INTERNATIONAL BUSINESS

Description

We aim to develop both the mindset and skillset that will make our graduates outstanding global citizens who are effective in one of six functional areas, namely: business administration (i.e., general international business), economics, finance, management, marketing, and supply chain management and analytics. Our international business (IB) major is designed to give students a combination of skills in a functional area (i.e., a specialization) and global business. Therefore, international business graduates pursue careers in one of the six areas they choose to specialize in.

To succeed in international business, one must thrive in unfamiliar and dynamic conditions. Cultural and language barriers, socioeconomic diversity, geopolitical tensions, and unstable legal regimes are some of the constant challenges we prepare our students to face. These conditions are present in domestic and international markets.

Excelling within such conditions requires a high level of understanding, patience, judgment and other social skills. International Business students are well-grounded and confident even when they face being wrong in order to get it right. Their quest for understanding breeds good judgment and intuition to lead through empathy.

We push students to become aware of cognitive biases that permeate all human interaction and impede understanding and decision making. We give them tools to control their own biases using mindfulness practice. We also nurture skills for framing discussions to avoid biases in others. We study techniques developed in international diplomacy for negotiation in the international context. The ethical dilemmas common to international business and how they appear in everyday dealings are examined.

Our rigorous coursework draws on practical academic disciplines that prepare students to perform different business functions. In addition, we constantly strive to develop students’ skills and feed their intellectual curiosity. We require students to advance their foreign language skills, not simply for practical reasons but to develop empathy and neuroplasticity; and we require an international internship or practicum to develop character and experience. Finally, students immerse within the global context to challenge and develop their skills through our global immersion programs where they work on multidisciplinary projects in established markets (e.g., parts of Europe) as well as in frontier markets, including Africa, Asia, and South America.

Admission

Major/Department Admission

Admission requirements for all majors in the College are the same as those for university admission as noted under the University of Nebraska–Lincoln General Admission Requirements.

College REQUIREMENTS

College Admission

The entrance requirements for the College of Business (CoB) are the same as the University of Nebraska–Lincoln General Admission Requirements.

Admission Deficiencies/Removal of Deficiencies

Students admitted to the College of Business with core course deficiencies are advised to remove these deficiencies as soon as possible.

College-level coursework taken to remove deficiencies MAY NOT be used to meet degree requirements in the College.

Honors Program

Nebraska Business Honors Academy

The Nebraska Business Honors Academy is a unique cohort-based program for high-ability students with demonstrated leadership potential. The goal of the Academy is to develop critical thinking, problem-solving, and communications skills to prepare graduates to be strategic decision-makers and innovators. The Academy combines a rigorous curriculum (including approximately 40 credit hours of cohort-based courses) with leadership training, co-curricular activities, and corporate involvement. Nebraska Business Honors Academy requirements differ from those listed in the catalog. Students work closely with the Academy’s advisors on appropriate sequencing and enrollment in Academy-specific requirements.

Jeffrey S. Raikes School of Computer Science and Management

The purpose of the Jeffrey S. Raikes School of Computer Science and Management is to produce unique graduates who combine business knowledge and computing fundamentals for enterprise information and software systems. Graduates will be professionals who understand the multiple levels of new information systems and who become the technology sector’s innovators, product developers, entrepreneurs, chief information officers, and CEOs. Students interested in learning more about the Jeffrey S. Raikes School of Computer Science and Management program and curriculum requirements (which may differ from those listed here) are encouraged to call 402-472-6000 or visit the Jeffrey S. Raikes program website (https://raikes.unl.edu/). Students may also reference the Jeffrey S. Raikes School of Computer Science and Management catalog section under Academic Programs and Policies.

College Degree Requirements

Overview of College Degree Requirements

The curriculum requirements for the College consist of coursework in three areas. All coursework (except electives and where otherwise noted) must be taken for a grade.

1. Non-Business Requirements (NBR)
   - Consist primarily of College and University ACE (Achievement-Centered Education) coursework

2. Business Core
   - Foundation (BCF), (includes ACE 6)
   - Intermediate (BCI), (includes ACE 8)
   - Advanced-Major (BCA-M)
   - Advanced-Capstone (BCA-C), (ACE 10)
3. Electives

Non-Business Requirements (NBR)
(Most of the ACE requirements)

Eight Courses (normally 24-26 hours)

All students in the College of Business will take the following non-business courses (unless otherwise noted).

- While NBR 1, 2, 7, and 8 identify specific ACE options to choose from or identify an ACE course specifically required for the College, NBR 3, 4, 5, and 6 allow students to select courses according to their personal interests (and meet ACE 4, 5, 7, and 9).
- Most students will take coursework to fulfill these requirements during the freshman/sophomore year. However, if hours are still needed during the junior/senior year, there may also be options to ‘double count’ coursework for NBR 3 (ACE 4) and/or NBR 6 (ACE 9) toward the major (BCA-M) or a minor. This is likely to be of most benefit to ‘transfer-in students’ due to the nature of the program and when ACE requirements are traditionally taken.

All coursework for NBR must be taken for a grade.

NBR 1: Written Communication (ACE 1)
Choose ONE of the following:
ENGL 150 Writing and Inquiry
ENGL 151 Writing and Argument

Students should refer to the course descriptions to select the one course best suited to individual interests. While several communication courses may be selected to fulfill the University ACE 1 outcome, one of the above is a specific requirement for the College of Business and will fulfill both requirements with one course. ENGL 150 and ENGL 151 are primarily restricted to first- and second-year students. Upperclass students who have not completed one of these options should take ENGL 254 Writing and Communities as a substitute.

