PSYCHOLOGY

Description
The undergraduate degree program in psychology is designed to provide you with educational and research experiences that can prepare you for graduate or professional school in academic psychology, medicine, dentistry, nursing, public health, and law—to name a few. The bachelor's degree program in psychology can also prepare you for diverse careers in applied fields such as counseling, business, and health and human services. If you plan to major in psychology, we recommend that you meet with our advisors as early as possible to plan a program of study consistent with your interests and goals.

Program Assessment. To assist the department in evaluating the effectiveness of its programs, the following learning outcomes will be regularly assessed:

1. Demonstrate knowledge of the main content areas of psychology, including cognitive, developmental, neuroscience, and social.
2. Understand the most common research designs and demonstrate ability to locate, understand, and evaluate a published research report.
3. Generate a research report including the methodology and data analysis used to test an empirical hypothesis.

Admission
College Admission
The entrance requirements for the College of Arts and Sciences are the same as the UNL General Admission Requirements. Students who are admitted through the Admission by Review process may have certain conditions attached to their enrollment at UNL. These conditions are explained under “Removal of Deficiencies.”

In addition to these requirements, the College of Arts and Sciences strongly recommends a third and fourth year of one foreign language in high school. Four years of high school coursework in the same language will fulfill the College of Arts and Sciences’ language requirement. It will also allow students to continue language study at a more advanced level at UNL, and provide more opportunity to study abroad.

Advising
Academic and Career Advising
The Academic and Career Advising Center in 107 Oldfather is a centrally located and easily accessed resource for students in all majors in the College of Arts and Sciences. The professional academic advisors and career coaches offer 1-1 meetings on a walk-in and appointment basis weekdays. Advisors will provide assistance choosing majors and minors, understanding degree requirements and academic policies, completing paperwork, meeting deadlines, adding/dropping courses, and planning for graduation. In addition, career coaches can help students identify career options related to their interests and connect them with experiences like internships, research, and more that will prepare them for those career options. These specially trained advisors and coaches also serve as first point of contact in the College for all incoming freshmen and transfer students during New Student Enrollment.

Students in the College who have declared a major will be assigned an academic advisor who is their first point of contact for a variety of questions. Academic advisors help students be successful in adjusting to UNL overall as well as making progress toward degree completion. The assigned advisor may be located within the department of their primary major, or in the Advising Center. Students can identify their assigned advisor in MyRED on the academics tab. In addition, faculty advisors are experts in their discipline, including advanced coursework and requirements, opportunities for research, student organizations, and considering graduate school in the discipline. Students who have declared a pre-health or pre-law area of interest will also work with advisors in the Exploratory and Pre-Professional Advising Center (Explore Center) in 127 Love Library South, who are specially trained to guide students preparing to enter a professional school.

For complete and current information on advisors for majors, minors, or pre-professional areas, contact the Arts and Sciences Academic and Career Advising Center, 107 Oldfather Hall, 402-472-4190, http://cas.unl.edu/advising.

College Degree Requirements
College Distribution Requirements
Bachelor of Arts or Bachelor of Science (16 hours + Language)
The College of Arts and Sciences distribution requirements are designed to ensure a breadth of courses within the liberal arts degree. By engaging in study in several different areas within the College, students develop the ability to learn in a variety of ways and apply their knowledge from a variety of perspectives. All requirements are in addition to University ACE requirements.

• A student may not use a single course to satisfy both an ACE outcome and a College distribution requirement.
• A student may not use a single course to satisfy more than one College Distribution Requirement.
• A student may not use a course from their primary major to satisfy the Breadth Requirement (F), but may apply an ancillary requirement of the primary major or a course from their second major toward this requirement.
• Independent study, directed readings, or internship courses cannot be used to satisfy a College Distribution Requirement.
• Cross-listed courses from interdisciplinary programs will be applied in the same area as courses from the home/cross-listed department.

College Distribution Requirements

</tr>
<tr>
<td>CDR D - Social Science</td>
<td>3</td>
</tr>
</tbody>
</table>
Select from anthropology, communication studies, geography, political science, psychology, or sociology.  

<table>
<thead>
<tr>
<th>CDR E - Language</th>
<th>0-16</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fulfilled by the completion of the 6-credit-hour second-year sequence in a single foreign language in one of the following departments: Classics and religious studies, or modern languages and literatures. Instruction is currently available in Arabic, Chinese, Czech, French, German, Greek, Japanese, Latin, Russian, and Spanish.</td>
<td></td>
</tr>
</tbody>
</table>

A student who has completed the fourth-year level of one foreign language in high school is exempt from the language requirement, but encouraged to continue on in their language study.

