ENVIRONMENTAL STUDIES (ASC)

Description

Website: esp.unl.edu (http://esp.unl.edu)

The environmental studies major is designed for students who want to make a difference and contribute to solving environmental challenges on a local to global scale. Solutions to challenges such as climate change, pollution, and resource conservation require individuals who have a broad-based knowledge in the natural and social sciences, as well as strength in a specific discipline. The environmental studies major will provide the knowledge and skills needed for students to work across disciplines and to be competitive in the job market. The Environmental Studies program uses a holistic approach and a framework of sustainability. This framework recognizes the necessity of meeting current resource needs without compromising the environment or the ability of future generations to meet their needs.

College Requirements

College Admission

College Admission

The entrance requirements for the College of Arts and Sciences are the same as the UNL General Admission Requirements. Students who are admitted through the Admission by Review process may have certain conditions attached to their enrollment at UNL. These conditions are explained under "Removal of Deficiencies."

In addition to these requirements, the College of Arts and Sciences strongly recommends a third and fourth year of one foreign language. Four years of high school coursework in the same language will fulfill the College of Arts and Sciences' language requirement. It will also allow students to continue language study at a more advanced level at UNL, and provide more opportunity to study abroad.

Transfer Students

To be considered for admission as a transfer student, Nebraska resident or nonresident, students must have an accumulated average of C (2.0 on a 4.0 scale) and a minimum C average in the last semester of attendance at another college. Transfer students who graduated from high school January 1997 and after must also meet the UNL General Admission Requirements. Those transfer students who graduated before January 1997 must have completed in high school, 3 years of English, 2 years of the same foreign language, 2 years of algebra, and 1 year of geometry. Transfer students who have completed less than 12 credit hours of college study must also submit either their ACT or SAT scores.

Ordinarily, hours earned at a similarly accredited college or university are applicable to the UNL degree. The College, however, will evaluate all hours submitted on an application for transfer, and reserves the right to accept or reject any of them, based upon its exclusion and restriction policies. Sixty is the maximum number of hours the University will accept on transfer from a two-year college or international institution. Transfer credit in the major or minor must be approved by the departmental advisor on a Request for Substitution Form to meet specific course requirements, group requirements, or course level requirements in the major or minor. At least half of the hours in the major field must be completed at the University regardless of the number of hours transferred.

The College of Arts and Sciences will accept no more than 15 semester hours of C- and D grades from other schools. The C- and D grades cannot be applied toward requirements for a major or minor. This policy does not apply to the transfer of grades from UNO or UNK to UNL. All D grades may be transferred from UNO or UNK, but they are not applicable to a major or minor.

Readmitted Students

UNL students who choose not to take courses for more than 2 consecutive terms, must reapply to UNL. Students readmitted to the College of Arts and Sciences will follow the requirements stated in the catalog for the academic year of readmission and re-enrollment as a degree-seeking student in Arts and Sciences. In consultation with advisors, a student may choose to follow a catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at UNL in the College of Arts and Sciences. Students must complete all degree requirements from a single catalog year. Beginning in 1990-1991, the catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Admission Deficiencies/Removal of Deficiencies

Students must remove entrance deficiencies in geometry and foreign language as soon as possible, and before graduating from the College of Arts and Sciences. For questions and more information, students should consult a college advisor in the Academic and Career Advising Center in 107 Oldfather Hall.

Removing Foreign Language Deficiencies

Students must complete the second semester of a first year language sequence to clear the deficiency and the second semester of the second year language sequence to complete the college graduation requirement in language.

Removing Geometry Deficiencies

A deficiency of one year of geometry can be removed by taking high school geometry courses through an approved independent study program, or by completing a geometry course from an accredited community college or a four-year institution. Neither of these options will count for college credit.

College Degree Requirements

College Distribution Requirements

Bachelor of Arts or Bachelor of Science (16 hours + Language)

The College of Arts and Sciences distribution requirements are designed to further the purposes of liberal education by encouraging study in several different areas within the College. All requirements are in addition to University ACE requirements. A student may not use a single course to satisfy more than one of the following five distribution requirements. A student cannot use a single course to satisfy both an ACE outcome and a College distribution requirement. A student cannot use a course from their primary major to satisfy the Breadth Requirement (F), but may apply an ancillary requirement of the primary major or a course from their second major toward this requirement. Independent study or reading courses and internships cannot be used to satisfy distribution requirements. To see a complete list of excluded courses, run a degree audit through MyRED.

