

NUTRITION & HEALTH SCIENCES: NUTRITION, EXERCISE & HEALTH SCIENCE OPTION

Description

The nutrition, exercise and health science option is designed for those students interested in planning, conducting, and managing health-related fitness and wellness programs in a variety of settings. Graduates are prepared to enter a variety of health/fitness/recreation-related positions such as: fitness/wellness programs provided by corporations for their employees; fitness, health assessment, and cardiac rehabilitation programs provided by hospitals or medical clinics; programs provided by YMCAs, private health clubs, and commercial fitness clubs; government or private agencies which provide health or fitness assessment or lifestyle behavior modification programs for employees or other groups of individuals; and community recreation centers and other health, fitness, or lifestyle-related endeavors. The nutrition, exercise and health science option provides an appropriate vehicle for premedical, pre-dental, prechiropractic, and prephysical therapy majors who may be able to obtain a degree in nutrition and simultaneously meet entrance requirements for a professional program.

Want to Become a Registered Dietitian Nutritionist?

Choosing a major in nutrition and health sciences: nutrition, exercise and health science is an excellent choice for students who want to become a Registered Dietitian Nutritionist (RDN). The courses completed in this option will provide a solid foundation for a career as a RDN. Completion of this option will allow the student to meet the prerequisites for application to the Future Education Model Graduate Program. The Future Education Model Graduate Program will provide the courses and experiences needed to allow the graduate to sit for the RDN exam and culminate with the graduate earning a masters degree. Information about the Future Education Model can be found on the Department of Nutrition and Health Sciences website.

College Requirements

College Admission

Students accepted by the University must have an ACT of 20 or SAT of 950, or rank in the upper half of their high school graduating class and have the following high school preparation to be eligible for guaranteed admission to the College of Education and Human Sciences:

- Four years of English that include intensive reading and writing experience.
- Two years of one foreign language.
- Four years of mathematics that include Algebra I, II, geometry, and one year that builds on a knowledge of algebra.
- Three years of natural sciences that include at least two years selected from biology, physics, chemistry, and earth science and one year of laboratory instruction.
- Three years of social studies that include at least one year of American and/or world history and one year of history, American government, and/or geography.

Transfer and Readmitted Students

Transfer students from universities or colleges outside of the University of Nebraska–Lincoln and readmitted students seeking admission to the College of Education and Human Sciences must have an accumulated average of 2.0 on a 4.0 scale or above and no high school deficiencies. Students who do not meet these requirements must enroll as deciding students in the Exploratory and Pre-Professional Advising Center or in another college. Once they have completed 12 graded hours at Nebraska with a minimum 2.0 grade point average and have removed any high school deficiencies, University of Nebraska–Lincoln students may apply for admission to the College.

Transfer and readmitted students must meet the graduation requirements for the College of Education and Human Sciences as stated in the current catalog in effect at the time they enter or reenter the College.

Students who left the College on probation, or who were dismissed, may seek readmission to the College after two semesters by applying to the university's Admissions Office. Readmission is not assured. However, the admissions committee is receptive to giving students a second opportunity to be successful. The committee is interested in knowing what the student has done in the intervening period that would suggest the student will be successful when readmitted. Successfully completing correspondence courses and/or community college courses is an effective way to demonstrate one's commitment to academic success.

Transferring from Other Colleges within the University of Nebraska–Lincoln

Students transferring to the College of Education and Human Sciences from another University of Nebraska–Lincoln college or from the Exploratory and Pre-Professional Advising Center must have a minimum cumulative GPA of 2.0, be in good academic standing, and meet the freshman entrance requirements that exist at the time of their admission to the College of Education and Human Sciences. **Students must fulfill degree requirements that exist at the time of their admission to the college, not at the time they enter the University of Nebraska–Lincoln.**

To remain current, College of Education and Human Sciences students must enroll in, and complete, at least one university course that will apply toward degree requirements during a 12-month period. Students who readmit following an absence of one year or more must meet all requirements in the Undergraduate Catalog in effect at the time of readmission and enrollment. Students who transfer to another University of Nebraska–Lincoln college and later return to the College of Education and Human Sciences will be considered readmitted students. Students who transfer out of a teacher education program, but continue their certification program while seeking a degree in another University of Nebraska–Lincoln college, are exempt from this policy.

