PSYCHOLOGY

Description
The undergraduate degree program in psychology is designed to provide you with educational and research experiences that can prepare you for graduate or professional school in academic psychology, medicine, dentistry, nursing, public health, and law—to name a few. The bachelors degree program in psychology can also prepare you for diverse careers in applied fields such as counseling, business, and health and human services. If you plan to major in psychology, we recommend that you meet with our advisors as early as possible to plan a program of study consistent with your interests and goals.

Options in the Major
Students may choose to focus their advanced coursework in ways that meet their specific interests and career goals. All students complete a core set of requirements and can determine, in consultation with faculty and their academic advisor, which specific option to follow. The option will be documented on the final transcript.

Psychological Science Option
The standard option for the major, it provides flexibility for students to explore the breadth of the field and prepares them for a range of careers and graduate or professional schools.

Clinical Science and Human Services Option
Prepares students for careers or graduate or professional schools in a full range of clinical science and human service fields. In addition to the three learning outcomes for the major, students in the Clinical Science and Human Services Option will understand evidence-based principles and practices for improving human health and behavior.

Neuroscience Option
Prepares students for careers or graduate or professional schools in a full range of neuroscience and biomedical fields by combining traditional natural science ancillary coursework with psychology. In addition to the three learning outcomes for the major, students in the Neuroscience Option will understand neuroscientific methods along with principles and theories underlying behavior.

Learning Outcomes
Graduates with a major in psychology will:

1. Demonstrate knowledge of the main content areas of psychology, including cognitive, biological, social, and developmental.
2. Interpret, design, analyze, and communicate psychological research that fosters the following transferable skills objectives:
   a. to be able to consider any psychological question, locate and critically review the existing literature, to form an empirically testable hypothesis of what the answer will be to the scientific inquiry into the question.
   b. to develop a research design necessary to identify what data to collect to test that research hypothesis.
   c. to use an understanding of the research design and the resulting data to statistically test the research hypothesis.
   d. to synthesize the literature review, research design and statistical analyses to describe and communicate the new information acquired from the investigation.
   e. to know how to use the existing literature to design future research to examine the replicability of the research results.

3. Explore and develop meaningful professional direction for life after graduation.

Graduates with the neuroscience option will also be able to:

• Understand the role of brain and behavioral processes in psychological and social problems.

Graduates with the clinical science and human services option will also be able to:

• Understand the role of sociocultural factors in psychological and social problems.

Academic and Career Advising

Academic and Career Advising Center
Not sure where to go or who to ask? The Advising Center team in 107 Oldfather Hall can help. The Academic and Career Advising Center is the undergraduate hub for CAS students in all majors. Centrally located and easily accessed, students encounter friendly, knowledgeable people who are eager to help or connect students to partner resources. Students also visit the Advising Center in 107 Oldfather Hall to:

• Choose or change their major, minor, or degree program.
• Check on policies, procedures, and deadlines.
• Get a college approval signature from the Dean’s representatives.

CAS Career Coaches are available by appointment (in-person or Zoom) and located in the CAS Academic and Career Advising Center, 107 Oldfather Hall. They help students explore majors and minors, gain experience, and develop a plan for life after graduation.

Assigned Academic Advisors
Academic advisors are critical resources dedicated to students’ academic, personal, and professional success. Every CAS student is assigned an academic advisor based on their primary major. Since most CAS students have more than just a single major, it is important to get to know the advisor for any minors or additional majors. Academic advisors work closely with the faculty to provide the best overall support and the discipline specific expertise. They are available for appointments (in-person or Zoom) and through weekly virtual drop-ins. Assigned advisors are listed in MyRED (https://its.unl.edu/myunl/) and their offices may be located in or near the department of the major for which they advise.

Students who have declared a pre-health or pre-law area of interest will also work with advisors in the Exploratory and Pre-Professional Advising Center (Explore Center) in 127 Love South, who are specially trained to guide students preparing to enter a professional school.

For complete and current information on advisors for majors, minors, or pre-professional areas, visit https://cas.unl.edu/major-advisors (https://cas.unl.edu/major-advisors/), or connect with the Arts and Sciences Academic and Career Advising Center, 107 Oldfather Hall, 402-472-4190, casadvising@unl.edu.

Career Coaching
The College believes that Academics + Experience = Opportunities and encourages students to complement their academic preparation with real-world experience, including internships, research, education abroad, service, and leadership. Arts and sciences students have access to a
powerful network of faculty, staff, and advisors dedicated to providing information and support for their goals of meaningful employment or advanced education. Arts and sciences graduates have unlimited career possibilities and carry with them important career competencies—communication, critical thinking, creativity, context, and collaboration. They have the skills and adaptability that employers universally value. Graduates are prepared to effectively contribute professionally and personally with a solid foundation to excel in an increasingly global, technological, and interdisciplinary world.