Courses from interdisciplinary programs will count in the same area as courses from the home/cross-listed department(s).

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credit Hours</th>
</tr>
</thead>
</table>

College Distribution Requirements
### CDR A - Written Communication
Select from courses approved for ACE outcome 1.

### CDR B and BL - Natural, Physical, and Mathematical Sciences with Lab
Select from biochemistry, biological sciences, chemistry, computer science, geology, meteorology, mathematics, physics and statistics. Must include one lab in the natural or physical sciences. Lab courses may be selected from biochemistry, biological sciences, chemistry, geology, meteorology and physics.

Some courses from geography and anthropology may also be used to satisfy the lab requirement above.  

### CDR C - Humanities
Select from classics, English, history, modern languages and literatures, philosophy, and religious studies.

### CDR D - Social Science
Select from: anthropology, communication studies, geography, political science, psychology, or sociology.

### CDR E - Language
Fulfilled by the completion of the 6-credit-hour second-year sequence in a single foreign language in one of the following departments: Classics and religious studies, modern languages and literatures, or anthropology. Instruction is currently available in Arabic, Chinese, Czech, French, German, Greek, Japanese, Latin, Omaha, Russian, and Spanish. A student who has completed the fourth-year level of one foreign language in high school is exempt from the languages requirement.

### CDR F - Additional Breadth
Select from: natural, physical and mathematical sciences (Area B), humanities (Area C), or social sciences (Area D). Cannot be a course from the primary major.

Credit Hours Subtotal: 16-32

1. See degree audit or a College of Arts and Sciences advisor for approved geography and anthropology courses that apply as natural science.
2. Language courses numbered 210 or below apply only for the foreign language requirement.
3. See degree audit or College of Arts and Sciences advisor for list of natural/physical science courses in anthropology, geography, and psychology that do not apply as social science.

### Scientific Base
**Bachelor of Science Only (60 hours)**
The bachelor of science degree requires students to complete 60 hours in mathematical, physical and natural sciences. Approved courses for scientific base credit come from the following College of Arts and Sciences disciplines: actuarial science, anthropology (selected courses), astronomy, biochemistry (excluding BIOC 101), biological sciences (excluding BIOS 203), chemistry (excluding CHEM 101), computer science (excluding CSCE 10), geography (selected courses), geology, life sciences, mathematics (excluding courses below MATH 104), meteorology, microbiology, physics and statistics.

See your degree audit or a College of Arts and Sciences advisor for a complete list including individual classes that fall outside of the disciplines listed above. Up to 12 hours of scientific and technical courses offered by other colleges may be accepted toward this requirement with approval of a college advisor.

### Foreign Languages/Language Requirement
**Languages Exemption Policy**
UNL and the College of Arts and Sciences will exempt or waive students from the UNL entrance requirement of two years of the same foreign language or from the College’s language distribution requirement based on documentation only. The following are the options and procedures for documentation:

### High School Transcripts
**For the University entrance requirement**, students must show an official high school transcript with two or more years of the same foreign language.

**For the College of Arts and Sciences College Distribution Requirement**
**E-Language**, students must show an official high school transcript with four or more years of the same foreign language in high school, or show evidence of graduation from a non-English-speaking foreign high school. Students whose native language is not English must show English as a Second Language study on an official high school transcript. Four years of ESL at the high school level (9th, 10th, 11th and 12th grades) will be the basis for a waiver of the CDR E Language requirement.

**Proficiency Examination at UNL**
**For the University entrance requirement**, students who do not have transcript documentation can request to take a proficiency exam in the language. (This is not the same test as the Modern Languages Placement Exam.) However, UNL will provide testing only in the languages it teaches. Currently, these languages are: Arabic, French, German, Spanish, Russian, Czech, Japanese, Chinese.

**For the College of Arts and Sciences College Distribution Requirement**
**E-Language**, the Department of Modern Languages will oversee the test at the 202 level. If the student passes the test, the department will sign the College Request for Waiver form and indicate the level of proficiency. The form is then forwarded to the Arts and Sciences Advising Center for approval.