<table>
<thead>
<tr>
<th>CDR F - Additional Breadth</th>
<th>3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select from natural, physical and mathematical sciences (Area B), humanities (Area C), or social sciences (Area D). Cannot be a course from the primary major.</td>
<td></td>
</tr>
</tbody>
</table>

Credit Hours Subtotal: 16-32

1 See Degree Audit or a College of Arts and Sciences advisor for approved geography and anthropology courses that apply as natural science.

2 Language courses numbered 210 and below do not fulfill the CDR C.

3 See Degree Audit or College of Arts and Sciences advisor for list of natural/physical science courses in anthropology, geography, and psychology that do not apply as social science.

### Scientific Base

**Bachelor of Science Only (60 hours)**

The bachelor of science degree requires students to complete 60 hours in mathematical, physical and natural sciences. Approved courses for scientific base credit come from the following College of Arts and Sciences disciplines: actuarial science, anthropology (selected courses), astronomy, biochemistry (excluding BIOL 101), biological sciences (excluding BIOS 100 or BIOS 203), chemistry (excluding CHEM 101), computer science (excluding CSCE 10), geography (selected courses), geology, life sciences, mathematics (excluding courses below MATH 104), meteorology, microbiology, physics and statistics.

See your degree audit or a College of Arts and Sciences advisor for a complete list including individual classes that fall outside of the disciplines listed above. Up to 12 hours of scientific and technical courses offered by other colleges may be accepted toward this requirement with approval of a college advisor.

### Language Requirement

UNL and the College of Arts and Sciences place great value on academic exposure and proficiency in a second language. The UNL entrance requirement of two years of the same foreign language or the College’s language distribution requirement (CDR E) will rarely be waived and only with relevant documentation. See the main College of Arts and Sciences page for more details.

### Minimum Hours Required for Graduation

A minimum of 120 semester hours of credit is required for graduation from the College of Arts and Sciences. A total grade point average of at least 2.0 is required.

### Grade Rules

**Restrictions on C- and D Grades**

The College will accept no more than 15 semester hours of C- and D grades from other domestic institutions except for UNO and UNK. All courses taken at UNO and UNK impact the UNL transcript. No transfer of C- and D grades can be applied toward requirements in a major or a minor. No UNL C- and D grades can be applied toward requirements in a major or a minor. International coursework (including education abroad) with a final grade equivalent to a C- or lower will not be validated by College of Arts and Sciences departments to be degree applicable.

**Pass/No Pass Privilege**

The College of Arts and Sciences adheres to the University regulations for the Pass/No Pass (P/N) privilege with the following additional regulations:

- **Pass/No Pass hours can count toward fulfillment of University ACE requirements and college distribution requirements up to the 24-hour maximum.**
- **Most arts and sciences departments and programs do not allow courses graded Pass/No Pass to apply to the major or minor. Students should refer to the department’s or program’s section of the catalog for clarification. By college rule, departments can allow up to 6 hours of Pass/No Pass in the major or minor.**
- **Departments may specify that certain courses of theirs can be taken only on a P/N basis.**
- **The college will permit no more than a total of 24 semester hours of P/N grades to be applied toward degree requirements. This total includes all Pass grades earned at UNL and other U.S. schools. NOTE: This 24-hour limit is more restrictive than the University regulation.**

### Grading Appeals

A student who feels that he/she has been unfairly graded must ordinarily take the following sequential steps in a timely manner, usually by initiating the appeal in the semester following the awarding of the grade:

1. Talk with the instructor concerned. Most problems are resolved at this point.
2. Talk to the instructor’s department chairperson.
3. Take the case to the Grading Appeal Committee of the department concerned. The Committee should be contacted through the department chairperson.
4. Take the case to the College Grading Appeals Committee by contacting the Dean’s Office, 1223 Oldfather Hall.

### Course Level Requirements

**Courses Numbered at the 300 or 400 Level**

Thirty (30) of the 120 semester hours of credit must be in courses numbered at the 300 or 400 level. Of those 30 hours, 15 hours (1/2) must be completed in residence at UNL.

