AECN 416, AECN 420, AECN 425, AECN 435, AECN 436, AECN 445, AECN 452, AECN 453, AECN 456, AECN 457, BLAW 300, BLAW 371, ECON 303, ENTR 121, ENTR 275, ENTR 321, ENTR 322, ENTR 388, FINA 260, FINA 300, MNGT 300, MNGT 360, MNGT 361, MRKT 300, MRKT 341, MRKT 345, MRKT 346, MRKT 347, MRKT 350, MRKT 425, SCMA 331

16 HR TERM 8

Animal Science Core

complete ASCI 491

ASCI/VBMS 400 Level

complete either Any Animal Science Course at the 400 Level or Any Veterinary Science Course at the 400 Level

ACE 3 Math/Statistics

complete PHYS 141

Electives

complete Any Course

Graduation Requirements
1. Performance Measure: 2.00 GPA required for graduation.
2. ***Total Credits Applying Toward 120 Total Hours***

Animal Science - Business & Communications

Icon Legend: Critical

16 HR TERM 1

College Course/ACE 10

complete SCIL 101

Animal Science Core

complete ASCI 100, ASCI 100L

ACE 4 Life Science

complete 2 from BIOS 101, BIOS 101L, LIFE 120, LIFE 120L

College Algebra Reqt

complete MATH 102

MATH 102 becomes critical to your success in the major if not completed by the second term of enrollment.

ACE 5 Humanities

complete 1 from ACE5

Complete an ACE 5, 7, or 8 requirement this term.

Animal Sci Orientation

complete ASCI95#

ASCII 95 becomes critical to your success in the major if not completed in the first term of enrollment.

15 HR TERM 2

ACE 6 Economics

complete 1 from AECN 141, ECON 211, ECON 212
ACE 3 Mathematics

complete STAT 218

ACE 1 Written

complete 1 from ENGL 150, ENGL 151, ENGL 254, JGEN 120, JGEN 200, JGEN 300

ACE 7 Arts

complete 1 from ACE7

Complete an ACE 5, 7, or 8 requirement this term.

Animal Science Core

complete ASCI 210

16 HR TERM 3

Intro Animal Science

complete either ASCI 251 or ASCI 252

ACE 4 Chemistry

complete either CHEM 109 or CHEM 105

CHEM 109 becomes critical to your success in the major if not completed by the fourth term of enrollment.

Electives

complete Any Course

Accounting

complete ACCT 200

16 HR TERM 4

Genetics

complete either AGRO 215 or BIOS 206

ACE 4 Chemistry/Org Chem

complete CHEM 110

CHEM 106 is also acceptable this term.

ACE 2 Oral Comm

complete 1 from ALEC 102, COMM 101, COMM 209, COMM 215, COMM 283, COMM 286, JGEN 300, MRKT 257, TMFD 121, COMM 109

Professional Development

complete ASCI 201

ASCI 201 becomes critical to your success in the major if not completed by the fifth term of enrollment.

Animal Science Core

complete ASCI 240

16 HR TERM 5

Animal Science Core

complete ASCI 341

Animal Science Core

complete ASCI 330

ACE 4 Chemistry/Org Chem

complete CHEM 251, CHEM 253

Industry Study Tours

complete 1 from AGRI 310, ASCI 311A, ASCI 311B, ASCI 311D, ASCI 311E

Recommended to take an Experiential Learning course this term.
Communications Leadership

complete either ALEC 202 or MNGT 311

15 HR TERM 6

Animal Science Core

complete ASCI 320

Supporting Business

complete 1 from AECN 201, AECN 225, AECN 235, AECN 256, AECN 265, AECN 301, AECN 316, AECN 325, AECN 336, AECN 345, AECN 357, AECN 401, AECN 416, AECN 420, AECN 425, AECN 435, AECN 436, AECN 445, AECN 452, AECN 453, AECN 456, AECN 457, BLAW 300, BLAW 371, ECON 303, ENTR 121, ENTR 321, ENTR 322, ENTR 275, ENTR 388, FINA 260, FINA 300, MNGT 121, MNGT 300, MNGT 321, MNGT 322, MNGT 360, MNGT 361, MRKT 300, MRKT 341, MRKT 345, MRKT 346, MRKT 347, MRKT 350, MRKT 425, SCMA 331

Animal/Meat Eval Exp

complete 1 from ASCI 400B, AGRI 388, AGRI 389, ASCI 496, ASCI 300A, ASCI 300B, ASCI 300D, ASCI 300E, ASCI 400A, ASCI 400E, ASCI 361, ASCI 456, ASCI 481, ASCI 482

Recommended to take an Experiential Learning course this term.