NBR 2: Mathematical, Computational, Statistical or Formal Reasoning Skills (ACE 3)
Choose ONE of the following:
MATH 104 Applied Calculus
MATH 106 Calculus I

Any advanced calculus course above the 106 level

Notes regarding the selection of coursework for NBR 2 (ACE 3):

- Credit cannot be given for both MATH 104 and MATH 106. Students must determine the appropriate course early in their program.
- A first-semester student’s score on the Math Placement Exam will determine eligibility for MATH 104 or MATH 106. The student should select between these classes based on the following sets of circumstances:
  - Actuarial science majors MUST take MATH 106 (or a higher-level calculus).
  - Actuarial science majors will also take MATH 107 Calculus II and MATH 208 Calculus III and either CSCE 101 Fundamentals of Computer Science or CSCE 101L Fundamentals of Computing Laboratory or CSCE 155A Computer Science I.
  - Raikes students MUST take MATH 106 and MATH 107 (or a higher-level calculus).
  - MATH 106 (or higher calculus) is strongly encouraged for those students majoring in accounting, majoring in finance, majoring in economics, or considering graduate school.
  - While several courses may be selected to fulfill the University ACE 3 outcome, one of the above is a specific requirement for the College of Business and will fulfill both requirements with one course.
  - Freshman students who place below MATH 104 on the Math Placement Exam may want to consider summer school in order to maintain their sequence of courses.

Math Placement Exam (MPE)

Students admitted to the College of Business are required to take a Math Placement Exam prior to enrolling in the college math requirement of MATH 104 or MATH 106 (or higher math).

- The results of this examination determine which math course students will enroll in their first semester on campus.
- The Math Placement Exam may be retaken if a student feels that they are able to test into a higher level course.
- Students lacking sufficient high school preparation in math may need to enroll in equivalent high school preparatory courses, as will be determined by the MPE.
- Preparatory courses should be taken as soon as possible to avoid future sequencing problems.
- Additional information about the exam can be found on the Math Placement website (http://www.math.unl.edu/resources/undergraduate/mpe/).

Whether required to enroll in preparation coursework first, as indicated on the MPE (MATH 100A Intermediate Algebra, MATH 101 College Algebra and/or MATH 103 College Algebra and Trigonometry), or in one of the required courses, it is critical to begin math the first semester on campus.

NBR 3: The Study of Scientific Methods and Knowledge of the Natural and Physical World (ACE 4)
Choose one course from ACE 4 Certified Courses. (Course credit will vary between 3-4 credit hours.)

- Agribusiness majors – NBR 3 (ACE 4) – AGRI 115 Biotechnology: Food, Health and Environment; PLAS 100 Plants, Landscapes, & the Environment; PLAS 131 Plant Science; ENTO 115 Insect Biology; AGST 109 Physical Principles in Agriculture and Life Sciences; NRES 108 Earth’s Natural Resource Systems Laboratory; PLPT 110 Fantastic Fungi - The Fatal and the Friendly may be taken to fulfill the science requirement (NBR 3–ACE 4) as well as a requirement for the major (BCA-M).

NBR 4: Study of Humanities (ACE 5)
Choose one course from ACE 5 Certified Courses.

- International business majors – NBR 4 (ACE 5) – FREN 301 Survey of French Literature, FREN 302 Themes in French Literature, RUSS 301 Russian Cultural Studies, RUSS 302 Studies in Russian Culture and Film, RUSS 482 Russian Literature in Translation, RUSS 483 Russian Secular and Political Folklore, SPAN 305 The Analysis of Communication in
Spanish, SPAN 314 Ecological Imagination in Hispanic Culture, SPAN 315 Gender and Sexuality in Hispanic Culture, SPAN 331 War and Human Rights in Latin America may be taken to fulfill NBR 4–ACE 5 as well as a requirement for a language minor or toward the major language requirement.

NBR 5: Study of the Arts to Understand Their Context (ACE 7)
Choose one course from ACE 7 Certified Courses.

NBR 6: Global Awareness or Knowledge of Human Diversity Through Analysis of an Issue (ACE 9)
Choose one course from ACE 9 Certified Courses.

Students enrolling for their first semester with junior standing (or more) will see that the list of approved courses includes a few business courses. While this section is labeled “non-business requirements,” students may elect to enroll in one of the business courses to fulfill the ACE 9 requirement as long as prerequisites are completed (which are generally reserved for juniors or seniors). Work closely with your advisor and bring this to their attention to question how this course may potentially satisfy other degree program requirements, including in major.

The options include:

- Actuarial science majors – must complete an International Business Course as part of the degree requirements. Actuarial science majors may choose to take ECON 321 Introduction to International Economics to fulfill the IBCR as well as the global awareness requirement (NBR 6–ACE 9).
- Agribusiness majors – AECN 220 International Agricultural Trade, AECN 346 World Food Economics, AECN 367 Agricultural Development in Developing Countries, AECN 420 International Food and Agricultural Trade, AECN 425 Agricultural Marketing in a Multinational Environment, AGRI 282 Introduction to Global Agricultural and Natural Resources Issues, ENSC 110 Energy in Perspective, or PLAS 200 Landscape and Environmental Appreciation may be taken to fulfill the global awareness requirement (NBR 6–ACE 9) as well as a requirement for the major.
- Business administration majors – ECON 321 or MNGT 414 International Management may be taken to fulfill the global awareness requirement (NBR 6–ACE 9) as well as a requirement for the major. (ECON 321 and MNGT 414 are also IBCR course options.)
- Economics majors – ECON 321 may be taken to fulfill the global awareness requirement (NBR 6–ACE 9) as well as a requirement for the major. (ECON 321 is also an IBCR option).
- International business majors – BSAD 320 Global Issues, BSAD 420 Global Leadership and the Culture Map, ECON 321 or MNGT 414 may be taken to fulfill the global awareness requirement (NBR 6–ACE 9) and may fill a requirement for the major. (They are also IBCR options.)
- Management majors – MNGT 365 Managing Diversity in Organizations or MNGT 414 may be taken to fulfill the global awareness requirement (NBR 6–ACE 9) and may be able to fulfill a requirement for the major/minor depending on the option selected. (MNGT 414 is also an IBCR option.)
- Supply chain management majors – ECON 321 may be taken to fulfill the global awareness requirement (NBR 6–ACE 9) as well as a directed elective for the major. (ECON 321 is also an IBCR option).
- An alternative to the above options is allowance of the course to count for NBR 6–ACE 9 and the associated minor—but only one or the other (major OR minor).