International Students

The College of Education and Human Sciences welcomes undergraduate international students. As a part of admission to the College, international students must present a TOEFL score of 550 or higher and TSE score of 230 or higher.

Students seeking teacher education and state certification must meet the same requirements as any other undergraduate students, including the CORE examination or other basic skills test approved by the Nebraska Department of Education. Students who have received a degree outside of the United States and are interested in teacher certification are required to have a transcript review completed by an approved agency

not directly associated with the University of Nebraska. For more information, please contact the Student Services Center.

Removal of Deficiencies

Students admitted to the University with core deficiencies are expected to remove those deficiencies in a timely manner. Students with deficiencies are not eligible for graduation. The courses that students use to clear core deficiencies may also be used to meet ACE requirements or other graduation requirements. The Dean of the College of Education and Human Sciences will make the final decision concerning any problems or questions that may arise in satisfying requirements to remove deficiencies.

College Degree Requirements

Grade Rules

Minimum Grade Requirements

Grade requirements vary from major to major. Please see the appropriate major listing or check with your advisor regarding minimum grade requirements.

Pass/No Pass Option

CEHS students are allowed to take up to 12 hours of Pass/No Pass (P/N) credit. The college departments vary on P/N policies. Students should check with their advisor to be certain they qualify for the Pass/No Pass option.

Grade Appeals

Any student enrolled in a course in the College of Education and Human Sciences who wishes to appeal alleged unfair and prejudicial treatment by a faculty member shall present their appeal in writing to the Dean's Office no later than 30 days after notice of the student's final course grade has been mailed from campus.

Students may use and are encouraged to use the following sequential procedures to appeal the grade. The problem may be solved at any of the levels of the appeal procedure.

1. Contact the instructor. Frequently, the problems can be solved at this point.
2. Submit a request to the chair of the department.
3. Take the case to the departmental Grading Appeals Committee. The Committee is contacted by the department chair.
4. Take the case to the College Appeals, Retention and Certification Committee by contacting the Dean's Office.

The complaint will be forwarded to a committee consisting of faculty and student representatives. After a hearing, the Committee will make a written recommendation regarding the appeal. The Committee's recommendation is binding on the appealing student and faculty member.

Transfer Credit Rules

Acceptance of Transfer Grades

- Grades earned at the University of Nebraska–Lincoln, UNO, UNK
- Grades of D-, D, D+, and C- satisfy requirements in all programs in the College unless specified otherwise. Students who receive a grade of D-, D, D+, C-, however, are encouraged to retake the course.
- Grades earned outside the University of Nebraska system

The college will accept no more than 9 credit hours of grades less than a C from any program outside the University of Nebraska system. Grades

below a C can only be applied to general education requirements and elective classes.

Maximum Number of Hours for Transfer

Transfer courses are evaluated by the University and by the College to determine University of Nebraska–Lincoln and College course equivalencies. The College determines which courses will be accepted and how they will apply toward degree requirements. Sixty (60) is the maximum number of hours that will be accepted on transfer from a two-year college. Ninety (90) is the maximum number of hours that will be accepted on transfer from accredited four-year colleges and universities.

Courses taken 10 years before admission or readmission to the College will be evaluated by the major department to determine if it is appropriate to accept those courses for transfer credit and for application to degree requirements. Specific courses will be reviewed in keeping with the guidelines specified by each department.

Transfer Credit from Technical, Non-Accredited and Foreign Institutions

Students who desire to transfer from these institutions must have each course evaluated by the appropriate departmental representative. All rules stated above in reference to grades and maximum credit hours apply. For additional information and guidance in this process, contact the Dean's Office.