For the University entrance requirement, students who do not have transcript documentation who claim proficiency in a language not taught at UNL, have the option of seeking out a distance education program in languages. If the student completes the equivalent of 102 from an approved distance education program, the student will meet the UNL entrance requirement. The student must have the course work approved before he/she takes/completes the course as equivalent to 102 by a College advisor. The student then completes the course and has the distance education program send the transcript to the Admissions Office.

**Distance Education**
**For the University entrance requirement**, students without transcript documentation who claim proficiency in a language not taught at UNL, have the option of seeking out a distance education program in languages. If the student completes the equivalent of 102 from an approved distance education program, the student will meet the UNL entrance requirement. The student must have the course work approved before he/she takes/completes the course as equivalent to 102 by a College advisor. The student then completes the course and has the distance education program send the transcript to the Admissions Office.

**Third Language Option**
If a student demonstrates knowledge of two foreign languages at the 102 level, the College of Arts and Sciences may consider waiving two semesters of the four semester College Distribution Requirement...
E-Languages requirement. If this waiver were granted, the student would then be required to complete 101 and 102 in another, 3rd foreign language at UNL.

**Minimum Hours Required for Graduation**

A minimum of 120 semester hours of credit is required for graduation from the College of Arts and Sciences. A total grade point average of at least 2.0 is required.

**Grade Rules**

**Restrictions on C- and D Grades**

The College will accept no more than 15 semester hours of C- and D grades from other schools except for UNO and UNK. No transfer C- and D grades can be applied toward requirements in a major or a minor. No UNL C- and D grades can be applied toward requirements in a major or a minor.

**Pass/No Pass Privilege**

University regulations for the Pass/No Pass (P/N) privilege state:

- The Pass/No Pass option is designed for your use by seeking to expand your intellectual horizons by taking courses in areas where you may have had minimal preparation.
- Neither the P nor the N grade contribute to your GPA.
- P is interpreted to mean C or above.
- A change to or from a Pass/No Pass may be made until mid-term (see academic calendar for specific dates per term).
- The Pass/No Pass or grade registration cannot conflict with the policy of the professor, department, college, or University governing the grading option.
- Changing to or from Pass/No Pass requires using the MyRED system to change the grading option or filing a Drop/Add form with the Office of the University Registrar, 107 Canfield Administration Building. After mid-term of the course, a student registered for Pass/No Pass cannot change to a grade registration unless the Pass/No Pass registration is in conflict with the policy of the professor, department, college, or University governing Pass/No Pass.
- The Pass/No Pass grading option cannot be used for the removal of C- or D or F grades.

**Pass/No Pass privileges in the College of Arts and Sciences** are extended to students according to the following additional regulations:

- Pass/No Pass hours can count toward fulfillment of University ACE requirements and college distribution requirements up to the 24-hour maximum.
- Most Arts and Sciences departments and programs do not allow courses graded Pass/No Pass to apply to the major or minor. Students should refer to the department’s or program’s section of the catalog for clarification. By college rule, departments can allow up to 6 hours of Pass/No Pass in the major or minor.
- Departments may specify that certain courses of theirs can be taken only on a P/N basis.
- The college will permit no more than a total of 24 semester hours of P/N grades to be applied toward degree requirements. This total includes all Pass grades earned at UNL and other U.S. schools. **NOTE:** This 24-hour limit is more restrictive than the University regulation.

**Grading Appeals**

A student who feels that he/she has been unfairly graded must ordinarily take the following sequential steps in a timely manner, usually by initiating the appeal in the semester following the awarding of the grade:

1. Talk with the instructor concerned. Most problems are resolved at this point.
2. Talk to the instructor’s department chairperson.
3. Take the case to the Grading Appeal Committee of the department concerned. The Committee should be contacted through the department chairperson.
4. Take the case to the College Grading Appeals Committee by contacting the Dean’s Office, 1223 Oldfather Hall.

**Course Level Requirements**

**Courses Numbered above 299**

Thirty of the 120 semester hours of credit must be in courses numbered above 299. Of the 30 hours above 299, 15 hours (1/2) must be completed in residence at UNL.

**Graduate Courses**

Seniors in the University who have obtained in advance the approval of the dean for Graduate Studies may receive up to 12 hours credit for graduate courses taken in addition to the courses necessary to complete their undergraduate work, provided that such credits are earned within the calendar year prior to receipt of the baccalaureate. For procedures, inquire at the Office of Graduate Studies.