Students should contact the career coaches in the Arts and Sciences Academic and Career Advising Center in 107 Oldfather Hall, or their assigned advisor, for more information. The CAS career coaches help students explore career options, identify ways to build experience and prepare to apply for internships, jobs, or graduate school, including help with resumes, applications, and interviewing.

ACE Requirements

Students must complete one course for each of the ACE Student Learning Outcomes below. Certified course choices are published in the degree audit, or visit the ACE (http://ace.unl.edu) website (http://ace.unl.edu) for the most current list of certified courses.

ACE Student Learning Outcomes

ACE 1: Write texts, in various forms, with an identified purpose, that respond to specific audience needs, integrate research or existing knowledge, and use applicable documentation and appropriate conventions of format and structure.

ACE 2: Demonstrate competence in communication skills.

ACE 3: Use mathematical, computational, statistical, logical, or other formal reasoning to solve problems, draw inferences, justify conclusions, and determine reasonableness.

ACE 4: Use scientific methods and knowledge to pose questions, frame hypotheses, interpret data, and evaluate whether conclusions about the natural and physical world are reasonable.

ACE 5: Use knowledge, historical perspectives, analysis, interpretation, critical evaluation, and the standards of evidence appropriate to the humanities to address problems and issues.

ACE 6: Use knowledge, theories, and research perspectives such as statistical methods or observational accounts appropriate to the social sciences to understand and evaluate social systems or human behaviors.

ACE 7: Use knowledge, theories, or methods appropriate to the arts to understand their context and significance.

ACE 8: Use knowledge, theories, and analysis to explain ethical principles and their importance in society.

ACE 9: Exhibit global awareness or knowledge of human diversity through analysis of an issue.

ACE 10: Generate a creative or scholarly product that requires broad knowledge, appropriate technical proficiency, information collection, synthesis, interpretation, presentation, and reflection.

College Degree Requirements

College Distribution Requirements – BA and BS

The College of Arts and Sciences distribution requirements are common to both the bachelor of arts and bachelor of science degrees and are designed to ensure a range of courses. By engaging in study in several different areas within the College, students develop the ability to learn in a variety of ways and apply their knowledge from a variety of perspectives. All requirements are in addition to University ACE requirements, and no course can be used to fulfill both an ACE outcome and a College Distribution Requirement.

- A student may not use a single course to satisfy more than one College Distribution Requirement, with the exception of CDR Diversity. Courses used to meet CDR Diversity may also meet CDR Writing, CDR Humanities, or CDR Social Science.
- Internship (395 or 495), independent study or readings (396 or 496), research (398 or 498), and thesis (399, 399H, 499, or 499H) will not satisfy distribution requirements.
- Other courses with a 9 in the middle number (ex. PSYC 292) will not satisfy distribution requirements unless approved by an advisor.
- Cross-listed courses from interdisciplinary programs will be applied in the same area as courses from the lead department.

College Distribution Requirements

CDR: Written Communication
Select from courses approved for ACE outcome 1.

CDR: Natural, Physical, and Mathematical Sciences
Select a course from ASTR, BIOS, CHEM, GEOG, LIFE, METR, MATH, PHYS, or ANTH 242, GEOG 155, GEOG 181, POLS 250, or PSYC 273.

CDR: Laboratory
Laboratory courses may be embedded in a 4-5 credit course used in CDR Natural, Physical, and Mathematical Science (example GEOG 155), or stand alone (example LIFE 120L).

CDR: Human Diversity in U.S. Communities
Select a course from ARAB, CHIN, CLAS, CZEC, ENGL, FILM, FREN, GERM, GREK, HIST, JAPN, LATN, PHIL, RELG, RUSS, or SPAN.

CDR: Social Science
Select a course from ANTH, COMM, GEOG, NSST, POLS, PSYC, or SOCI.

CDR:Laboratory
Select from courses approved for ACE outcome 1.