In any of the above instances where double counting is an option, only 3 hours of credit are awarded; students will still need to meet the 120 hours for graduation. Any course that is used for both an ACE requirement and a first major requirement is not allowed to be used towards the completion of the 300/400 upper-level requirement.

NBR 7: Business Communication (ACE 1)
BSAD 220 Business Writing

This is a business writing course that requires sophomore standing and ENGL 150 or ENGL 151 as prerequisites. While it is also an ACE 1 course, as is ENGL, BOTH are specific requirements for the College of Business.

NBR 8: Oral Communication Skills (ACE 2)
Choose one course from:

MRKT 257 Sales Communication

COMM 286 Business and Professional Communication

- Due to the importance of this requirement to the business curriculum, the College recommends taking this course on campus.
- While several other courses may be selected to fulfill the University ACE 2 requirement, COMM 286 or MRKT 257 is a specific requirement for the College of Business.

NOTE: In the selection of coursework for any of the above NBR’s, the term prerequisite, when stated anywhere in this catalog, means coursework that MUST BE COMPLETED to enroll in the class. Concurrent enrollment in any identified prerequisite(s) is NOT permitted unless so indicated in the course description.

Business Core – Four Sections (approximately 62-74 hours)

- Business Core Foundation (BCF) – 18 hours
- Business Core Intermediate (BCI) – 18 hours
- Business Core Advanced–Major (BCA-M) – Hours vary from 21-33 hrs
- Business Core Advanced–Capstone (BCA-C) – 3 hours + 0 hour assessment

The foundation and intermediate courses are designed to expose students to the various business disciplines. The advanced courses are those courses identified for each of the eleven majors, and the capstone course is taken in the final semester of the program. All coursework for the Business Core (except where noted differently) must be taken for a grade.

Professional Enhancement Program (PrEP) (4 hours)
Designed to develop confident, professional, and polished business students positioned for lifelong career success, the PrEP program consists of four required 1-hour courses. These courses are labeled BSAD 111 PrEP I, Investing in Strengths; BSAD 222 PrEP II, Career Development and Planning; BSAD 333 PrEP III, Internship and Job Search Strategies; BSAD 444 PrEP IV, Professional and Life Skills, and are offered across the four-year curriculum as part of the Business Core requirements.
Business Core Foundation (BCF) – Nine Courses (18 hours)
All students in the College of Business will take the following courses (unless otherwise noted).

All coursework (except BSAD 50, BSAD 111, and BSAD 222) must be taken for a grade. Raikes students are exempted from these courses.

BCF 1 – BSAD 111 PreEP I, Investing in Strengths
• BSAD 111
  • 1-credit-hour course (offered Pass/No Pass only).
  • Required of all new freshmen.
  • Taken as a freshman (preferably first semester).

BCF 2 – BSAD 50 Business Computer Applications
• 0-credit-hour course (offered Pass/No Pass only).
  • Offered twice per semester and should generally be taken in the FIRST seven weeks of semester two. It is a prerequisite for ECON 215, which is normally taken in the fall of the second year.
  • Required basic-skills computer course that uses Microsoft Access, Word, PowerPoint, and Excel.

BCF 3 – SCMA 250 Spreadsheet Analytics
• 1-credit-hour course.
  • ECON 215 Statistics is a prerequisite or may be taken concurrently.

BCF 4 – ACCT 201 Introductory Accounting I and ACCT 202 Introductory Accounting II
• ACCT 201
  • Sequential; take ACCT 201 first.
  • Prerequisite: 2.5 cumulative GPA; sophomore standing, (or freshman standing, with 14 credit hours of college credit and MATH 104 or MATH 106 with a grade of C or better).
• ACCT 202
  • Sequential; take ACCT 202 following completion of ACCT 201.
  • Prerequisite: 2.5 cumulative GPA; Sophomore standing, (or freshman standing with 14 hours of University of Nebraska-Lincoln credit and MATH 104 or MATH 106 with a grade of C or better); ACCT 201 with a grade of C or better.
  • Grade of C or better in prerequisites is normally required for accounting courses.

BCF 5 – ECON 211 Principles of Macroeconomics and ECON 212 Principles of Microeconomics (ACE 6)
• Not sequential.
  • Prerequisite: Completion of 12 hours of college coursework.