Course work taken prior to receipt of the baccalaureate may not always be accepted for transfer to other institutions as graduate work.

**Residency**

**Residency Requirement and Open Enrollment and Summer Independent Study Courses**

Students must complete at least 30 of the 120 total hours for their degree at UNL. Students must complete at least 1/2 of their major course work including 6 hours above 299 in their major, and 15 of the 30 hours required above 299 in residence. Credit earned during education abroad may be used toward the residency requirement if students register through UNL and participate in prior-approved education abroad programs. UNL open enrollment and summer independent study courses count toward residence.

**ACE Requirements**

Consistent with the mission and values of the University, ACE is based on a shared set of four institutional objectives and ten student learning outcomes. The ACE program was approved by faculty in all eight undergraduate colleges and endorsed by the Faculty Senate, the student government, and the Academic Planning Committee in January 2008 for implementation in the fall 2009. ACE aligns with current national initiatives in general education.

Key characteristics of ACE demonstrate the benefits of the program to students:

- Students receive a broad education with exposure to multiple disciplines, critical life skills and important reasoning, inquiry, and civic capacities.
- ACE is simple and transparent for students, faculty and advisors. Students complete the equivalent of 3 credit hours for each of the ten student learning outcomes.
• Students connect and integrate their ACE experiences with their selected major.
• Students can transfer all ACE certified courses across colleges within the institution to meet the ACE requirement and any course from outside the institution that is directly equivalent to a UNL ACE-certified course. Courses from outside institutions without direct equivalents may be considered with appropriate documentation for ACE credit (see academic advisor).

ACE allows faculty to assess and improve their effectiveness and facilitate students’ learning.

**ACE Institutional Objectives and Student Learning Outcomes**

To meet the ACE Program requirement, a student will complete a minimum of 3 credit hours for each of the ten ACE Student Learning Outcomes (a total of 30 ACE credit hours). See the ACE website at: http://ace.unl.edu for the most current information and the most recently certified courses.

**Catalog Rule**

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted to and enrolled as a degree-seeking student at UNL. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at UNL in the College of Arts and Sciences. Students must complete all degree requirements from a single catalog year. Beginning in 1990-1991 the catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

**Learning Outcomes**

Majors in environmental studies will be able to:

1. Explain and apply appropriately the systemic principle of sustainability for the development of solutions to environmental and natural resource issues.
2. Organize, plan, and satisfactorily complete a senior project through scholarly creativity and/or in depth research that uses appropriate technical knowledge, field, laboratory, geospatial, and/or social science research methodologies.
3. Demonstrate the ability to critically assess environmental and sustainability issues from the local to global scale considering a range of perspectives.
4. Identify, explain, and evaluate problems/questions/issues using relevant data, resources and reasoning to form carefully considered conclusions.
5. Communicate effectively to a range of audiences through the preparation of written documents along with oral and visual presentations that are consistent with professional standards.
6. Describe the Earth’s four major spheres: land, water, living things, and air in the context of physical, geological, and biological processes, their variability over space and time, and the extent to which human’s influence them.
7. Effectively work in teams and groups from various backgrounds and perspectives to address environmental challenges.
8. Demonstrate improvement in professional and interpersonal skills such as collaboration, critical thinking, problem solving, empathy, and teamwork so they can effectively operate in society and the professional world.

Ancillary Requirements

Ancillary Requirements for the BA

Mathematics

MATH 102  Trigonometry  
or MATH 103  College Algebra and Trigonometry

Statistics

STAT 218  Introduction to Statistics  

Biological Sciences

Select one sequence:

BIOS 101  General Biology  
& BIOS 101L  General Biology Laboratory  
or LIFE 120  Fundamentals of Biology I  
& 120L  Fundamentals of Biology I laboratory

Chemistry

Select one course:

CHEM 105  Chemistry in Context I  
or CHEM 109  General Chemistry I  
or CHEM 113  Fundamental Chemistry I

Credit Hours Subtotal: 16-21

Ancillary Requirements for the BS

Mathematics

MATH 106  Calculus I  

Statistics

Select one course:

STAT 218  Introduction to Statistics  
or STAT 380  Statistics and Applications

Biological Sciences

LIFE 120  Fundamentals of Biology I  
& LIFE 120L  and Fundamentals of Biology I laboratory  
LIFE 121  Fundamentals of Biology II  
& LIFE 121L  and Fundamentals of Biology II Laboratory