Comm/Interpersonal Skills

complete 1 from ALEC 102, ALEC 202, ALEC 207, ALEC 302, ALEC 305, ALEC 350, ALEC 480, COMM 101, COMM 209, COMM 212, COMM 215, COMM 283, COMM 286, COMM 325, ENGL 150, ENGL 151, ENGL 254, JGEN 103, JGEN 120, JGEN 200, JGEN 220H, JGEN 300, MNGT 311, MNGT 365, MRKT 257, TMFD 121

Addtl Comm Leadership

complete 1 from ALEC 302, ALEC 305, MNGT 365

13 HR TERM 8

Animal Science Core

complete ASCI 491

College Course/ACE 10

complete ASCI 485

Supporting Business

complete 2 from AECN 201, AECN 225, AECN 235, AECN 256, AECN 265, AECN 301, AECN 316, AECN 325, AECN 336, AECN 345, AECN 357, AECN 401, AECN 416, AECN 420, AECN 425, AECN 435, AECN 436, AECN 445, AECN 452, AECN 453, AECN 456, AECN 457, BLAW 300, BLAW 371, ECON 303, ENTR 121, ENTR 321, ENTR 322, ENTR 275, ENTR 388, FINA 260, FINA 300, MNGT 121, MNGT 300, MNGT 321, MNGT 322, MNGT 360, MNGT 361, MRKT 300, MRKT 341, MRKT 345, MRKT 346, MRKT 347, MRKT 350, MRKT 425, SCMA 331

Addtl Comm Leadership

complete 1 from ALEC 302, ALEC 305, MNGT 365

16 HR TERM 7

Animal Science Management

complete 1 from ASCI 310, ASCI 315, ASCI 321, ASCI 322, ASCI 342, ASCI 354A, ASCI 354B, ASCI 354D, ASCI 354E, ASCI 354F, ASCI 370, ASCI 410, ASCI 411, ASCI 421, ASCI 422, ASCI 431, ASCI 432, ASCI 441, ASCI 442, ASCI 443, ASCI 450, ASCI 453, ASCI 455, ASCI 457

ACE 8 Ethical Principles

complete 1 from ACE8

Complete an ACE 5, 7, or 8 requirement this term.

Supporting Business

complete 2 from AECN 201, AECN 225, AECN 235, AECN 256, AECN 265, AECN 301, AECN 316, AECN 325, AECN 336, AECN 345, AECN 357, AECN 401, AECN 416, AECN 420, AECN 425, AECN 435, AECN 436, AECN 445, AECN 452, AECN 453, AECN 456, AECN 457, BLAW 300, BLAW 371, ECON 303, ENTR 121, ENTR 321, ENTR 322, ENTR 275, ENTR 388, FINA 260, FINA 300, MNGT 121, MNGT 300, MNGT 321, MNGT 322, MNGT 360, MNGT 361, MRKT 300, MRKT 341, MRKT 345, MRKT 346, MRKT 347, MRKT 350, MRKT 425, SCMA 331

ACE 9 Global/Human Divers

complete 1 from ACE9

Graduation Requirements

1. Performance Measure: 2.00 GPA required for graduation.
2. ***Total Credits Applying Toward 120 Total Hours***

**Animal Science - Companion Animal Science**

**16 HR TERM 1**

**College Course/ACE 10**

complete SCIL 101  

**Animal Science Core**

complete either ASCI 100 or ASCI 100L  

**ACE 4 Life Science**

complete 2 from BIOS 101, BIOS 101L, LIFE 120, LIFE 120L  

**College Algebra Reqt**

complete MATH 102  

MATH 102 becomes critical to your success in the major if not completed by the second term of enrollment.

**ACE 5 Humanities**

complete 1 from ACE5  

Complete an ACE 5, 7, 8, or 9 requirement this term.

**Animal Sci Orientation**

complete ASCI95#  

ASCI 95 becomes critical to your success in the major if not completed in the first term of enrollment.

**16 HR TERM 2**

**ACE 6 Economics**

complete 1 from AECN 141, ECON 211, ECON 212  

**ACE 3 Mathematics**

complete STAT 218  

**ACE 1 Written**

complete 1 from ENGL 150, ENGL 151, ENGL 254, JGEN 120, JGEN 200, JGEN 300  

**ACE 7 Arts**

complete 1 from ACE7  

Complete an ACE 5, 7, 8, or 9 requirement this term.

**ACE 3 Math/Statistics**

complete MSYM 109  

**16 HR TERM 3**

**Animal Science Core**

complete ASCI 251  

**ACE 4 Chemistry**

complete either CHEM 105 or CHEM 109  

CHEM 109 becomes critical to your success in the major if not completed by the fourth term of enrollment.