Transfer Agreements with UNO and UNK

Transfer agreements between the three institutions within the University System allow for a smooth transition for students interested in taking courses from UNO, UNK, and/or the University of Nebraska–Lincoln. Although restrictions noted above on grades and maximum transfer hours still apply, there are some exceptions. For purposes of residency, courses from UNO and UNK fulfill these requirements. Students planning to major in a program in the college should read the specific requirements noted with individual programs. Questions about academic transfer should be addressed to the Advising Office.

Transfer Agreements with Community Colleges

Articulation agreements and "Transfer with Ease Programs" with Nebraska community colleges indicate how courses and programs will transfer to the University of Nebraska–Lincoln and the College of Education and Human Sciences. The same guidelines noted above on the acceptance of courses, grades, and hours also apply to these institutions. Students interested in transferring from a community college should consult with their school or the Student Services Center to determine which courses will transfer to fulfill specific College of Education and Human Sciences requirements.

Courses from accredited two-year institutions will generally not be substituted for 400-level human sciences classes in the College. The 300-level courses will be considered on an individual basis by the respective departments in the College of Education and Human Sciences.

Courses taken prior to course articulation agreements will be accepted contingent upon departmental validation of the credit.

Residency Rules

Students must earn a minimum of 120 credit hours to earn a degree.

All students are expected to complete at least 30 of their final 36 hours of credit at the University of Nebraska–Lincoln.

Degree Application Process

Graduation Requirements

Students are expected to develop a clear understanding of degree requirements and to plan their course of study with a College advisor. Students requiring clarification of outstanding degree requirements should visit with a College advisor promptly.

Students should access their Degree Audit via MyRED at least once each term to review degree requirements and progress toward graduation. It is the student's responsibility to make sure their Degree Audit accurately reflects their current College and program of study.

Students who believe their Degree Audit has errors or omissions should visit with a College advisor promptly. It is important that you resolve these matters as soon as practicable to avoid a delay in graduation.

Each student with MyRED access must submit an online Application for Graduation via MyRED for each degree to be received by:

- The fourth Friday in January for May graduation
- The second Friday in June for August graduation
- The second Friday in September for December graduation

Students submitting an electronic Application for Graduation via MyRED will be billed a \$25.00 per degree fee on their student account. Students without MyRED access may apply for graduation **in person at Husker Hub in the Canfield Administration Building**, or by mail. Applications for graduation submitted in person or by mail must be accompanied by a check or money order in the amount of \$25.00 payable to the University of Nebraska–Lincoln. Failure to submit a timely Application for Graduation may preclude the awarding of a degree in the intended term.

Your Application for Graduation and required \$25.00 fee are good only for the term marked on your application. Neither your application nor your fee are transferrable to another term. If you submit an Application for Graduation and pay the \$25.00 fee for a specified term but do not complete your degree requirements in that term, you will need to reapply to graduate in a future term and incur another \$25.00 fee.

Commencement ceremony information will be emailed to all degree applicants approximately one month before graduation. Each student who has applied for graduation must submit an online Commencement Attendance Form via MyRED, which will be available when the informational email is distributed.

Only those students who have applied for graduation, had the application accepted, and fulfilled all degree requirements as of the last day of the academic term may participate in the commencement ceremony for that term. Because the University of Nebraska–Lincoln has a commencement for each term, ceremony participation is allowed only in the term during which the student has properly and timely applied for graduation and fulfilled degree requirements.

Catalog Rule

Students are responsible for following the rules, policies, and requirements found in the University of Nebraska–Lincoln Undergraduate Catalog for the academic year in which they were last admitted to a program in the College of Education and Human Sciences. Students must complete all program requirements from a single catalog year. In consultation with their advisor, a student may choose to move to and follow a subsequent catalog if it is in their best interest.