### Residency Requirement

Students must complete at least 30 of the 120 total hours for their degree at UNL. Students must complete at least 1/2 of their major coursework including 6 hours at the 300 or 400 level in their major, and 15 of the 30 hours required at the 300 or 400 level in residence. Credit earned during education abroad may be used toward the residency requirement only if students register through UNL.
ACE Requirements

Consistent with the mission and values of the University, ACE is based on a shared set of four institutional objectives and ten student learning outcomes. The ACE program was approved by faculty in all eight undergraduate colleges and endorsed by the Faculty Senate, the student government, and the Academic Planning Committee in January 2008 for implementation in the fall 2009. ACE aligns with current national initiatives in general education.

To meet the ACE Program requirement, a student will complete a minimum of 3 credit hours for each of the ten ACE Student Learning Outcomes (a total of 30 ACE credit hours). See the ACE website at: http://ace.unl.edu for the most current information and the most recently certified courses.

Catalog to Use

Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted to and enrolled as a degree-seeking student at UNL. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at UNL in the College of Arts and Sciences. Students must complete all degree requirements from a single catalog year. Beginning in 1990-1991 the catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Learning Outcomes

Graduates of psychology will be able to:

1. Demonstrate knowledge of the main content areas of psychology, including cognitive, developmental, neuroscience and social.
2. Understand the most common research designs and demonstrate ability to locate, understand, and evaluate a published research report.
3. Generate a research report including the methodology and data analysis used to test an empirical hypothesis.

1 No more than 3 hours from the following courses can count toward the minor: PSYC 296, PSYC 297, PSYC 299, PSYC 396, PSYC 496, PSYC 497, PSYC 499.

Grade Rules
C- and D Grades
A grade of C or above is required for all courses in the major and minor.

Pass/No Pass
Excluding PSYC 100, up to 3 hours of Pass/No Pass credit may be counted toward the major or minor.

PSYC 100 Career Planning for Psychology Majors
Prerequisites: Psychology major or permission
Notes: Pass/No pass only. Students should take this course as early in their studies as possible, even if they have not taken PSYC 181.

Description: Survey of careers frequently sought by psychology majors, and recommendations for course work and experience for attaining students’ career goals. Includes departmental, college, and university resources of value to students’ educational and career objectives, and preparation for graduate study in psychology and related fields.

Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Format: LEC
PSYC 181 Introduction to Psychology
Description: Introduction to concepts and research in the areas of personality, attitudes, emotion, learning, memory, perception, and physiological bases of behavior. While the course is a prerequisite for all other psychology courses, the content is presented in a manner appropriate for students planning to take only a minimum of courses in psychology.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC
Prerequisite for: ETHN 310, PSYC 310; PSYC 263; PSYC 273; PSYC 289; PSYC 350; PSYC 368; PSYC 370; PSYC 380; PSYC 387; PSYC 459
ACE: ACE 6 Social Science

PSYC 181H Honors: Introduction to Psychology
Prerequisites: Good standing in the University Honors Program or by invitation.
Description: Introduction to concepts and research in the areas of personality, attitudes, emotion, learning, memory, perception, and physiological bases of behavior.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC
Prerequisite for: ETHN 310, PSYC 310; PSYC 263; PSYC 273; PSYC 289; PSYC 350; PSYC 368; PSYC 370; PSYC 380; PSYC 387; PSYC 459
ACE: ACE 6 Social Science

PSYC 189H University Honors Seminar
Prerequisites: Good standing in the University Honors Program or by invitation.
Notes: University Honors Seminar 189H is required of all students in the University Honors Program. Letter grade only.
Description: Topic varies.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
ACE: ACE 6 Social Science

PSYC 263 Introduction to Cognitive Processes
Prerequisites: PSYC 181.
Description: Introduction to the psychological processes involved in pattern recognition, memory, human learning, problem solving, language development, verbal communication, and decision making, as viewed from an information processing standpoint.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Prerequisite for: PSYC 459

PSYC 273 Brain & Behavior
Prerequisites: PSYC 181
Notes: Credit cannot be earned in both PSYC 273 and PSYC 373.
Description: Introduction to concepts and research to understand relations between bodily processes and behavior, with a focus on human brain structure and function.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Prerequisite for: BIOS 394, PSYC 394; PSYC 456; PSYC 464
ACE: ACE 4 Science

PSYC 288 The Psychology of Social Behavior
Description: Social factors influencing the values, attitudes, and behavior of the individual, including language, propaganda leadership, and group identifications.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
ACE: ACE 6 Social Science

PSYC 289 Developmental Psychology
Prerequisites: PSYC 181 or equivalent.
Description: Developmental approaches to human behavior from conception to senescence. Theories, methods, and results of research.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
ACE: ACE 6 Social Science