CDR: Language
Select from the following approved courses also listed in your degree audit: ANTH 130, ANTH 412, ANTH 473, ARAB 313, COMM 311, COMM 364, COMM 465, ENGL 212, ENGL 245N, ENGL 312, ENGL 345D, ENGL 345N, ENGL 346, ENGL 376, ENGL 380, ENGL 445, ETHN 100, ETHN 201, ETHN 202, ETHN 205, FILM 344, GEOG 271, GEOG 403, GLST 350, HIST 115, HIST 246, HIST 251, HIST 323, HIST 340, HIST 351, HIST 356, HIST 357, HIST 402, PHIL 105, PHIL 106, PHIL 218, PHIL 323, PHIL 325, POLS 333, POLS 338, POLS 347, PSYC 310, PSYC 330, PSYC 421, PSYC 425, RELG 134, RELG 226, RELG 227, RELG 313, SOCI 101, SOCI 180, SOCI 200, SOCI 217, SPAN 206, SPAN 486, WMNS 101, WMNS 201, WMNS 202, WMNS 210, WMNS 356

ACE 10: Generate a creative or scholarly product that requires broad knowledge, appropriate technical proficiency, information collection, synthesis, interpretation, presentation, and reflection.
Excluded courses include:

1. PSYC 458
2. GEOG 432
3. GEOG 418
4. ANTH 473
5. ANTH 422

ACTS, ASTR, BIOC, CHEM, CSCE, FREN, GERM, GREEK, JAPN, LATN, RUSS, SLPA, or SPAN.

Credit Hours Subtotal: 12.33

1. Excluded courses: BIOC 101, BIOS 100, CHEM 101, Mbio 101, PHYS 201, MATH 100A, MATH 101, MATH 102, MATH 103.
3. ARAB, CHIN, CZEC, FREN, GERM, GREEK, JAPN, LATN, RUSS, and SPAN courses must be numbered 300 or above. ENGL courses must be ENGL 170, ENGL 180, or ENGL 200 level and above. Excluded courses: CLAS 116, ENGL 254, ENGL 300, ENGL 354, SPAN 300A, SPAN 303, and SPAN 304.
5. ARAB 202, CHIN 202, CZEC 202, FREN 202 or FREN 210, GERM 202, GREEK 301 and GREEK 302, JAPN 201 and JAPN 202, LATN 301 and LATN 302, RUSS 202, SLPA 202, or SPAN 202 or SPAN 210.

Language Requirement - BA and BS

The University of Nebraska–Lincoln and the College of Arts and Sciences place great value on academic exposure and proficiency in a second language. The University of Nebraska–Lincoln entrance requirement of two years of the same foreign language or the College’s language distribution requirement (CDR: Language) will rarely be waived and only with relevant documentation. See the main College of Arts and Sciences page for more details.

Experiential Learning Requirement - BA and BS

All undergraduates in the College of Arts and Sciences must complete an Experiential Learning (EL) designated course. This may include 0-credit courses designed to document co-curricular activities recognized as Experiential Learning.

Scientific Base – BS Only

The bachelor of science degree requires students to complete 60 hours in mathematical, physical, and natural sciences from disciplines within the College of Arts and Sciences or required in its majors: ACTS, ASTR, BIOC, BIOS, CHEM, CSCE, GEOF, LIFE, METR, MATH, PHYS, STAT or ANTH 242, ANTH 242L, ANTH 341, ANTH 385, ANTH 386, ANTH 389, ANTH 416, ANTH 422, ANTH 430, ANTH 442, ANTH 443, ANTH 444, ANTH 448, ANTH 473, ANTH 484, ANTH 487D, ENVR 201, GEEG 155, GEEG 181, GEEG 217, GEEG 281, GEEG 308, GEEG 317, GEEG 408, GEEG 417, GEEG 418, GEEG 419, GEEG 421, GEEG 422, GEEG 425, GEEG 427, GEEG 432, GEEG 444, GEEG 461, GEEG 467, PHIL 211, POLS 250, PSYC 273, PSYC 368, PSYC 370, PSYC 450, PSYC 451, PSYC 456, PSYC 458, PSYC 460, PSYC 461, PSYC 463, PSYC 464, or PSYC 465.

Excluded courses include: BIOC 101, BIOS 100, CHEM 101, MATH 100A, MATH 101, MATH 102, MATH 103, Mbio 101, PHYS 201 as well as any course numbered 395, 495, 399, 399H, 499, or 499H.

Up to 12 hours of scientific and technical courses offered by other colleges may be accepted toward this requirement with approval of the College of Arts and Sciences. See your assigned academic advisor to start the approval process.

Minimum Hours Required for Graduation

A minimum of 120 semester hours of credit is required for graduation from the College of Arts and Sciences. A cumulative grade point average of at least 2.0 is required.

Grade Rules

Restrictions on C- and D Grades

The College will accept no more than 15 semester hours of C- and D grades from other domestic institutions except for UNO and UNK. All courses taken at UNO and UNK impact the UNL transcript. No transfer of C- and D grades can be applied toward requirements in a major or a minor. No University of Nebraska–Lincoln C- and D grades can be applied toward requirements in a major or a minor. International coursework (including education abroad) with a final grade equivalent to a C- or lower will not be validated by the College of Arts and Sciences departments to be degree applicable.