Chemistry

Select one sequence:

CHEM 109  General Chemistry I  
& CHEM 110  and General Chemistry II  
or CHEM 113  Fundamental Chemistry I  
& CHEM 114  and Fundamental Chemistry II

Credit Hours Subtotal: 27-29
**Minor Requirement**

Environmental studies majors must complete a Plan A minor or second major in one of the following areas:

- Anthropology
- Biological Sciences
- Chemistry
- Communication Studies
- Community and Regional Planning
- English
- Environmental Education
- Geography
- Geology
- Meteorology/Climatology
- Political Science
- Psychology
- Sociology

**Additional Major Requirements**

**Grade Rules**

**C- and D Grades**
A grade of C or higher is required in all major courses with the exception of ancillary courses.

**Pass/No Pass**
No courses taken Pass/No Pass will count toward the major or minor.

**Requirements for Minor Offered by Department**

Eighteen (18) hours, with 6 hours at the 300 level or above.

**Total Credit Hours** 18
### ENVR 249 Individual and Cultural Perspectives on the Environment

**Crosslisted with:** NRES 249  
**Description:** The influence of culture on individual perspectives related to the concepts of sustainability and the relationship that humans have with the environment. The role of ethics, religion, and historical setting on the individual and cultural perspectives related to environmental challenges at the local to global scales.  
**Credit Hours:** 3  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** LEC  
**ACE:** ACE 9 Global/Diversity

### ENVR 319 Environmental Engagement and the Community

**Description:** The processes of environmental agencies and organizations use to develop and implement projects and programs. The development of their project proposal, work plans, budgets, and final report. ENVR 319 requires developing and implementing projects and programs in collaboration with clients who are from agencies and organizations working with environmental issues.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** LEC

### ENVR 334 Psychology of Environmental Sustainability

**Crosslisted with:** PSYC 334  
**Description:** Applications of psychological principles to understand human transactions with their environments and find behavior-based solutions to environmental problems.  
**Credit Hours:** 3  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** LEC  
**ACE:** ACE 8 Civic/Ethics/Stewardship

### ENVR 434 Environmental Education and Interpretation

**Crosslisted with:** NRES 434, NRES 834  
**Description:** Examination of formal and informal environmental education and interpretation. Knowledge, application and practice relevant to science teachers and park, extension, museums, and zoo educators. Requires 20 hours of service.  
**Credit Hours:** 3  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** LEC

### ENVR 491 Environmental Studies Seminar

**Prerequisites:** Senior standing; ENVR major or minor; or permission of program director.  
**Description:** Topic varies.  
**Credit Hours:** 1-3  
**Min credits per semester:** 1  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** LEC

### ENVR 495 Internship in Environmental Studies

**Prerequisites:** Junior standing; environmental studies major; prior arrangement with and permission of environmental program director and emphasis adviser.  
**Description:** Experience in off-campus setting that is directly relevant to environmental studies.  
**Credit Hours:** 1-4  
**Min credits per semester:** 1  
**Max credits per semester:** 4  
**Max credits per degree:** 12  
**Format:** IND

### ENVR 496 Independent Study

**Prerequisites:** Environmental studies major; prior arrangement with and permission of program director and emphasis adviser.  
**Credit Hours:** 1-4  
**Min credits per semester:** 1  
**Max credits per semester:** 4  
**Max credits per degree:** 12  
**Format:** IND

### ENVR 499A Environmental Studies Senior Thesis I

**Prerequisites:** Junior standing; environmental studies major or minor; prior arrangement with program director and emphasis adviser or academic adviser  
**Notes:** First course of a two-semester sequence of courses consisting of ENVR 499A and 499B. Letter Grade only.  
**Description:** Preparation for writing the senior thesis  
**Credit Hours:** 1  
**Max credits per semester:** 1  
**Max credits per degree:** 1  
**Format:** LEC  
**Prerequisite for:** ENVR 499B  
**ACE:** ACE 10 Integrated Product