PSYC 296 Instructional Assistantship I
Prerequisites: Permission of instructor.
Description: Structured professional experience for training instructor assistants to tutor, evaluate activities, and do other instructional assistance for psychology courses.
Credit Hours: 1-4
Min credits per semester: 1
Max credits per semester: 4
Max credits per degree: 4
Format: PSI
Prerequisite for: PSYC 396; PSYC 496

PSYC 297 Experiential Learning in Psychology I
Prerequisites: Permission.
Notes: P/N only.
Description: Experience within a psychological perspective in a variety of off-campus settings.
Credit Hours: 1-24
Min credits per semester: 1
Max credits per semester: 24
Max credits per degree: 24
Format: IND

PSYC 299 Independent Study in Psychology
Prerequisites: Permission.
Description: Psychological research or reading.
Credit Hours: 1-24
Min credits per semester: 1
Max credits per semester: 24
Max credits per degree: 24
Format: IND
PSYC 310 Psychology of Immigration
Crosslisted with: ETHN 310
Prerequisites: PSYC 181 or permission.
Description: Examines psychological theory and research on the topic of immigration. Includes the impact of immigration on individual development (e.g., socialization, identity formation, acculturation) and family functioning (e.g., intergenerational relations, gender roles), especially as exemplified by the experiences of Latinos from diverse national backgrounds.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 330 Psychology of Diversity
Description: Survey of theory and research on the psychological aspects of ethnicity and racism, gender, sexual orientation, including biological, social, and cultural influences. Causes and nature of prejudice in US society towards minorities and women. Research methods for key topics with these identified groups.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 334 Psychology of Environmental Sustainability
Crosslisted with: ENVR 334
Description: Applications of psychological principles to understand human transactions with their environments and find behavior-based solutions to environmental problems.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
ACE: ACE 9 Global/Diversity

PSYC 350 Research Methods and Data Analysis
Prerequisites: 10 credit hours in Psychology, including PSYC 181
Description: Presentation of basic designs, methods, and data analysis techniques employed in psychological and behavioral research. Critical review of existing research, development of empirical hypotheses, design of research to test those hypotheses, statistical analysis and interpretation, and presentation of results. Create, perform, and present an individual research project.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC
Prerequisite for: PSYC 459
ACE: ACE 10 Integrated Product

PSYC 365 Addiction
Prerequisites: Junior or Senior standing
Description: Introduction to factors relevant to substance-related disorders including biological, psychological, social, and clinical. Issues in research, theory and practice are considered.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 368 Learning and Motivation
Prerequisites: PSYC 181 or equivalent
Description: Introduction to processes of instrumental and classical conditioning in animals and humans, and to theories of and research on motivation.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
Prerequisite for: PSYC 464

PSYC 370 Evolution, Behavior and Society
Prerequisites: PSYC 181
Description: Application of modern evolutionary theory to contemporary societal problems. Understanding human behaviors such as aggression, parenting and social systems, the role of evolutionary thought in medicine, and evolutionary approaches to cognition and intelligence.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 380 Abnormal Psychology
Prerequisites: PSYC 181 or equivalent
Description: Etiology and development of abnormal behavior, including the constitutional, cultural, and experimental factors; the psychological aspects of the psychoses and neuroses.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 387 The Psychology of Personality
Prerequisites: PSYC 181 or equivalent
Description: Introduction to factors influencing personality and its development; the dynamics of personality adjustment.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 392 Special Topics in Psychology
Prerequisites: Permission.
Credit Hours: 1-3
Min credits per semester: 1
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 394 Seminar in Behavioral Biology
Crosslisted with: BIOS 394
Prerequisites: PSYC 273
Description: Critical reading and discussion of literature on topics dealing with the biological bases of behavior.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 24
Format: LEC
PSYC 396 Instructional Assistantship II
Prerequisites: At least 6 hrs of PSYC 296 and permission of instructor.
Description: Structured professional experience for training instructor assistants to tutor, evaluate activities, and do other instructional assistance for psychology courses.
Credit Hours: 1-4
Min credits per semester: 1
Max credits per semester: 4
Max credits per degree: 4
Format: PSI

PSYC 399H Honors Course
Prerequisites: Permission.
Credit Hours: 1-4
Min credits per semester: 1
Max credits per semester: 4
Max credits per degree: 4
Format: IND