BCF 6 – ECON 215 Statistics (ACE 3)
• Prerequisites: Sophomore standing; MATH 104 or MATH 106; BSAD 50; and a 2.5 GPA.
  • Must take ECON 215 (not STAT 218 Introduction to Statistics nor EDPS 459 Statistical Methods nor CRIM 300 Applied Statistics and Data Processing in the Public Sector nor SOCI 206 Introduction to Social Statistics).
  • Actuarial science majors MUST take STAT 380 Statistics and Applications instead of ECON 215; will also take STAT 462 Introduction to Mathematical Statistics I: Distribution Theory and STAT 463 Introduction to Mathematical Statistics II: Statistical Inference.
  • Economics majors or minors can take STAT 380 instead of ECON 215.

BCF 7 – BSAD 222 PreEP II, Career Development and Planning
• 1-credit-hour course (offered Pass/No Pass only).
  • Prerequisites: Major in College of Business; sophomore standing; and a 2.5 GPA.
  • Taken as a sophomore.

Business Core Intermediate (BCI) – Six Courses (18 hours)
• Prerequisites for the BCI courses include MATH (NBR2), ACCT 201, ACCT 202, ECON 211, ECON 212, ECON 215, BSAD 220, and a 2.5 GPA.
• Required of all business students regardless of major (except where noted under individual courses).
• Enrollment in BCI normally occurs during the sophomore and junior years.
• All coursework must be taken for a grade.
• Sequence with the following recommendations/restrictions:
  • Plan complete sequence of intentions to take BCI (and necessary prerequisites) to remain on schedule for graduation.
  • Enroll in courses most applicable to your major as soon as possible, particularly MRKT, FINA, and SCMA, to stay on sequence for major.
  • There are exceptions to these requirements for specific majors (ABUS, ACCT, MRKT, and ACTS). Please note those exceptions.
  • If transferring, a maximum of 3 hours may apply, with further restrictions on applicability, to not exceed the 15-hour limitation. For details on transfer rules, see Transfer Credit Restrictions under Course Exclusions and Restrictions.
  • See the links for each course to know the specific prerequisites and course descriptions.

BCI 1 – BLAW 371 Legal Environment or BLAW 372 Business Law I (ACE 8)
• Accounting majors must take BLAW 372.

BCI 2 – SCMA 350 Business Analytics/Information Analysis or in certain cases MRKT 350 Marketing Analytics
• Marketing and agribusiness majors may choose to take MRKT 350, which carries an additional prerequisite of MRKT 341.
• Students must complete SCMA 250 prior to taking SCMA 350.

BCI 3 – FINA 361 Finance
• Actuarial science majors will take FINA 461 Advanced Finance to meet this requirement.
• Grade of C or better in this course is a requirement for a number of finance courses that follow.
BCI 4 – MRKT 341 Marketing
BCI 5 – SCMA 331 Operations and Supply Chain Management
BCI 6 – MNGT 301 Introduction to Management

Professional Enhancement Program – Upper level
• 1-credit-hour course (offered Pass/No Pass only).
  • Prerequisites: Major in College of Business; BSAD 222; and a 2.5 GPA.
  • Taken second semester of sophomore year or junior year.

PrEP – BSAD 444 PrEP IV, Professional and Life Skills
• 1-credit-hour course (offered Pass/No Pass only).
  • Prerequisites: Major in College of Business; senior standing or by permission; and a 2.5 GPA.
  • Taken first or second semester of senior year.

Business Core Advanced-Major (BCA-M) – (21-33 hours)
• Coursework for the major requires completion of specific, required courses of the department, along with other guidelines.
• Refer to the Major page for a listing of requirements.
• Careful and advanced planning is necessary, as some courses for the major may not necessarily be available every semester and classes for the major are limited in the summer sessions.
• ALL coursework for the major must be taken for a grade (students may not take classes Pass/No Pass).
• Students may be able to take their International Business Course Requirement (IBCR) as part of their major.
• Although a 2.5 GPA may not be required to take these courses, a 2.5 is required to apply for graduation; thus, students are expected to maintain this level throughout their collegiate career.
• Sequencing of classes is critical; plan the major courses well in advance of enrollment. Visit with an academic advisor for assistance planning critical class sequencing.
• By this point in time, the curriculum was designed for ACE (except ACE 10) to have been completed through other coursework. If missing an ACE 4 or 9, there may be options through the major to fulfill both requirements.
• A maximum of 3 hours of coursework may transfer if the 15-hour limitation has not been exceeded. Further restrictions may apply.

Business Core Advanced-Capstone (BCA-C) – Two Courses (3 hours)

BCA-C 1 – MNGT 475 Business Strategies (ACE 10)
• Reserved for graduating seniors, this course requires the Business Core Foundation (BCF) and Intermediate (BCI) coursework to be completed for enrollment. BLAW 371 or BLAW 372 may be completed concurrently. Actuarial students may take FINA 461 concurrently with MNGT 475.
• A capstone course integrating business concepts covered throughout the program.
• Course MUST be taken at the University of Nebraska–Lincoln and taken for a grade (not Pass/No Pass).

BCA-C 2 – BSAD 98 Senior Assessment
• A 0-credit-hour seminar required of ALL business graduating seniors.
• Taught via Canvas—all components must be completed to a satisfactory level to graduate.

Electives – Hours vary to meet 120 hour minimum to graduate
Electives round out the rest of the 120 hour curriculum. Students have the option to choose courses toward a second major, a dual degree, a minor (or two); or students can simply select courses of personal interest.

• Some hours may need to be additional business coursework (to meet the requirement that 60 hours of coursework be in business). This requirement will vary by major.
• There may be a need to enroll in an international business course requirement (IBCR) if not taken as part of the major or for the business elective(s) requirement.
• A minimum of 12 hours of 300/400 upper-level coursework beyond the business core is required for most majors to ensure depth is achieved through enrollment in elective hours. See 300/400-level Elective Requirement below for additional information.
• If not completed through the other area requirements, any remaining ACE requirements will need to be completed as required electives.
• In a 21-hour major (BCA-M), students will average 31 hours of elective credit; second major options and/or minors may be appropriate to consider for elective hours.