### ENVR 499B Environmental Studies Senior Thesis II

**Prerequisite for:** ENVR 499A  
**Notes:** Second course of a two-semester sequence of courses consisting of ENVR 499A and 499B. The thesis is to be written under the supervision of the emphasis adviser or a faculty member designated by the adviser. A committee of two (the faculty member guiding the thesis and an additional member with expertise in the topic) will review the thesis.  
**Credit Hours:** 2  
**Max credits per semester:** 2  
**Max credits per degree:** 2  
**Format:** IND  
**ACE:** ACE 10 Integrated Product

### ENVR 499H Honors: Environmental Studies Senior Thesis I & II

**Prerequisites:** Junior standing; good standing in the University Honors Program; ENVR major or minor; prior arrangement with program director, emphasis adviser, and honors program adviser.  
**Description:** Preparation for writing the senior thesis.  
**Credit Hours:** 3  
**Max credits per semester:** 3  
**Max credits per degree:** 3  
**Format:** IND  
**ACE:** ACE 10 Integrated Product

---

**PLEASE NOTE**  
This document represents a sample 4-year plan for degree completion with this major. Actual course selection and sequence may vary and should be discussed individually with your college or department academic advisor. Advisors also can help you plan other experiences to enrich your undergraduate education such as internships, education...
abroad, undergraduate research, learning communities, and service learning and community-based learning.

**Environmental Studies (B.A.)**

**15 HR TERM 1**

**Envr Studies Orientation**
complete ENVR 101

ENVR 101 is ideally completed in the first term of enrollment. It becomes critical to your success in the major if not completed by the second term of enrollment.

**Envr Studies Core**
complete ENVR 201

ENVR 201 will fulfill the ACE 8 requirement.

**Mathematics**
complete MATH 103

MATH 103 is ideally completed in the first term of enrollment. It becomes critical to your success in the major if not completed by the second term of enrollment.

**ACE 1 Written Texts**
complete 1 from ACE1

**CDR E: Language**
recommend 1 or more courses

If not complete, choose a language course according to your placement and proficiency. CDR E is met after 4th level (202) of most languages.

**16 HR TERM 2**

**Envr Studies Core**
complete ENVR 249

ENVR 249 will fulfill the ACE 9 requirement.

**ACE 6 Social Sciences**
complete 1 from ACE6

Recommended to choose a course that will also work towards fulfilling the Human Dimensions requirements.

**Earth Systems: Climate**
complete 1 from METR 100, METR 180, NRES 104, NRES 208

This course will fulfill the ACE 4 requirement.

**ACE 2 Communication Skill**
complete 1 from ACE2

**CDR E: Language**
recommend 1 or more courses

If not complete, choose a language course according to your placement and proficiency. CDR E is met after 4th level (202) of most languages.

**16 HR TERM 3**

**Life Science**
complete 2 from LIFE 120, LIFE 120L, BIOS 101, BIOS 101L

Complete one set - lecture and lab. LIFE 120 and 120L are ideally completed in the second term of enrollment. They become critical to your success in the major if not completed by the third term of enrollment. They will fulfill the CDR B and CDR BL requirements.

**Statistics**
complete STAT 218

STAT 218 will fulfill the ACE 3 requirement.

**CDR D: Social Sciences**
complete 1 from Any Communications Course, Any National Securities Studies Course, Any Psychology Course, Any Anthropology Course, Any Geography Course, Any Political Science Course, Any Sociology Course
Recommended to choose a course that will also work towards fulfilling the Human Dimensions requirements.

ACE 5 Humanities
complete 1 from ACE5

Electives
complete Any Course

In consultation with your advisor, select elective courses or courses that meet a 2nd major, minor, sci-base or upper level requirement.

16 HR TERM 4

Envr Studies Core
complete ENVR 319

Earth Systems: Ecology
complete 1 from BIOS 207, BIOS 220, BIOS 222, BIOS 232

Chemistry
complete 1 from CHEM 105, CHEM 109, CHEM 113

This course will fulfill the CDR F (Additional Breadth) requirement.

CDR A: Writing
complete 1 from ACE1

Complete an additional course approved as ACE 1.

Electives
complete Any Course

In consultation with your advisor, select elective courses or courses that meet a 2nd major, minor, sci-base or upper level requirement.

18 HR TERM 5

Earth Systems: Soil
complete SOIL 153

Physics
complete 1 from PHYS 115, PHYS 141, PHYS 151

Anthropology
recommend 1 or more courses

Complete a 300 or 400 level course from the Human Dimensions Electives list, Anthropology is just one choice.