Learning Outcomes

Graduates of nutrition, exercise and health science will be able to:

1. Understand and apply physiological and mechanical concepts to exercise.
2. Understand and apply nutrient function and food concepts to healthy living.
3. Apply behavior modification theories and models to promote healthy living.
4. Develop competent knowledge and skills for health professional schools.
5. Find and interpret evidence-based literature.

¹ A grade of C or above is required.

ACE Requirements

All University of Nebraska–Lincoln students will be required to complete a minimum of 3 hours of approved coursework in each of the 10 designated Achievement-Centered Education (ACE) student learning outcome areas. These can be viewed at <http://ace.unl.edu>. Students will be provided a list of classes they can select from to meet each of the 10 ACE Student Learning Outcomes (SLO). There may be required courses within an education endorsement program that will also satisfy ACE requirements. Therefore, it is highly recommended that students contact their advisor prior to registering for ACE classes in order to insure that each of the class selections are in the best interest of the students' academic program.

Additional Major Requirements

Grade Rules

C- and D Grades

Only grades of C or above will count toward graduation requirements for NUTR courses. A grade of C or higher is required for BIOS 214.

Grades Earned at UNL, UNO, UNK

Grades of D-, D, D+, and C- satisfy requirements of the programs in human sciences unless specified otherwise under the Programs and Departments section of the catalog. Students who receive a grade of D-,

D, D+, or C-, however, are encouraged to retake the course, particularly if it is in the major area.

Grades Earned Outside UN System

Up to 9 hours of grades below C (C-, D+, D, D-) from other academic institutions can only be applied to general education requirements and elective classes.

Pass/No Pass

All courses specified by course and number must be taken for a grade.

The Pass/No Pass (P/N) option is designed for students who want to study elective areas or topics when they may have minimum preparation. If used for this purpose, the option can enrich the student's academic experience without lowering the student's grade point average. Free electives may be taken P/N. Students can earn no more than 12 hours of Pass credit, excluding courses offered on a Pass/No Pass-only basis. Not all classes can be taken under the Pass/No Pass option. All courses, specified by course and number, must be taken for a grade. Should a student have earned a P in one of the courses prior to starting the option, the P will be reviewed by the appropriate department.

NUTR 100 Healthy Living

Description: Various risk factors and personal behaviors that affect health. Practical methods for self-assessments and improving and maintaining physically active and healthy eating habits designed to enhance awareness of short- and long-term risks and to achieve a higher level of wellness. Use of "Blackboard" required.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

Prerequisite for: FITN 112B; NUTR 252; NUTR 256; NUTR 356; NUTR 454

NUTR 131 The Science of Food

Crosslisted with: CHEM 131, FDST 131

Description: General scientific concepts in biology, chemistry, and physics using food as a model. What food is from both chemical and nutritional perspectives, and the fate of food from when it leaves the farm to when it becomes a part of the individual. Assists students in making intelligent decisions about many food related controversial issues (e.g., food irradiation, food additives, health foods).

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

Prerequisite for: FDST 205

ACE: ACE 4 Science

NUTR 150 Career Preparation in Nutrition and Health Sciences

Description: Process of career preparation and planning. Philosophy and goals of academic programs, curricula, certifications, career opportunities and graduate programs in the Department of Nutrition and Health Sciences.

Credit Hours: 2

Max credits per semester: 2

Max credits per degree: 2

Grading Option: Pass No Pass

NUTR 205 Asian Martial Culture

Description: Theoretical and experiential analysis of the martial arts of Asia from historical, anthropological, educational, philosophical, cultural, religious, political, and sociological perspectives and their impact on contemporary Asian and global society.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

NUTR 213 Meat Specifications and Procurement

Crosslisted with: ASCI 213

Notes: For those students who have an interest in a career in Culinary Science, Meat Science, and/or Dietetics.