Other Requirements
International Business Course Requirement (IBCR)
• The international business course requirement (IBCR) broadens the student’s international perspective.
• Each student, excluding accounting majors, must include one course which emphasizes an international business perspective.
• Actuarial science majors are encouraged to take FINA 450 if they have not met this requirement with completion of NBR 6 – ACE 9 with ECON 321 or MNGT 414.
• The IBCR must be taken for a grade.

The course must be chosen from the following approved list of International Business Course Requirement (IBCR) courses. Many of these courses have prerequisites. Some are restricted for education abroad and others may only be offered once a year. Thus, students are advised to plan ahead in scheduling this requirement into their programs.

IBCR Courses
BSAD 491 International Studies in Business and Economics (1-15 hrs)
• Available only to students studying abroad for which there is no University of Nebraska–Lincoln equivalent course.
• Available also for the Senshu, Japan, CIMBA Italy, and for the China Education Abroad Programs.
• Senshu program students may apply 3 hours towards electives in the FINA, MNGT, or MRKT major; 6 hours are applicable for BSAD or IBUS major/minor.
• BSAD 491 credit from any other study abroad program should be based on course topics directly associated with a specific major in MNGT, MRKT, or FINA and may need department consent to be used in the major. Students should visit with an academic advisor for assistance.

BSAD 320 Global Issues
BSAD 420 Global Leadership and the Culture Map
ECON 321 (If not completed at this point, ECON 321 may double count for ACE 9.)
ECON 421 International Trade
ECON 422 International Finance
ECON 423 Economics of the Less Developed Countries
ECON 440 Regional Development
ECON 466 Pro-seminar in International Relations & ECON 467 Pro-seminar in International Relations II (Credit option for students participating in the Nebraska at Oxford Program.)
FINA 450 International Financial Management
MNST 414 (If not completed at this point, MNST 414 may double count for ACE 9.)
MRKT 491 International Studies in Business & Marketing
MRKT 453 International Marketing
SCMA 439 Global Sourcing and Distribution
SCMA 459 Global Information Systems

If planned carefully, the IBCR course may count in two places. It is not an extra 3 hours of credit, but rather, is 3 hours embedded within other requirements. If selected carefully, it can also count for 3 hours of credit in the major (i.e., MRKT 453 International Marketing counts for a MRKT elective in the MRKT major and also counts for the IBCR; FINA 450 International Financial Management counts for a FINA elective in the FINA major (general option) and fulfills the IBCR as well). On the other hand, if coursework for the major is already determined by personal choices or requirements, the IBCR may count in electives, and more specifically, for one of the ‘business’ electives needed for most majors. If not planned carefully this requirement may mean that the student will need to take an additional 3 hours of credit.

300/400 Upper-level Requirement
As part of the degree requirements, all students must complete a certain number of 300/400-level courses. Most of these courses will be completed in the Business Core but some majors will require additional hours from outside of the Business Core. With a “standard” 21-hour major, 12 additional hours will be required. Normally, if a major is larger than 21 hours, the number of additional upper-level courses is reduced. This requirement can be met by business or non-business coursework.

Business coursework from the Business Core Intermediate (BCI), Business Core Advanced-Major (FIRST Major) or Business Core Advanced-Capstone may NOT be used to fulfill this requirement with exceptions noted below:

- If more than 21 hours of coursework for the major are taken at the 300/400 level, and of those hours, coursework is not being double counted toward the NBR and major, then the additional 300/400-level hours can be used to fulfill the 300/400-level requirement. Students will need to consult their Degree Audit to determine how the requirements are applied.
- Business administration majors and business and law majors will complete a 24-hour major and only need to complete 9 upper-level hours.
- Finance majors will take between 24 and 27 hours for their major; consult the major section in this document or the Degree Audit to determine how many hours will double count for this requirement. This will depend on which option is selected for the major.
- Actuarial science majors, agribusiness majors, supply chain management majors, and Raikes students do not need to meet this requirement due to the additional hours at the 300/400 level required for the major/program.
- Business Core Advanced-Major coursework used for a SECOND major (if selected), or upper-level graded coursework selected for a minor, MAY count.
- Coursework that is part of the Non-business Requirement (NBR) taken at the 300/400 level may be double counted to fulfill this requirement, if it is not being used to double count for the first major.
- No course may be taken on a Pass/No Pass basis unless it is a business course numbered 395/398/399. Only 3 hours of 395/398/399 credit is allowed for this requirement.
- Students generally fulfill this requirement through their electives, but there may be a few upper-class students who may fulfill the requirement with the ACE course requirements.

Business Course/Business Elective Hours
At a minimum, 60 hours of business courses are required for the BSBA degree.

The required hours WILL VARY BY MAJOR, dependent on how requirements have been accepted and/or completed throughout the previous components of the program. While GENERAL MINIMUM guidelines by major are noted below, the Degree Audit will specify minimum business credit hour expectations for each student. Students will generally see this addressed under the ELECTIVE section (BUSINESS ELECTIVES) on the Degree Audit.