Electives
complete Any Course

In consultation with your advisor, select elective courses or courses that meet a 2nd major, minor, sci-base or upper level requirement.

13 HR TERM 6

Envr Studies Core
complete ENVR 495

Economics
complete 1 from AECN 141, ECON 200, ECON 211, ECON 212

Earth Systems: Water
complete either ENVR 189H or WATS 281

CDR C: Humanities
**Environmental Studies (B.S.)**

**Icon Legend: Critical**

**Graduation Requirements**

1. A minimum 2.00 GPA required for graduation.
2. ***Total Credits Applying Toward 120 Total Hours***
3. Complete 30 hours in residence at UNL.
ENVR 101 is ideally completed in the first term of enrollment. It becomes critical to your success in the major if not completed by the second term of enrollment.

**Envr Studies Core**

- complete ENVR 201

ENVR 201 will fulfill the ACE 8 requirement.

**Mathematics**

- complete MATH 106

MATH 106 is ideally completed in the first term of enrollment. It becomes critical to your success in the major if not completed by the second term of enrollment. It will fulfill the ACE 3 requirement.

**Chemistry**

- complete either CHEM 109 or CHEM 113

This course will fulfill the ACE 4 requirement.

**CDR E: Language**

- recommend 1 or more courses

If not complete, choose a language course according to your placement and proficiency. CDR E is met after 4th level (202) of most languages.

**16 HR TERM 2**

**Envr Studies Core**

- complete ENVR 249

ENVR 249 will fulfill the ACE 9 requirement.

**Life Science**

- complete LIFE 120, LIFE 120L

LIFE 120 and 120L are ideally completed in the second term of enrollment. They become critical to your success in teh major if not completed by the third term of enrollment. They will fulfill the CDR B and CDR BL requirements.

**Chemistry**

- complete either CHEM 110 or CHEM 114

This course will fulfill the CDR F requirement.

**CDR E: Language**

- recommend 1 or more courses

If not complete, choose a language course according to your placement and proficiency. CDR E is met after 4th level (202) of most languages.

**16 HR TERM 3**

**Life Science**

- complete LIFE 121, LIFE 121L

**Statistics**

- complete STAT 218

**ACE 6 Social Sciences**

- complete 1 from ACE6

Recommended to take a course that will also count towards a Human Dimensions requirement.

**ACE 1 Written Texts**

- complete 1 from ACE1

**ACE 5 Humanities**

- complete 1 from ACE5

**16 HR TERM 4**

**Envr Studies Core**

- complete ENVR 319

LIFE 120 and 120L are ideally completed in the second term of enrollment. They become critical to your success in teh major if not
**Earth Systems: Ecology**
complete 1 from BIOS 207, BIOS 220, BIOS 222, BIOS 232

**Earth Systems: Climate**
complete 1 from METR 100, METR 180, NRES 104, NRES 208

**CDR D: Social Sciences**
complete 1 from Any National Securities Studies Course, Any Geography Course, Any Anthropology Course, Any Communications Course, Any Political Science Course, Any Psychology Course, Any Sociology Course

Recommended to take a course that will also count towards a Human Dimensions requirement.

**CDR A: Writing**
complete 1 from ACE1

Complete an additional course approved as ACE 1.

**15 HR TERM 5**

**Earth Systems: Soil**
complete SOIL 153

**Physics**
complete either PHYS 141 or PHYS 211

**Anthropology**
recommend 1 or more courses

Recommended to take a 300 or 400 course that will count towards a Human Dimensions requirement, Anthropology is just one choice.

---

**ACE 2 Communication Skill**
complete 1 from ACE2

**17 HR TERM 6**

**Envr Studies Core**
complete ENVR 495

**Earth Systems: Geog/Geol**
complete 1 from ENSC 110, GEOG 155, GEOG 181, GEOL 101, GEOL 106, GEOL 109, GEOL 120, GEOL 125, NRES 108

**Earth Systems: Water**
complete WATS 281

**Economics**
complete 1 from AECN 141, ECON 200, ECON 211, ECON 212

**Electives**
complete Any Course

Choose two courses that meet a minor requirement.

**13 HR TERM 7**

**Envr Studies Core**
complete ENVR 499A

**Political Science**
recommend 1 or more courses
Recommended to take a 300 or 400 level course that will count towards a Human Dimensions requirement, Political Science is just one choice.