Description: Selecting and purchasing meat for the hotel, restaurant, institutional industry, and the retail markets.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

Prerequisite for: ASCI 343, NUTR 343

NUTR 230 Peer Health Education

Prerequisites: Permission

Notes: Requires serving as a Wellness Advocate in the University living units to gain experience in utilizing the information learned.

Description: The role of Wellness Advocate in the promotion of the health and wellness needs of college students. Techniques for promoting the adoption of lifestyle choices for lifelong health and well being.

Credit Hours: 1-2

Min credits per semester: 1

Max credits per semester: 2

Max credits per degree: 2

Grading Option: Graded with Option

NUTR 244 Scientific Principles of Food Preparation

Prerequisites: Sophomore standing; FACS or HRTM or NUTR major

Description: Chemical, physical, sensory, and nutritional principles of food preparation.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

Prerequisite for: NUTR 371

NUTR 245 Scientific Principles of Food Preparation Laboratory

Prerequisites: Must enroll in both NUTR 244 (lecture) and NUTR 245 (lab)

Description: Application of chemical, physical, sensory, and nutritional principles of food preparation.

Credit Hours: 1

Max credits per semester: 1

Max credits per degree: 1

Grading Option: Graded with Option

Prerequisite for: NUTR 371

NUTR 250 Human Nutrition and Metabolism

Prerequisites: 4 hours chemistry or biological sciences

Description: Introduction to nutrient function in the body, nutrient chemistry and energy metabolism. Role of nutrients in health and disease.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

Prerequisite for: NUTR 251; NUTR 302; NUTR 344; NUTR 355; NUTR 356; NUTR 400

NUTR 251 Nutrition Through the Life Cycle

Prerequisites: NUTR 250.

Description: Influence of normal physiological stress on nutritional requirements throughout the life cycle: pregnancy, lactation, growth, and aging.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

Prerequisite for: NUTR 356

NUTR 252 Nutrient and Fitness Assessment

Prerequisites: NUTR 100, NUTR majors only

Description: Introduction to and practical application of tools frequently used to estimate fitness levels and dietary intake; association among physical activity, nutrition, and health; health screening and risk classification; principles of assessment and various assessment strategies.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded

NUTR 253 Cultural Aspects of Food and Nutrition

Description: The influences of culture on food and nutrition practices.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

ACE: ACE 9 Global/Diversity

NUTR 255 Special Topics in Health

Prerequisites: NUTR 201.

Description: Series of minicourses devoted to specific content areas of health.

Credit Hours: 2

Max credits per semester: 2

Max credits per degree: 2

Grading Option: Graded with Option

NUTR 256 Addressing Health Disparities through Health Literacy

Prerequisites: NUTR 100

Description: Understanding of health disparities existing at national and local levels through a social justice lens and the role of health literate communication in reducing health disparities, as well as its limitations.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded

Assessment of community needs and services; policy formation; techniques for developing and delivering theory-based nutrition education.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**NUTR 370 Food Production Management****Description:** Application of food production and purchasing principles in foodservice management.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option

NUTR 371 Applied Food Production Laboratory

Prerequisites: NUTR 244 and 245.

Description: Application of theoretical knowledge and quality assessment is provided in university or community laboratory setting.

Credit Hours: 1

Max credits per semester: 1

Max credits per degree: 1

Grading Option: Graded with Option

NUTR 372 Food Safety and Sanitation

Crosslisted with: FDST 372

Prerequisites: One course in chemistry and one course in biological sciences.

Description: Various factors that result in food illness: food allergy, natural toxins, parasites, microbial and viral food borne infections and food borne intoxications. Students will assess hazards, identify critical control points and establish monitoring and system verification procedures.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

NUTR 384 Biomechanics of Human Movement

Prerequisites: Junior standing; BIOS 214

Description: Anatomical and mechanical principles as related to human movement.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

NUTR 399 Independent Study

Prerequisites: Permission.