**Electives**

complete Any Course  

**ACE 2 Oral Comm**

complete 1 from ALEC 102, COMM 101, COMM 209, COMM 215, COMM 283, COMM 286, JGEN 300, MRKT 257, TMFD 121, COMM 109  

**ACE 8 Ethical Principles**

complete 1 from ACE8  

Complete an ACE 5, 7, or 8 requirement this term.
16 HR TERM 4

Companion Animal Elect

complete 1 from ASCI 107, ASCI 171, ASCI 210, ASCI 271, ASCI 315, ASCI 322, ASCI 342, ASCI 370, BIOS 462, NRES 211, NRES 220, NRES 222, NRES 311

Genetics

complete either AGRO 215 or BIOS 206

ACE 4 Chemistry/Org Chem

complete CHEM 110

CHEM 106 is also acceptable this term.

Animal Science Core

complete ASCI 240

Professional Development

complete ASCI 201

ASCI 201 becomes critical to your success in the major if not completed by the fifth semester of enrollment.

17 HR TERM 5

Animal Science Core

complete ASCI 341

Animal Science Core

complete ASCI 330

ACE 4 Chemistry/Org Chem

complete CHEM 251, CHEM 253

Industry Study Tours

complete 1 from AGRI 310, ASCI 311A, ASCI 311B, ASCI 311D, ASCI 311E

14 HR TERM 6

Animal Science Core

complete ASCI 320

Companion Animal Elect

complete 1 from ASCI 107, ASCI 171, ASCI 210, ASCI 271, ASCI 315, ASCI 322, ASCI 342, ASCI 370, BIOS 462, NRES 211, NRES 220, NRES 222, NRES 311

Supporting Business

complete 1 from ACCT 200, ACCT 201, ACCT 202, AECN 201, AECN 225, AECN 235, AECN 256, AECN 265, AECN 301, AECN 316, AECN 325, AECN 336, AECN 345, AECN 357, AECN 401, AECN 416, AECN 420, AECN 425, AECN 435, AECN 436, AECN 445, AECN 452, AECN 453, AECN 456, AECN 457, BLAW 300, BLAW 371, ECON 303, ENTR 121, ENTR 275, ENTR 321, ENTR 322, ENTR 388, FINA 260, FINA 300, MNGT 300, MNGT 360, MNGT 361, MRKT 300, MRKT 341, MRKT 345, MRKT 346, MRKT 347, MRKT 350, MRKT 425, SCMA 331

Microbiology

complete either BIOS 312 or VBMS 303

Animal/Meat Eval Exp

complete 1 from AGRI 388, AGRI 389, ASCI 496, ASCI 300A, ASCI 300B, ASCI 300D, ASCI 300E, ASCI 400A, ASCI 400B, ASCI 400E, ASCI 361, ASCI 456, ASCI 481, ASCI 482

Recommended to take an Experiential Learning course this term.

Comm/Interpersonal Skills

complete 1 from ALEC 102, ALEC 202, ALEC 207, ALEC 302, ALEC 305, ALEC 350, ALEC 480, COMM 101, COMM 209, COMM 212, COMM 215, COMM 283, COMM 286, COMM 325, ENGL 150, ENGL 151, ENGL 254, JGEN 103, JGEN 120, JGEN 200, JGEN 220H, JGEN 300, MNGT 311, MNGT 365, MRKT 257, TMFD 121

12 HR TERM 7

Companion Animal Elect

recommended to take an Experiential Learning course this term.
complete 1 from ASCI 107, ASCI 171, ASCI 210, ASCI 271, ASCI 315, ASCI 322, ASCI 342, ASCI 370, BIOS 462, NRES 211, NRES 220, NRES 222, NRES 311

**Electives**
complete Any Course

**ACE 9 Global/Human Divers**
complete 1 from ACE9

Complete an ACE 5, 7, 8, or 9 requirement this term.

**13 HR TERM 8**

**Animal Science Core**
complete ASCI 491

**Supporting Business**
complete 2 from ACCT 200, ACCT 201, ACCT 202, AECN 201, AECN 225, AECN 235, AECN 256, AECN 265, AECN 301, AECN 316, AECN 325, AECN 336, AECN 345, AECN 357, AECN 401, AECN 416, AECN 420, AECN 425, AECN 435, AECN 436, AECN 445, AECN 452, AECN 453, AECN 456, AECN 457, BLAW 300, BLAW 371, ECON 303, ENTR 121, ENTR 275, ENTR 321, ENTR 322, ENTR 388, FINA 260, FINA 300, MNGT 300, MNGT 360, MNGT 361, MRKT 300, MRKT 341, MRKT 345, MRKT 346, MRKT 347, MRKT 350, MRKT 425, SCMA 331

**College Course/ACE 10**
complete SCIL 101

**Animal Science Core**
complete ASCI 100, ASCI 100L