Pass/No Pass Privilege

University policy for the Pass/No Pass (P/N) privilege:

- Neither the P nor the N grade factor into your GPA.
- ‘P’ is interpreted to mean a grade of C or above. A grade of C- or lower results in a ‘N’.
- A change to or from a Pass/No Pass may be made until mid-term (1/2 of the course - see the academic calendar for specific dates per term).
- The Pass/No Pass or grade registration cannot conflict with the policy of the professor, department, college, or University policy governing the grading options.
- Changing to or from the Pass/No Pass grading option requires using MyRED, or processing a Schedule Adjustment Form.
- For undergraduates, the University maximum of 24 ‘Pass’ credit hours and/or college and department limits will apply. These limits do not include courses offered on a ‘Pass/No Pass’ basis only. Consult your advisor or the Undergraduate Catalog (https://catalog.unl.edu/undergraduate) for restrictions on the number of ‘Pass’ hours you can apply toward your degree.
- The ‘Pass/No Pass’ grading option cannot be used for the removal of ‘C’, ‘D’, ‘D’, or ‘F’ grade factors. NOTE: See Course Repeats (https://registrar.unl.edu/academic-standards/course-repeats/)

College of Arts and Sciences policy on the Pass/No Pass (P/N) privilege:

- Pass hours can count toward fulfillment of University ACE requirements and college distribution requirements up to the 24-hour maximum.
- Most arts and sciences majors and minors do not permit any courses graded Pass/No Pass to apply, or limit them to no more than 6 hours. Students should refer to the major section of the catalog for clarification.
- Departments may specify that certain courses of theirs can be taken on a P/N-only or on a graded-only basis.

Grading Appeals

A student who feels that he/she has been unfairly graded must ordinarily take the following sequential steps in a timely manner, usually by initiating the appeal in the semester following the awarding of the grade:
1. Talk with the instructor concerned. Most problems are resolved at this point.
2. Talk to the instructor's department chairperson.
3. Take the case to the Grading Appeal Committee of the department concerned. The Committee should be contacted through the department chairperson.
4. Take the case to the College Grading Appeals Committee by contacting the Dean's Office, 1223 Oldfather Hall.

Course Level Requirements

Courses Numbered at the 300 or 400 Level
Thirty (30) of the 120 semester hours of credit must be in courses numbered at the 300 or 400 level. Of those 30 hours, 15 hours (1/2) must be completed in residence at the University of Nebraska–Lincoln.

Residency Requirement
The term "Residency" refers to courses taken at UNL. Students must complete at least 30 of the 120 total hours for their degree at the University of Nebraska–Lincoln. Students must complete at least 18 hours of their major coursework, and 15 of the 30 hours required at the 300 or 400 level, at UNL.

Catalog to Use
Students must fulfill the requirements stated in the catalog for the academic year in which they are first admitted to and enrolled as a degree-seeking student at the University of Nebraska–Lincoln. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are admitted to and enrolled as a degree-seeking student at the University of Nebraska–Lincoln in the College of Arts and Sciences. Students must complete all degree requirements from a single catalog year. Beginning in 1990-1991, the catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Transfer Students: Students who have transferred from a community college may be eligible to fulfill the requirements as stated in the catalog for an academic year in which they were enrolled at the University of Nebraska–Lincoln. In consultation with advisors, a student may choose to follow a subsequent catalog for any academic year in which they are enrolled at and enrolled as a degree-seeking student at the University of Nebraska–Lincoln in the College of Arts and Sciences. Students must complete all degree requirements from a single catalog year. Beginning in 1990-1991, the catalog which a student follows for degree requirements may not be more than 10 years old at the time of graduation.

Major Requirements
Psychology core requirements plus one of the three options: Psychological Science, Clinical Science and Human Services, or Neuroscience.

Additional Major Requirements

Grade Rules
C- and D Grades
A grade of C or above is required for all courses in the major and minor.

Pass/No Pass Limits
Excluding PSYC 100, up to 3 hours of Pass/No Pass credit may be counted toward the major or minor.

Requirements for Minor Offered by Department

Required Course
PSYC 181  Introduction to Psychology  4
Credit Hours Subtotal:  4
Additional Courses
Select at least 14 hours of additional PSYC courses at the 200 level or above, including at least 9 credit hours at the 300 level or above.  14
Credit Hours Subtotal:  14
Total Credit Hours  18

1  No more than 3 hours from the following courses can count toward the minor: PSYC 497, PSYC 498, and PSYC 499.

Grade Rules

C- and D Grades
A grade of C or above is required for all courses in the major and minor.