**CDR C: Humanities**

Complete 1 from Any Arabic Course at the 300 Level, Any Classics Course, Any Czech Course at the 300 Level, Any Czech Course at the 400 Level, Any English Course, FREN 282, Any French Course at the 300 Level, Any French Course at the 400 Level, GERM 282, Any German Course at the 300 Level, Any German Course at the 400 Level, Any Greek Course at the 300 Level, Any Greek Course at the 400 Level, Any Hebrew Course at the 300 Level, Any History Course, Any Japanese Course at the 300 Level, Any Latin Course at the 300 Level, Any Latin Course at the 400 Level, Any Philosophy Course, Any Religious Studies Course at any Level, Any Russian Course at the 300 Level, Any Russian Course at the 400 Level, SPAN 264, SPAN 265, Any Spanish Course at the 300 Level, Any Spanish Course at the 400 Level

3hr complete 1 from AECN 345, AECN 346, AECN 357, CRPL 470, NRES 323

C

**Electives**

Complete Any Course

5hr

Choose one course that meets a minor requirement and one elective course.

**Graduation Requirements**

1. A minimum 2.00 GPA required for graduation.
2. ***Total Credits Applying Toward 120 Total Hours***
3. Complete 30 hours in residence at UNL.

**Career Information**

The following represents a sample of the internships, jobs and graduate school programs that current students and recent graduates have reported.

**Transferable Skills**

- Comprehend and critically evaluate complex information
- Use quantitative analytical computational techniques
- Present information and research to large and small groups
- Motivate others to achieve common goals
- Coordinate people, activities, and event details
- Make predictions using mathematical, statistical, and scientific modeling methods
- Understand and use proper laboratory and technical skills and instruments
- Define problems and identifying causes
- Simplify complex information and present it to others
- Apply mathematical and scientific skills to solve real-world problems

**Jobs of Recent Graduates**

- Environmental Scientist, Terracon Consultants, Inc. - Omaha NE
- Corps Member, Montana Conservation Corps - Bozeman MT
- Wildland Firefighter, United States Forest Service - Kalispell MT
- Greenhouse Assistant, Urban Trail Gardens - Lincoln NE
- Sustainability Associate, Cleaner Greener Lincoln - Lincoln NE
- Project Coordinator, Lincoln-Lancaster County Health Dept - Lincoln NE
- Assistant Brewer, Blue Mountain Brewery - Arrington VA
- National Drought Mitigation Center, University of Nebraska-Lincoln - Lincoln NE
- Wildlife Technician, Nebraska Invasive Species Project - Lincoln NE

**Internships**

- Integrated Water Management Planner Assistant, Nebraska Dept of Natural Resources - Lincoln NE
- Biological Technician, USDA-AMRU - Lincoln NE
- Natural Resource Intern, JEO Consulting - Lincoln NE
• Pathways Intern, USDA Natural Resources Conservation Service - Lincoln NE
• Integrated Management Technical Assistant, NE Dept of Natural Resources - Lincoln NE
• Environmental Health Waste Section Intern, Lincoln-Lancaster County Health Dept - Lincoln NE
• Intern, Olsson Associates - La Vista NE
• Crime Analysis, Lincoln Police Department - Lincoln NE
• Project Manager Assistant Intern, LI-COR Biosciences - Lincoln NE
• Waste Section Intern, Lancaster County Health Department - Lincoln NE

Grad Schools
• Masters in Natural Resources, University of Nebraska-Lincoln - Lincoln NE
• Masters in Community and Regional Planning, University of Nebraska-Lincoln - Lincoln NE
• J.D. College of Law, University of Nebraska-Lincoln - Lincoln NE
• Master of Agronomy-Plant Pathology, University of Nebraska-Lincoln - Lincoln NE
• Environmental Science and Policy, Indiana University - Bloomington IN
• MS of Energy, Technology, Policy, Humboldt State University - Arcata CA
• M.S. in Environmental Policy, University of Michigan - Ann Arbor MI
• MA Geography, University of Nebraska-Lincoln - Lincoln NE
• Masters of Public Health, University of Nebraska Medical Center - Omaha NE
• Water Biogeochemistry, University of Nebraska-Lincoln - Lincoln NE