Credit Hours: 1-6

Min credits per semester: 1

Max credits per semester: 6

Max credits per degree: 6

Grading Option: Pass No Pass

NUTR 400 Planning and Implementation of Health Promotion Programs

Prerequisites: NUTR 250 and junior standing

Description: Theory-based process of developing health promotion/education programs. Principles of planning, implementing and evaluating health education interventions will be taught using evidence-based research.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded

Offered: FALL/SPR

Prerequisite for: NUTR 404; NUTR 487

NUTR 401 Health Behavior

Prerequisites: Junior standing.

Description: Social, psychological, and cultural factors that influence the adoption, maintenance, and modification of health behaviors in communities.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

NUTR 404 Evaluation and Research Related to Health Promotion

Prerequisites: NUTR 400

Description: Introduction to research, study designs, and data collection methods in health and behavior-change related studies, including exercise, nutrition, and health education. Emphasis on understanding research literature and development of research/grant proposals.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded

Prerequisite for: NUTR 406

ACE: ACE 10 Integrated Product

NUTR 406 Management and Administration of Health Promotion Programs

Prerequisites: NUTR 404

Description: Overview of systems approach to the management of resources needed to plan, implement, and evaluate a health education/promotion program including financial, human, curricula, and physical resources. Qualities of effective leadership will be explored and evaluated.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded

Prerequisite for: NUTR 408

NUTR 407 Principles of Epidemiology for Nutrition and Public Health

Crosslisted with: NUTR 807

Prerequisites: NUTR 250 and 3 cr hrs Statistics

Description: Application of basic concepts of epidemiology to nutrition and public health to include epidemiological research design, estimating outcome measures and determining cause and effect and effectiveness of interventions to prevent and treat disease.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded

NUTR 408 Community Health Advocacy

Prerequisites: NUTR 406

Description: Health policy and law in the United States. Development of health advocacy skills through engagement with local community health organizations and decision-makers.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded

NUTR 429A Food Security: A Global Perspective

Crosslisted with: ANTH 429A, ANTH 829A, AGRO 429A, AGRO 829A, HORT 429A, HORT 829A, NRES 429A, NRES 829A, NUTR 829A

Prerequisites: Junior standing

Description: Overview of the technical and sociocultural dimensions of global food insecurity.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