- Accounting, economics, management, and marketing majors – 3 hours of business electives.
- Business administration majors – no additional business coursework, as the major consists of 24 hours of business coursework.
- Actuarial science majors – no additional business coursework, as the major consists of 28 hours of business coursework.
- Finance majors – no additional business coursework, as the major consists of 24-27 hours of business coursework.
- Supply chain management majors – no additional business coursework, as the major consists of 33 hours of business coursework.
- Agribusiness, Business & Law, and Raikes majors – no additional business coursework required due to intent of major as being ‘business-related’ coursework.
- Additional hours may be required if there is a variation in hours for NBR, BCF, BCI or BCA, or if there is a violation of transfer limits, the 15 hour rule, etc.

Experiential Learning Requirement
All undergraduates in the College of Business must complete an Experiential Learning designated course or experience (which may include 0-credit courses designated to document co-curricular activities recognized as experiential learning) beginning with the 2022-23 Undergraduate Catalog.
Foreign Languages/Language Requirement
Other than meeting the minimum requirement for admission to the University, the College does not require any additional work in foreign languages, except for IBUS majors. IBUS majors must complete the equivalent of 8 hours of a foreign language while in college. However, students are encouraged to take language courses.

Minimum Hours Required for Graduation
A minimum of 120 semester hours of credit is required for graduation; more may be necessary if specific degree requirements have not yet been completed.

Grade Rules
C- and D Grades
While students may earn grades of C- or D, there are restrictions and recommendations for such grades and further enrollment options:

- A grade of C or higher is expected in prerequisite courses to enroll in ACCT courses.
- A grade of C or higher is required in FINA 361 in order to take most upper-level FINA courses.
- A grade of C or higher is required in other departmental higher-level sequencing courses (i.e., MATH 101 to take MATH 104, etc.). See course descriptions to determine enrollment restrictions.
- Minimum 2.5 cumulative GPA is required to enroll in many business courses, including ACCT 201, ACCT 202, BLAW 371, BLAW 372, ECON 215, FINA 361, MNGT 301, MNGT 475, MRKT 341, MRKT 350, SCMA 331, SCMA 350.
- Grades of C- or lower may be replaced in the calculation of GPA by retaking the course at the University of Nebraska–Lincoln or within the University system (UNK, UNO).
- Grades of C or better are required to transfer courses from outside of the University of Nebraska system.
- Academic bankruptcy options may be considered for students who have one or two semesters of poor performance.

Pass/No Pass
The Pass/No Pass option is designed for students who want to study areas or topics in which they may have minimum preparation. If used for this purpose, the option can enrich the student's academic experience in areas or topics in which they may have minimum preparation. If used for this purpose, the option can enrich the student's academic experience in areas or topics in which they may have minimum preparation. However, students are encouraged to take language courses.

Exceptions to the above rules are limited to the following and no other exceptions will be made.

- An independent study or an internship course (395, 398, 399) may be taken in the College of Business using the Pass/No Pass option with the permission of the instructor and the department chair, but College of Business students who qualify for this exception may use the independent study or an internship course (395, 398, 399) only as elective credit.
- Advanced Placement grades of P and Credit By Exam grades of P will be accepted to fulfill degree requirements. These hours will not count against the 6-hour-maximum hours permitted.
- Students who travel abroad and return with “credit” rather than grades from the institution where they studied may use P grades to fulfill degree requirements. These hours will not count against the 6-hour maximum number of hours permitted.

GPA Requirements
A 2.5 cumulative grade point average is required to apply for graduation, as well as a requirement for enrollment in ACCT 201 and ACCT 202, ECON 215, BLAW 371 and BLAW 372, FINA 361, SCMA 331, MNGT 301, MNGT 475, SCMA 350 or MRKT 350, and MRKT 341. Some upper-level courses in some majors will also require a 2.5 cumulative GPA. In some instances, a specific grade is required in certain courses to continue with upper-level coursework.

Transfer Credit Rules
For detailed information on transfer credit rules, see Transfer Credit Restrictions under Course Exclusions and Restrictions.

Residency
At least 30 of the last 36 hours of credit must be registered for and completed in residence at the University of Nebraska–Lincoln.

Students electing to study abroad in their final semester are exempted for the hours earned abroad, but no additional hours may be transferred in the last 36 hours. This exemption requires filing a written appeal in the Business Advising and Student Engagement Office (Hawks Hall 125).

ACE Requirements
All students must fulfill the Achievement-Centered Education (ACE) requirements. Information about the ACE program may be viewed at the Achievement-Centered Education website (https://ace.unl.edu/). MyRED may also be used to search for currently offered ACE classes.
ACE Achievement-Centered Education—Ten Courses (normally 30 hours)

This is the university’s innovative, outcomes-focused general education component designed to enhance the undergraduate experience by providing broad exposure to multiple disciplines, complementing the major, and helping students develop important reasoning, inquiry, and civic capacities.

Important rules to remember when selecting coursework to meet this requirement:

• There are 10 ACE Student Learning Outcomes (SLOs). At least one course, equivalent to 3 credit hours, must be taken for each of the 10 SLOs.
• Up to three ACE SLOs from ACE 4–10 may be satisfied by work in one subject area.
• ACE SLOs must be satisfied by work in at least three subject areas.
• No ACE course may satisfy more than one ACE SLO in a student’s program.
• If an ACE course addresses two ACE SLOs, the student decides which one of the two outcomes the course will satisfy in that student’s program. (The Degree Audit will make an automatic decision based on first course taken, first SLO needed.)
• As part of the College requirements of non-business and business courses, many courses will also work for ACE. Students should carefully review required coursework with ACE options to make the best use of courses to fulfill both degree requirements as well as University of Nebraska–Lincoln ACE requirements.