Pass/No Pass Limits
Excluding PSYC 100, up to 3 hours of Pass/No Pass credit may be counted toward the major or minor.

PSYC 100 Career Planning for Psychology Majors
Prerequisites: Psychology major or permission
Notes: Pass/No pass only. Students should take this course as early in their studies as possible, even if they have not taken PSYC 181.
Description: Survey of careers frequently sought by psychology majors, and recommendations for course work and experience for attaining students’ career goals. Includes departmental, college, and university resources of value to students’ educational and career objectives, and preparation for graduate study in psychology and related fields.
Credit Hours: 1
Max credits per semester: 1
Max credits per degree: 1
Grading Option: Pass No Pass

PSYC 181 Introduction to Psychology
Description: Introduction to concepts and research in the areas of biological, cognitive, developmental, social, and health-related bases of behavior, with emphases on critical thinking, research methods, and integration across areas of psychology.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Grading Option: Graded with Option
Prerequisite for: EDPS 386; ETHN 310, PSYC 310; GERO 446, GERO 846, PSYC 446; PSYC 263; PSYC 273; PSYC 289; PSYC 350; PSYC 370; PSYC 380; PSYC 387; PSYC 459
ACE: ACE 6 Social Science
Course and Laboratory Fee: $15

PSYC 181H Honors: Introduction to Psychology
Prerequisites: Good standing in the University Honors Program or by invitation.
Description: Introduction to concepts and research in the areas of personality, attitudes, emotion, learning, memory, perception, and physiological bases of behavior.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Grading Option: Graded
Prerequisite for: EDPS 386; ETHN 310, PSYC 310; GERO 446, GERO 846, PSYC 446; PSYC 263; PSYC 273; PSYC 289; PSYC 350; PSYC 370; PSYC 380; PSYC 387; PSYC 459
ACE: ACE 6 Social Science
Course and Laboratory Fee: $15
PSYC 189H University Honors Seminar
Prerequisites: Good standing in the University Honors Program or by invitation.
Notes: University Honors Seminar 189H is required of all students in the University Honors Program. Letter grade only.
Description: Topic varies.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded
ACE: ACE 6 Social Science

PSYC 263 Introduction to Cognitive Processes
Prerequisites: PSYC 181.
Description: Introduction to the psychological processes involved in pattern recognition, memory, human learning, problem solving, language development, verbal communication, and decision making, as viewed from an information processing standpoint.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
Prerequisite for: PSYC 459; PSYC 463; PSYC 466

PSYC 273 Brain & Behavior
Prerequisites: PSYC 181
Notes: Credit cannot be earned in both PSYC 273 and PSYC 373.
Description: Introduction to concepts and research to understand relations between bodily processes and behavior, with a focus on human brain structure and function.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
Prerequisite for: PSYC 365; PSYC 456; PSYC 458; PSYC 463; PSYC 464
ACE: ACE 4 Science

PSYC 288 The Psychology of Social Behavior
Description: Social factors influencing the values, attitudes, and behavior of the individual, including language, propaganda leadership, and group identifications.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
ACE: ACE 6 Social Science

PSYC 289 Developmental Psychology
Prerequisites: PSYC 181 or equivalent.
Description: Developmental approaches to human behavior from conception to senescence. Theories, methods, and results of research.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
Prerequisite for: CYAF 382; EDPS 362; EDPS 457

PSYC 292 Special Topics in Psychology
Description: Topics vary.
Credit Hours: 1-3
Min credits per semester: 1
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 305 Psychology of Immigration
Crosslisted with: ETHN 310
Prerequisites: PSYC 181 or permission.
Description: Examines psychological theory and research on the topic of immigration. Includes the impact of immigration on individual development (e.g., socialization, identity formation, acculturation) and family functioning (e.g., intergenerational relations, gender roles).
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
Groups: CAS Diversity in the US

PSYC 307 Psychology of Diversity
Description: Survey of theory and research on the psychological aspects of ethnicity and racism, gender, sexual orientation, including biological, social, and cultural influences. Causes and nature of prejudice in US society towards minorities and women. Research methods for key topics with these identified groups.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
ACE: ACE 9 Global/Diversity
Groups: CAS Diversity in the US

PSYC 334 Psychology of Environmental Sustainability
Crosslisted with: ENVR 334
Description: Applications of psychological principles to understand human transactions with their environments and find behavior-based solutions to environmental problems.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
ACE: ACE 8 Civic/Ethics/Stewardship