NUTR 430 Nutritional Anthropology**Crosslisted with:** ANTH 430, ANTH 830, NUTR 830**Prerequisites:** ANTH 242 or equivalent.**Description:** Anthropological approaches to the study of nutrition. Background to nutrition science; bio-cultural aspects of obesity, fertility, lactose intolerance, and infant feeding practices; biological differences in nutritional requirements, fertility, and mortality; interpretation of nutritional deficiencies in skeletal remains; reconstructing prehistoric diets from archaeological evidence; and evaluation of relationships between dietary patterns and dental remains in fossil record.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**Groups:** Biological Anthropology**NUTR 441 Functional Properties of Food****Crosslisted with:** FDST 441, FDST 841, NUTR 841**Prerequisites:** NUTR 245 and BIOC 401; or FDST 448.**Description:** Relationship of structure and functionality of ingredients in food systems.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**Prerequisite for:** NUTR 449**NUTR 445 Experimental Foods****Crosslisted with:** FDST 445, FDST 845, NUTR 845**Prerequisites:** NUTR 244 and 245; BIOC 401.**Description:** Introduction to food research. Application of research techniques to selected problems.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**Prerequisite for:** NUTR 449**NUTR 449 Culinology Research Experience****Prerequisites:** Senior standing; NUTR 441 or 445 or FDST 448; Culinology major.**Description:** Supervised individual professional Culinology research experience in product development.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Pass No Pass**NUTR 450 Medical Nutrition Therapy I****Prerequisites:** BIOC 401 and 401L, or BIOC/BIOS/CHEM 431; BIOS 213 or ASCI 240.**Description:** Nutrition assessment, nutrition support, documentation of nutrition services and medical terminology.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**Prerequisite for:** NUTR 452**NUTR 452 Medical Nutrition Therapy II****Prerequisites:** NUTR 450**Description:** Nutrition in the disease state. Physiological and biochemical basis of medical nutrition therapy.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**Prerequisite for:** NUTR 452L**ACE:** ACE 10 Integrated Product**NUTR 452L Medical Nutrition Therapy II Laboratory****Prerequisites:** For Dietetics option: NUTR 452 or parallel.**Description:** Application of nutrition care process.**Credit Hours:** 1**Max credits per semester:** 1**Max credits per degree:** 1**Grading Option:** Graded with Option**ACE:** ACE 10 Integrated Product**NUTR 453 Nutrition and Fitness Communication Strategies****Prerequisites:** NUTR 344**Description:** Application of behavior change and counseling theories to individual clients. Data assessment and interpretation, and developing goals and/or outcomes to facilitate health behavior changes.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**Prerequisite for:** NUTR 488**NUTR 454 Peer Nutrition Education****Prerequisites:** Junior standing; COMM 109; NUTR 100.**Description:** Practical experience in developing skills in nutrition for health promotion and nutrition education.**Credit Hours:** 2**Max credits per semester:** 2**Max credits per degree:** 2**Grading Option:** Graded with Option**NUTR 455 Advanced Nutrition****Prerequisites:** BIOC 401 and 401L, or BIOC/BIOS/CHEM 431; BIOS 213 or ASCI 240, or parallel.**Description:** Biochemical and physiological aspects of human nutrition. Nutrient transport, storage and utilization under various metabolic states and relationships to the development of chronic diseases.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**Prerequisite for:** NUTR 492**ACE:** ACE 10 Integrated Product**NUTR 456 Clinical Exercise Physiology****Crosslisted with:** NUTR 856**Prerequisites:** NUTR 486/886 or equivalent.**Description:** Cardiovascular, pulmonary, metabolic, pharmacologic, endocrinologic, renal, neurologic, inflammatory, and orthopedic aspects of clinical exercise physiology as they relate to exercise testing and programming.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded with Option**Offered:** FALL/SPR

NUTR 457 Classroom and Outreach Experiences in Food and Nutrition

Description: Supervised classroom or outreach experiences in educational or community settings.

Credit Hours: 1-3

Min credits per semester: 1

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

Crosslisted with: NUTR 873

Prerequisites: NUTR 370.

Description: Organizational, administrative, and human relations concepts to foodservice. Utilization of computer applications in administration of a foodservice facility.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

Prerequisite for: NUTR 973

NUTR 480 Introduction to Functional Electrocardiography

Crosslisted with: NUTR 880

Prerequisites: NUTR 486; NUTR/BIOS 484.

Description: Theory and application of electrocardiography in graded exercise testing.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

NUTR 484 Physiology of Exercise

Crosslisted with: NUTR 884

Prerequisites: BIOS 213 or equivalent.

Description: Effects of physical activity on the circulatory, respiratory, and other physiological processes.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded

Prerequisite for: NUTR 486, NUTR 886; NUTR 858

NUTR 486 Exercise Testing and Exercise Programming in Adult Fitness and Cardiac Rehabilitation

Crosslisted with: NUTR 886

Prerequisites: NUTR/BIOS 484/884; EDPS 459/859 or STAT 218

Description: In-depth analysis and development of the techniques and knowledge prerequisite for certification in adult fitness and cardiac rehabilitation as prescribed by the American College of Sports Medicine.

Credit Hours: 4

Max credits per semester: 4

Max credits per degree: 4

Grading Option: Graded

Prerequisite for: NUTR 456, NUTR 856; NUTR 488

NUTR 487 Community Health and Wellness Practicum

Prerequisites: NUTR 400. Community Health and Wellness majors only.

Notes: Background check will be required.

Description: Application of health education concepts and skills in a practical setting while serving as a health education resource person.