Catalog Rule

Students (including transfer students) must follow the Undergraduate Catalog in effect when they are admitted into the College of Business. Students who leave the College and return, or those applying for ‘readmission’ to the College, are subject to requirements in place at the time of their readmission to the College.

Students who have transferred from a community college may be eligible to fulfill the requirements as stated in the catalog for an academic year in which they were enrolled at the community college prior to attending the University of Nebraska-Lincoln. The College will determine eligibility in consultation with academic advisors, provided the student a) was enrolled in a community college during the catalog year they are utilizing, b) maintained continuous enrollment at the previous institution for 1 academic year or more, and c) continued enrollment at the University of Nebraska-Lincoln within 1 calendar year from their last term at the previous institution. Students must complete all degree requirements from a single catalog year and within the timeframe allowable for that catalog year.

Learning Outcomes

Graduates of international business will be able to:

1. Adapt a business function, such as economics, finance, management, marketing, and supply chain management in the international context.
2. Demonstrate how to lead effectively in global teams.
3. Integrate knowledge from multiple areas in making business decisions.
4. Identify stakeholders and consider their perspectives in an ethical fashion.
5. Demonstrate cultural awareness of at least one international location or region.
6. Recognize the variations in logical constructs arising from cultural differences.

Major Requirements

Core Requirements

Business Core Advanced—Major (BCA-M)

In addition to the College Degree Requirements, students will complete 27 hours of coursework for the major.

The five components of an international business major are:

1. **Complete 15 credit hours of business courses** selected from one of the following functional area options:
   - Business Administration (or General International Business)
   - Economics
   - Finance
   - Management
   - Marketing
   - Supply Chain Management

2. **Complete 12 hours of international business courses** from the specified list for the selected functional area option.
   - 3 hours with BSAD 420 Global Leadership and the Culture Map
   - 9 hours from the specified list for the chosen functional area option

3. **Global Immersion**: Complete a study abroad experience for a total of one full semester (at least 13 weeks). This requirement will show as BSAD 70 Global Immersion on student’s University of Nebraska–Lincoln transcript.

4. **Language Study**: Complete the equivalent of at least 8 credit hours of a foreign language, which may be completed during the study abroad experience. It is possible that the language coursework can be counted towards electives or left untranscripted. This requirement will show as BSAD 71 Language Study on a student’s University of Nebraska–Lincoln transcript.

5. **International Internship/Practicum**: Participate in an international internship/practicum experience, BSAD 72 International Internship/Practicum.
   - Internship must be pre-approved by the international business director.

As noted in the College Degree Requirements section, all coursework for the major must be taken for a grade. No coursework for this major may be double counted with any other business major or minor.

Specific Major Requirements

**A. Options**: To gain expertise in a functional area of business, IB majors must choose one option (General International Business, Economics, Management, Finance, Marketing, or Supply Chain Management) and must complete the required 15 credit hours for that option. Required courses for each option are shown below.

**B. International Business Courses**: IB majors must take at least 12 credit hours from the IB course list associated with the selected option, including a required 3-credit-hour integrated IB course (BSAD 420...
Global Leadership and the Culture Map, described below). Up to 6 credits of BSAD 491 International Studies in Business and Economics may be applied to the International Business Courses requirement. Students with interests in specific regions or countries should consider pursuing a regionally-focused minor (e.g., minor in African Studies or Asian Studies) and/or take BSAD 491 courses that focus in their region of interest (e.g., BSAD 491 for Doing Business in Nigeria or Doing Business in China) when offered.

C. **BSAD 420 is required for IB majors.** This course will connect functional areas to global contexts. The course will cover international management from a strategic perspective with an in-depth focus on cross-cultural dimensions among countries. This course is taught from an international perspective, not taught from the perspective of U.S. enterprises. This is an experiential course where students learn how to launch an international venture or project while developing cultural competency. The project is interdisciplinary and may draw from education, engineering, science, social science, and humanities and is set in a particular cultural context.

D. **IB students are required to complete a global immersion experience comprised of a semester abroad.** BSAD 70 Global Immersion. One semester abroad must be at least 13 weeks. This requirement may be met by multiple shorter study abroad experiences totaling 13 weeks. Students must submit a pre-approval form for BSAD 70 to the IB Program that outlines details and plans for their global immersion experience. This BSAD 70 requirement is fulfilled with zero credit hours and is therefore Pass/No Pass.

E. **Students must earn the equivalent of a minimum of 8 credit hours of foreign language credit.** BSAD 71 Language Study. For many College of Business-sponsored study abroad options, foreign language classes will be taught in the host country and the cost of the foreign language courses will be included in the study abroad program costs. Alternately, a student can complete a minimum of 8 credit hours of foreign language at Nebraska. BSAD 71 must be pre-approved by the IB director. This BSAD 71 requirement is fulfilled with zero credit hours and is therefore Pass/No Pass. International students are not allowed to use their native language to meet the foreign language requirement. International students may use English as their foreign language if English is not their native language by taking an equivalent of 8 credit hours of English language beyond their required English language courses. This additional language training must be aimed at improving written and/or spoken English proficiency. As such, the equivalencies may be a combination of credit or non-credit bearing courses, ESL courses, certificate programs, and/or structured conversational classes and programs. Equivalencies will be determined by assigning 1 credit hour to every 15 hours of language training. Training may be undertaken either at the University of Nebraska–Lincoln or at a different institution but should be pre-approved by the IB director whose office will maintain a list of suggested courses and programs.