PSYC 350 Research Methods and Data Analysis
Prerequisites: 10 credit hours in Psychology, including PSYC 181
Description: Presentation of basic designs, methods, and data analysis techniques employed in psychological and behavioral research. Critical review of existing research, development of empirical hypotheses, design of research to test those hypotheses, statistical analysis and interpretation, and presentation of results. Create, perform, and present an individual research project.
Credit Hours: 4
Max credits per semester: 4
Max credits per degree: 4
Grading Option: Graded
Prerequisite for: PSYC 450; PSYC 451; PSYC 459; SOCI 333
ACE: ACE 10 Integrated Product
Course and Laboratory Fee: $10

PSYC 355 Addiction
Prerequisites: PSYC 273
Description: Introduction to factors relevant to substance-related disorders including biological, psychological, social, and clinical. Issues in research, theory and practice are considered.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
PSYC 368 Learning and Motivation
Description: Introduction to processes of instrumental and classical conditioning in animals and humans, and to theories of and research on motivation.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 370 Evolution, Behavior and Society
Prerequisites: PSYC 181
Description: Application of modern evolutionary theory to contemporary societal problems. Understanding human behaviors such as aggression, parenting and social systems, the role of evolutionary thought in medicine, and evolutionary approaches to cognition and intelligence.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 380 Psychopathology and Mental Health
Prerequisites: PSYC 181 or equivalent
Description: Diagnosis and treatment of mental health challenges in the context of relevant biological, experiential, and cultural factors.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 387 The Psychology of Personality
Prerequisites: PSYC 181 or equivalent.
Description: Introduction to factors influencing personality and its development; the dynamics of personality adjustment.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 392 Special Topics in Psychology
Description: Topics vary.
Credit Hours: 1-3
Min credits per semester: 1
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 401 Psychology and Law
Prerequisites: Junior or Senior standing
Description: Survey of the relationships between psychology and the law, legal system and legal process. Issues in research, theory, and practice considered.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 421 Psychology of Gender
Crosslisted with: PSYC 821, WMNS 421, WMNS 821
Prerequisites: 9 hrs PSYC.
Description: Differences between sex, gender, gender identity, gender expression, and sexuality. Social construction of gender, and the intersections between gender and other social identities (e.g., sexuality, race/ethnicity). Interrogate gender within the field of psychology (e.g., developmental, neuroscience, cognitive, personality, social); Role if gender in important aspects of the human experience (e.g., bodies, violence, media, work, parenthood, mental health). Application of gender outside the classroom (e.g., how gender shapes our every-day lives and experiences).
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
Groups: CAS Diversity in the US

PSYC 425 Psychology of Racism
Crosslisted with: ETHN 425, PSYC 825
Prerequisites: PSYC 350.
Description: Major terms and issues in psychology that pertain to race and racism in the United States. General principles of the psychology of racism that are universal. Psychology of the major racial minority groups in the United States examined through their unique cultures, histories, traditions, and collective identities. Research methods for the psychology of racism reviewed as a basis for interpreting research results.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
Groups: CAS Diversity in the US

PSYC 428 Health Psychology
Crosslisted with: PSYC 828
Prerequisites: Junior or Senior standing.
Description: The relationship between psychological factors and physical health. Health behavior, health decision-making, health promotion and coping from a variety of theoretical perspectives.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 430 Psychology of Family Violence
Prerequisites: Junior or Senior standing
Description: Overview of the multiple forms of family violence through a psychological perspective, including child maltreatment (physical abuse, neglect, sexual abuse, psychological maltreatment), intimate partner violence, sexual assault, and elder abuse. Scope of the problem, etiology, consequences, intervention, prevention, and current controversies are addressed.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
PSYC 440 Controversial Issues in Psychology
Crosslisted with: PSYC 840
Prerequisites: 12 hrs psychology including PSYC 350 or concurrent enrollment in PSYC 350
Description: Currently important fundamental issues in psychology, focusing on controversies within the science of psychology.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 446 Psychology of Adult Development and Aging
Crosslisted with: GER 446, GER 846
Prerequisites: PSYC 181 or GER 200.
Description: Major social and psychological changes that occur as a function of aging. Both normal and abnormal patterns of developmental change including their implications for behavior.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 450 Advanced Research Design and Data Analysis
Prerequisites: PSYC 350 with a grade of B or better
Notes: PSYC 450 (usually offered in the fall) and PSYC 451 (usually offered in the spring) can be taken in any order.
Description: Presentation of advanced, experimental, quasi-experimental, and non-experimental research designs and statistical models employed in psychological and behavioral research. Factorial ANOVA and ANCOVA designs and analysis, with interpretation and presentation of the results in oral and written formats. Create, perform, and present an individual research project.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 451 Multivariate Research Design and Data Analysis
Prerequisites: PSYC 350 with a grade of B or better
Notes: PSYC 450 (usually offered in the fall) and PSYC 451 (usually offered in the spring) can be taken in any order.
Description: Presentation of multivariate research designs and statistical models employed in psychological and behavioral research. Analysis using multiple regression and linear discriminant function models; interpretation and presentation of the results in oral, written, and web-based formats. Create, perform, and present an individual research project.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
Offered: FALL