PSYC 401 Psychology and Law
Prerequisites: Junior or Senior standing
Description: Survey of the relationships between psychology and the law, legal system and legal process. Issues in research, theory, and practice considered.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 421 Psychology of Gender
Crosslisted with: PSYC 821, WMNS 421, WMNS 821
Prerequisites: 12 hrs PSYC.
Description: Theory and research on the role of gender in human behavior and attitudes. Diverse theoretical positions on the development of gender and the biological, social, and cultural bases that influence the relationship between gender and a variety of areas of human experience (e.g., intelligence and achievement, emotion, relationships, sexuality, physical fitness, stress, and coping).
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 425 Psychology of Racism
Crosslisted with: ETHN 425, PSYC 825
Prerequisites: PSYC 350.
Description: Major terms and issues in psychology that pertain to race and racism in the United States. General principles of the psychology of racism that are universal. Psychology of the major racial minority groups in the United States examined through their unique cultures, histories, traditions, and collective identities. Research methods for the psychology of racism reviewed as a basis for interpreting research results.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 428 Health Psychology
Crosslisted with: PSYC 828
Prerequisites: Junior or Senior standing.
Description: The relationship between psychological factors and physical health. Health behavior, health decision-making, health promotion and coping from a variety of theoretical perspectives.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 430 Psychology of Family Violence
Prerequisites: Junior or Senior standing
Description: Overview of the multiple forms of family violence through a psychological perspective, including child maltreatment (physical abuse, neglect, sexual abuse, psychological maltreatment), intimate partner violence, sexual assault, and elder abuse. Scope of the problem, etiology, consequences, intervention, prevention, and current controversies are addressed.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 435 Psychology of Terrorism
Description: Phenomenon of terrorism and related forms of extremist violence, focusing on explaining the formation of terrorist groups and the motivations behind terrorist behavior.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 440 Perspectives in Psychology
Crosslisted with: PSYC 840
Prerequisites: 12 hrs psychology including PSYC 350 or concurrent enrollment in PSYC 350
Description: Currently important fundamental issues in psychology, focusing on controversies within the science of psychology.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 446 Psychology of Adult Development and Aging
Crosslisted with: GERO 446, GERO 846
Prerequisites: PSYC 181 or GERO 200.
Description: Major social and psychological changes that occur as a function of aging. Both normal and abnormal patterns of developmental change including their implications for behavior.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
PSYC 450 Advanced Research Design and Data Analysis
Crosslisted with: PSYC 850
Prerequisites: PSYC 350 with a grade of B or better
Notes: PSYC 450/850 (usually offered in the fall) and PSYC 451/851 (usually offered in the spring) can be taken in any order.
Description: Presentation of advanced, experimental, quasi-experimental, and non-experimental research designs and statistical models employed in psychological and behavioral research. Factorial ANOVA and ANCOVA designs and analysis, with interpretation and presentation of the results in oral, written, and web-based formats. Create, perform, and present an individual research project.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC

PSYC 451 Multivariate Research Design and Data Analysis
Crosslisted with: PSYC 851
Prerequisites: PSYC 350 with a grade of B or better
Notes: PSYC 450/850 (usually offered in the fall) and PSYC 451/851 (usually offered in the spring) can be taken in any order.
Description: Presentation of multivariate research designs and statistical models employed in psychological and behavioral research. Analysis using multiple regression and linear discriminant function models; interpretation and presentation of the results in oral, written, and web-based formats. Create, perform, and present an individual research project.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Format: LEC