Credit Hours: 4

Max credits per semester: 4

Max credits per degree: 4

Grading Option: Graded

NUTR 488 Practicum in Exercise and Health Behavior Planning

Prerequisites: NUTR 453 and 486/886

Description: Practical experience in exercise testing and analysis and planning of health and fitness programs for individuals.

Credit Hours: 3

Max credits per semester: 3

Max credits per degree: 3

Grading Option: Graded with Option

ACE: ACE 10 Integrated Product

NUTR 490 Professional Preparation for Careers in Dietetics

Prerequisites: Senior standing.

Description: Professional requirements in order to become a registered dietitian. Types of supervised practice experiences available and assistance in application process. Career options, professional organizations, and current issues in the dietetic profession.

Credit Hours: 1

Max credits per semester: 1

Max credits per degree: 1

Grading Option: Pass No Pass

NUTR 492 Nutrition Problems

Prerequisites: NUTR 455 or equivalent, and permission.

Description: Individual problems may be selected from diet therapy, animal feeding, metabolism studies, or surveys.

Credit Hours: 1-6

Min credits per semester: 1

Max credits per semester: 6

Max credits per degree: 6

Grading Option: Graded with Option

NUTR 493 Workshop Seminar**Credit Hours:** 1-12**Min credits per semester:** 1**Max credits per semester:** 12**Max credits per degree:** 12**Grading Option:** Graded with Option**NUTR 494 Essentials of Strength Training & Conditioning****Crosslisted with:** NUTR 894**Prerequisites:** Junior Standing**Description:** Overview of the scientific principles and practical applications of strength and conditioning that integrate physiological responses, adaptations, testing, exercise techniques, program design, and periodization for athletic performance.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded**NUTR 496 Independent Study****Crosslisted with:** NUTR 896**Prerequisites:** 12 hrs in major related areas; permission.**Notes:** Supervised and evaluated by departmental faculty members.**Description:** Individual projects in research, literature review, or creative production.**Credit Hours:** 1-5**Min credits per semester:** 1**Max credits per semester:** 5**Max credits per degree:** 5**Grading Option:** Graded with Option**NUTR 497Z Student Teaching Multicultural****Crosslisted with:** TEAC 497Z, SPED 497Z**Description:** Supervised teaching experiences in schools. Accompanying seminar focuses on: teacher certification, teacher and student rights and responsibilities, proper conduct of teachers, selected legal aspects of education, methods of communicating with parents and community members, and current issues which impact education.**Credit Hours:** 1**Max credits per semester:** 1**Max credits per degree:** 1**Grading Option:** Pass No Pass**NUTR 498 Research Experiences****Prerequisites:** Senior standing and permission.**Description:** Participation in an ongoing research project. Select from foods, human nutrition education, small animal, or survey research areas.**Credit Hours:** 1-5**Min credits per semester:** 1**Max credits per semester:** 5**Max credits per degree:** 5**Grading Option:** Graded with Option**NUTR 498B Global Research Experiences in Nutrition and Health****Crosslisted with:** GLST 498B**Notes:** Self-paced course. Can result in publication. Suitable for domestic and international research experiences.**Description:** Structuring a global research experience while strengthening research and science communication skills and enhancing global competency and awareness.**Credit Hours:** 1-6**Min credits per semester:** 1**Max credits per semester:** 6**Max credits per degree:** 6**Grading Option:** Graded**NUTR 499H Honors Thesis****Prerequisites:** Good standing in the University Honors Program or by invitation.**Description:** Conduct a scholarly research project and write a University Honors Program or undergraduate thesis.**Credit Hours:** 3**Max credits per semester:** 3**Max credits per degree:** 3**Grading Option:** Graded**PLEASE NOTE**

This document represents a sample 4-year plan for degree completion with this major. Actual course selection and sequence may vary and should be discussed individually with your college or department academic advisor. Advisors also can help you plan other experiences to enrich your undergraduate education such as internships, education abroad, undergraduate research, learning communities, and service learning and community-based learning.