PSYC 456 Developmental Biopsychology
Prerequisites: PSYC 273
Description: Age-related behavioral changes in humans and other animals using genetic, neural, hormonal, and evolutionary concepts and data. Behavioral systems, such as sexual and parental behaviors, aggression, communication, social affiliation, and cognition.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 458 Behavior Genetics
Prerequisites: PSYC 273
Description: Introduction to concepts and research in behavior genetics. The role of heredity in normal and disordered behaviors will be examined, with a special emphasis on the mechanisms by which genetic variation influences individual differences in behavior.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 459 Psychology of Language
Prerequisites: PSYC 181 or equivalent; PSYC 263 and 350.
Description: Introduction to one of the most important human behaviors, language, from the viewpoint of the psychologist.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 460 Human Memory
Crosslisted with: PSYC 860
Prerequisites: PSYC 263
Description: Issues in human memory within the context of cognitive psychology: attention; short and long term memory; retrieval processes; semantic memory; how long-term memory is involved in comprehension and knowledge; how emotion affects memory; and the major research paradigms used in the study of memory.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 461 Animal Learning & Cognition
Crosslisted with: PSYC 861
Prerequisites: Junior or Senior standing
Description: Evaluation and discussion of studies in learning and cognition that draws from the research literature with nonhuman animals.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 462 Motivation and Emotion
Crosslisted with: PSYC 862
Prerequisites: Junior or Senior standing
Description: Major problems and methods involved in the study of motivation and emotion including theoretical considerations.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 463 Perception
Prerequisites: PSYC 263 OR PSYC 273
Description: Analysis and comparison of approaches to the study of current problems in human perception and information processing. Psychophysical judgment, signal detection theory, perception of form and space, and the role of imagery in perception.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option
PSYC 464 Psychoneuropharmacology
Prerequisites: PSYC 273
Description: Understanding behavioral and psychological phenomena using pharmacological tools. Topics from neurobiology of receptor functioning to the concerted actions of neural mechanisms that are believed to produce such phenomena as fear and anxiety, substance abuse, and neurological disorders.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 465 Behavioral Neuroscience
Crosslisted with: BIOS 465, BIOS 865, PSYC 865
Prerequisites: PSYC 273
Description: Relationship of physiological variables to behavior, an introduction to laboratory techniques in neuropsychology.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 466 Attention and Performance
Prerequisites: PSYC 263.
Description: Theory and research on human attention and the critical link between attention and performance within the context of cognitive psychology. The influence of various factors on attention (e.g. emotion, video games, cognitive disorders) and how these influence behavior (e.g. eye movements, perception, motor control, search).
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 471 Human Sexuality and Society
Crosslisted with: CYAF 471, EDPS 471, SOCI 471, CYAF 871, EDPS 871, PSYC 871, SOCI 871
Prerequisites: Junior or Senior standing
Notes: Open to advanced students planning careers in the professions in which knowledge of human behavior and society is important (e.g., helping professions, medicine, law, ministry, education, etc.).
Description: Interdisciplinary approach to the study of human sexuality in terms of the psychological, social, cultural, anthropological, legal, historical, and physical characteristics of individual sexuality and sex in society.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 483 Advanced Social Psychology
Crosslisted with: PSYC 883
Prerequisites: PSYC 288
Description: Current problems, methods, and findings in the study of individual behavior as it is influenced by the social environment.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 486 Clinical Psychology
Crosslisted with: PSYC 886
Prerequisites: PSYC 380
Description: Fundamental procedures in clinical practice, a critical evaluation of diagnostic and therapeutic techniques.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 489 Child Behavior and Development
Crosslisted with: PSYC 889
Prerequisites: PSYC 289 or CYAF 160; PSYC 350 or permission.
Description: Current issues in theory and research in developmental psychology examined (e.g., emotional development, the changing American family, the preschool years, social understanding), along with methods of research in these and other areas.
Credit Hours: 3
Max credits per semester: 3
Max credits per degree: 3
Grading Option: Graded with Option

PSYC 492 Special Topics in Psychology
Description: Topics vary.
Credit Hours: 1-6
Min credits per semester: 1
Max credits per semester: 6
Max credits per degree: 6
Grading Option: Graded with Option