F. **IB students are required to complete an international internship and/or practicum experience.** BSAD 72 International Internship/PRACTICUM. This internship/practicum may be a paid or non-paid project-based practicum or traditional internship and must be approved by the IB director. They must complete the pre-approval form outlining details of their internship, including learning objectives. Students may take the initiative in arranging the internship or seek help through the IB program or Career Services. This BSAD 72 requirement is fulfilled for zero credit hours and is therefore Pass/No Pass.

### Option Requirements

IB majors must declare one of these specializations as a formal option within their major. Specialization options are available in economics, management, finance, marketing, supply chain management, and general international business. Specific requirements for each specialization option and the associated international business courses are shown below.

#### I. IB with Economics as a Specialization Option

Students are advised to be strategic in taking their ACE courses. Take your courses to satisfy your general curiosity, to learn something about an area or a region where you want to or may do business, or to strengthen your global or functional strength.

**ACE 4 – Science**

Suggested courses that relate to current and future global business activities:

- ANTH 232 Introduction to Archaeology 3
- ASTR 103 Descriptive Astronomy 3
- ASTR 117 Life in the Universe 3
- GEOG 155 Elements of Physical Geography 4
- GEOL 100 Introduction to Geology 3
- GEOL 103 Earth Through Time 4
- GEOL 120 Geology of National Parks and Monuments 3
- METR 180 Climate Change, Energy, and the Environment 3
- NRES 108 Earth's Natural Resource Systems Laboratory 3
- GEOL 109 Oceanography 3
- POLS 250 Genetics, Brains, and Politics 3

For example, take ASTR 117 Life in the Universe to ponder upon how humans might work together to explore planets and “interplanetary” business; take ANTH 232 Introduction to Archaeology to learn how cities arose around the world; and take POLS 250 Genetics, Brains, and Politics to strengthen a functional area in management.

**ACE 5 – Humanities**

Take any course that piques your mind, relates to a region of interest, or strengthens your functional area.

For example, take ENGL 277/HIST 277 Being Human in a Digital Age to complement your interest in e-commerce or supply chain; take ENGL 311 Revolution and Romanticism if you are interested in doing business in Italy.

**ACE 7 – Study of Arts**

Take any course that piques your mind, relates to a region of interest, or strengthens your functional area.

For example, take ENGL 170 Beginning Creative Writing to complement a business writing interest or take MUSC 280/MUNM 280 World Music to learn about the music cultures of parts of Asia, Africa, and Europe.

**ACE 9 – Human Diversity and Global Awareness**

Several business international courses count for ACE 9 credit, or take any course that piques your mind, relates to a region of interest, or strengthens your functional area.

For example, consider COMM 311 Intercultural and Intergroup Communication to complement a business communication interest; take ETHN 203 Introduction to Africa if you are interested in doing business in Africa; or take MNGT 365 Managing Diversity in Organizations to better understand how to manage a diverse workforce.

**Electives**

See College Degree Requirements – Electives for additional options/ restrictions regarding elective credit for the degree.

**Additional Major Requirements**

**Prerequisite Requirements/Rules**

Enrollment in most upper-level business courses usually requires completion of an introductory course in that major area as well as other prerequisites. Refer to course descriptions early in the program to plan for completion of specific course prerequisites.

**Grade Rules**

C- and D Grades

Same as College grade rules.

Pass/No Pass

Same as College Pass/No Pass rules.

GPA Requirements

Same as College GPA requirements.

**Course Level Requirement**

Enrollment in language courses above the 101 level requires appropriate placement on the Modern Language Placement exam.

**Requirements for Minor Offered by Department**

Students interested in a minor related to international business should consider a minor in Global Leadership (https://business.unlv.edu/academic-programs/programs-and-degrees/international-business/global-leadership-minor/).

The global leadership minor from the College of Business is open to students from all colleges. International business majors are not eligible for this minor, because double counting of coursework between the major and the minor is not allowed.

The minor requires 12 hours of coursework. Three (3) of these hours are taken while studying abroad. None of the courses have prerequisites.

**Courses**

- **BSAD 320 Global Issues** – Learn about how world hunger, climate change, poverty, and other issues present opportunities for the global leader. (3 cr, available online in the spring and summer)
- **BSAD 420 Global Leadership and the Culture Map** – Learn to develop an international business plan in a project-based course and how culture shapes our choice of strategy. (3 cr, available online in the fall and summer)
- **MNGT 414 International Management** – Become a resonant leader by mastering emotional intelligence and how to lead change in the global context. (3 cr, fall and spring semesters)
- **BSAD 491 International Studies in Business and Economics** or another College of Business-approved course tied to a study abroad project or trip.

While not required, students should consider a minor in language and/or consider options in other departments related to the country of interest.
International Business

(i.e., history, political science, global studies, Asian studies, ethnic or European studies, Latin American studies, etc.).

• Refer to the College of Arts and Sciences’ minors for options and requirements which may complement the geographical area and/or language of interest.
• Those interested in pursuing a language minor may be able to double count NBR 4–Ace 5. Students will need to compare the requirements for their minor with the ACE course list to determine applicability.
• In any of these instances, credit hours count only ONCE; student still needs 120 hours for the degree.
• Be sure to distinguish the differences between the Plan A and Plan B minors (as Plan A requires completion of only ONE minor, while Plan B requires completion of an additional minor).

PLEASE NOTE
This document represents a sample 4-year plan for degree completion with this major. Actual course selection and sequence may vary and should be discussed individually with your college or department academic advisor. Advisors also can help you plan other experiences to enrich your undergraduate education such as internships, education abroad, undergraduate research, learning communities, and service learning and community-based learning.

International Business - General

International Business - Economics

International Business - Finance

International Business - Management

International Business - Marketing

International Business - Supply Chain Management

Career Information