PSYC 456 Developmental Biopsychology
Prerequisites: PSYC 273
Description: Age-related behavioral changes in humans and other animals using genetic, neural, hormonal, and evolutionary concepts and data. Behavioral systems, such as sexual and parental behaviors, aggression, communication, social affiliation, and cognition.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 458 Behavior Genetics
Crosslisted with: PSYC 858
Prerequisites: PSYC 273
Description: Introduction to concepts and research in behavior genetics. The role of heredity in normal and disordered behaviors will be examined, with a special emphasis on the mechanisms by which genetic variation influences individual differences in behavior.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 459 Psychology of Language
Prerequisites: PSYC 181 or equivalent; PSYC 263 and 350.
Description: Introduction to one of the most important human behaviors, language, from the viewpoint of the psychologist.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 460 Human Memory
Crosslisted with: PSYC 860
Prerequisites: PSYC 263
Description: Issues in human memory within the context of cognitive psychology: attention; short and long term memory; retrieval processes; semantic memory; how long-term memory is involved in comprehension and knowledge; how emotion affects memory; and the major research paradigms used in the study of memory.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 461 Animal Learning & Cognition
Crosslisted with: PSYC 861
Prerequisites: Junior or Senior standing
Description: Evaluation and discussion of studies in learning and cognition that draws from the research literature with nonhuman animals.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 462 Motivation and Emotion
Crosslisted with: PSYC 862
Prerequisites: Junior or Senior standing
Description: Major problems and methods involved in the study of motivation and emotion including theoretical considerations.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 463 Perception
Crosslisted with: PSYC 863
Prerequisites: PSYC 263 OR PSYC 273
Description: Analysis and comparison of approaches to the study of current problems in human perception and information processing. Psychophysical judgment, signal detection theory, perception of form and space, and the role of imagery in perception.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 464 Psychoneuropharmacology
Prerequisites: PSYC 273 or PSYC 368
Description: Understanding behavioral and psychological phenomena using pharmacological tools. Topics from neurobiology of receptor functioning to the concerted actions of neural mechanisms that are believed to produce such phenomena as fear and anxiety, substance abuse, and neurological disorders.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC
PSYC 465 Behavioral Neuroscience
Crosslisted with: BIOS 465, BIOS 865, PSYC 865
Prerequisites: PSYC 273
Description: Relationship of physiological variables to behavior, an introduction to laboratory techniques in neuropsychology.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 466 Attention and Performance
Crosslisted with: PSYC 866
Prerequisites: PSYC 263.
Description: Theory and research on human attention and the critical link between attention and performance within the context of cognitive psychology. The influence of various factors on attention (e.g., emotion, video games, cognitive disorders) and how these influence behavior (e.g., eye movements, perception, motor control, search).
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 471 Human Sexuality and Society
Crosslisted with: CYAF 471, EDPS 471, SOCI 471, CYAF 871, EDPS 871, PSYC 871, SOCI 871
Prerequisites: Junior or Senior standing
Notes: Open to advanced students planning careers in the professions in which knowledge of human behavior and society is important (e.g., helping professions, medicine, law, ministry, education, etc.).
Description: Interdisciplinary approach to the study of human sexuality in terms of the psychological, social, cultural, anthropological, legal, historical, and physical characteristics of individual sexuality and sex in society.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 483 Advanced Social Psychology
Crosslisted with: PSYC 883
Prerequisites: PSYC 288
Description: Current problems, methods, and findings in the study of individual behavior as it is influenced by the social environment.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 486 Clinical Psychology
Crosslisted with: PSYC 886
Prerequisites: PSYC 380
Description: Fundamental procedures in clinical practice, a critical evaluation of diagnostic and therapeutic techniques.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 489 Child Behavior and Development
Crosslisted with: PSYC 889
Prerequisites: PSYC 289 or CYAF 160; PSYC 350 or permission.
Description: Current issues in theory and research in developmental psychology examined (e.g., emotional development, the changing American family, the preschool years, social understanding), along with methods of research in these and other areas.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Format: LEC

PSYC 492 Special Topics in Psychology
Prerequisites: Variable, including permission.
Credit Hours: 1-24
Min credits per semester: 1
Max credits per semester: 24
Max credits per degree: 24
Format: LEC

PSYC 496 Instructional Assistantship III
Prerequisites: At least 6 hrs of PSYC 296 and permission of instructor.
Description: Structured professional experience for training instructor assistants to tutor, evaluate activities, and do other instructional assistance for psychology courses.
Credit Hours: 1-4
Min credits per semester: 1
Max credits per semester: 4
Max credits per degree: 4
Format: PSI

PSYC 497 Experiential Learning in Psychology II
Prerequisites: Permission.
Notes: P/N only.
Description: Experience within a psychological perspective in a variety of off-campus settings.
Credit Hours: 1-24
Min credits per semester: 1
Max credits per semester: 24
Max credits per degree: 24
Format: IND

PSYC 499 Independent Study in Psychology II
Prerequisites: Permission.
Description: Psychological research or reading.
Credit Hours: 1-24
Min credits per semester: 1
Max credits per semester: 24
Max credits per degree: 24
Format: IND

PLEASE NOTE
This document represents a sample 4-year plan for degree completion with this major. Actual course selection and sequence may vary and should be discussed individually with your college or department academic advisor. Advisors also can help you plan other experiences to enrich your undergraduate education such as internships, education abroad, undergraduate research, learning communities, and service learning and community-based learning.

Psychology (B.A.)
Career Information

The following represents a sample of the internships, jobs and graduate school programs that current students and recent graduates have reported.

Transferable Skills