PSYC 497 Instructional Assistantship
Prerequisites: Permission.
Notes: P/N only.
Description: Development as an undergraduate learning assistant in Psychology courses.
Credit Hours: 1-6
Min credits per semester: 1
Max credits per semester: 6
Max credits per degree: 6
Grading Option: Pass No Pass
Experiential Learning: Student Teaching/Education Practicum

PSYC 498 Undergraduate Research
Prerequisites: Permission.
Description: Independent research or participation in a faculty research initiative.
Credit Hours: 1-6
Min credits per semester: 1
Max credits per semester: 6
Max credits per degree: 6
Grading Option: Graded with Option
Experiential Learning: Research

PSYC 499 Undergraduate Thesis
Prerequisites: Permission.
Description: Independent work on an undergraduate thesis.
Credit Hours: 1-3
Min credits per semester: 1
Max credits per semester: 3
Max credits per degree: 6
Grading Option: Graded with Option
PSYC 499H Honors Undergraduate Thesis
Prerequisites: Permission.
Description: Independent work on a thesis.
Credit Hours: 1-3
Min credits per semester: 1
Max credits per semester: 3
Max credits per degree: 6
Grading Option: Graded with Option

Career Information
The following represents a sample of the internships, jobs and graduate school programs that current students and recent graduates have reported.

Transferable Skills
- Understand human interactions and behaviors in multiple environments
- Evaluate human behavior and explain social phenomena
- Conduct and present research to large and small groups
- Develop a strong awareness of self and others
- Offer empathetic, sensitive, and patient interactions with others
- Communicate clearly using different forms of writing to and for a variety of different audiences
- Confidently navigate complex, ambiguous projects and environments
- Define problems and identifying causes
- Listen actively and facilitate individual and group communication
- Understand and utilize a variety of research methodologies

Jobs of Recent Graduates
- Behavioral Health Technician, CenterPointe – Lincoln, NE
- Behavioral Specialist, APEX Regional Children's Program – Glenwood, IA
- Bioinformatics Data Analyst, Neogen GeneSeek – Lincoln, NE
- Clinical Research Coordinator, Avera Research Institute – Sioux Falls, SD
- Family Support Worker, Jenda Family Services – Lincoln, NE
- Neuroscience Research Assistant, Boys Town National Research Hospital – Omaha, NE
- Patient Appointment Service Specialist, Mayo Clinic – Rochester, NY
- Program Director, CEDARS Youth Services – Lincoln, NE
- School Psychologist Intern, Educational Service – Omaha, NE
- Social Service Worker, State of Nebraska Department of Health and Human Services – Lincoln, NE
- Children's Advocate Intern, Friendship Home - Lincoln NE
- Communications Intern, Nebraska Appleseed Foundation - Lincoln NE
- Youth Treatment Specialist, Child Guidance Center - Lincoln NE
- Adult Protective Services Intern, Nebraska Dept of Health & Human Services - Lincoln NE
- Intern, Nebraska State Penitentiary - Lincoln NE

Graduate & Professional Schools
- Master's Degree, Applied Behavioral Analysis, University of Nebraska–Omaha – Omaha, NE
- Master's Degree, Business Administration, University of Nebraska–Lincoln – Lincoln, NE
- Master's Degree, Forensic Psychology, University of Denver – Denver, CO
- Master's Degree, Marriage & Family Counseling, California Lutheran University – Thousand Oaks, CA
- Master's Degree, Public Policy, University of California–Irvine – Irvine, CA
- Master's Degree, School Psychology, University of Central Florida – Orlando, FL
- Master's Degree, Social Work, University of Nebraska–Omaha – Omaha, NE
- Doctoral Degree, Industrial–Organizational Psychology, Saint Louis University – St. Louis, MO
- Doctoral Degree, Neuroscience, Colorado State University – Fort Collins, CO
- Doctoral Degree, Clinical Psychology, Michigan State University – Lansing, MI

Internships
- Child Advocacy Center Intern, Child Advocacy Center - Lincoln NE
- Human Resources Intern, Integrated Life Choices - Lincoln NE
- Women's Advocate, Friendship Home - Lincoln NE
- Legislative Intern, Nebraska Unicameral Legislature - Lincoln NE
- Community Development Intern, City of La Vista - La Vista NE
- Victim Witness Intern, Lincoln Police Department - Lincoln NE
- Public Relations Intern, American Red Cross - Lincoln NE
- Special Events Intern, National Baseball Hall of Fame - Cooperstown NY
- Animal Care Intern, Nebraska Wildlife Rehab Center - Louisville NE
- Sales Intern, Sandhills Publishing - Lincoln NE
